

Norfolk Public Schools
Norfolk, Nebraska
August 2023

Dear Students, Parents, and Guardians:

The Norfolk Public Schools’ staff is excited to partner with you throughout the 2023-2024 school year to maintain a positive educational environment that is focused on student learning. Our vision is to be a top-performing school that provides outstanding educational opportunities for every student and is a source of pride and an asset to our community.

This handbook contains information that is important for us to meet that vision. It is intended to serve as a guide to our schools. Although it contains detailed information on many topics, it is not intended to be all-encompassing. It does not cover every situation and circumstance that may arise during the school year, and it does not create a “contract.” The administration reserves the right to make decisions and rule revisions when necessary to implement the educational program and to assure the well-being of our students.

Thank you, in advance, for partnering with us, as we strive to be a top-performing school that provides outstanding educational opportunities for every student. We look forward to a very successful year, focused on student learning.

Please return the attached Acknowledgement Sheet for our files. If you have any questions regarding the attached material, please feel free to contact a building administrator or the Director of Student Services.

Sincerely,
Dr. Jami Jo Thompson
Superintendent of Schools

Please sign and return this form to the main office upon receipt of the handbook.

STUDENTS' ELIGIBILITY FOR GRADES 7 AND 8

If a student is failing **one course at the end of a grading period**, the student will be allowed to continue to participate in practices and scheduled events. The coach or sponsor is expected to meet with the student individually and discuss the failing grade. The coach will encourage the student to work with his/her instructor to improve the grade.

If a student is failing **two courses at the end of a grading period**, the student will be allowed to continue to participate in practices, but will be held out of scheduled events. The coach or sponsor is expected to meet with the student individually and discuss the failing grades. The coach will encourage the student to work with his/her instructors to improve the grades. ***Students with two failing grades will not be dismissed early with the team for early dismissal events.*

If a student is failing **three courses at the end of a grading period**, the student will not be allowed to continue participation in practices or scheduled events. The coach or sponsor is expected to meet with the student individually and discuss the failing grades. The coach will encourage the student to work with his/her instructors to improve the grades. ***Students with three failing grades will not be dismissed early with the team for early dismissal events.*

If a student is failing **four courses at the end of a grading period**, the student will be removed from the activity.

** Eligibility will be determined at the end of each grading period and will reflect the student's overall **semester grade** at that point.

APPEAL PROCESS

Students who are ineligible at the end of a grading period and wish to become eligible before the end of next grading period may appeal to the Activities Director for reinstatement. The Appeal Process is as follows:

- Appeals may be granted on a **one time only basis annually**. For example: If a student applies for and is awarded an appeal for football in the fall, the student is not eligible for an appeal the rest of the year.
- Appeals may be made by the student-athlete or parent. Student-athletes or parents may notify the Activities Director of their intent to use the appeal via face to face conversation, email, or phone call.
- Appeals must be made at least **1 Day prior** to the next scheduled competition.
- The Activities Director reserves the right to grant appeals the day of competition for extenuating circumstances. Those will be handled on a case by case basis.
- The Activities Director will notify the student-athlete, parent, and coach if a successful appeal is made and the student-athlete is now immediately eligible.
- The student is expected to meet all required criteria contained within the appeal plan.

**The following activities fall under the eligibility guidelines: All male and female athletics, Quiz Bowl, Student Council, and Show Choir. Head coaches may enforce more rigorous academic requirements subject to administration approval. These will be communicated to the athletes and parents at the beginning of the season.

Appeals may be granted on a **one time only basis annually**. For example: If a student applies for and is awarded an appeal for

Eligibility Dates

Ineligible students will be determined by the Activities Director at the end of each grading period. Head coaches and sponsors will be notified by the Activities Director or Administration regarding ineligible students by the Wednesday following the distribution of grades during each grading period.

**Students eligibility will start over at the beginning of each school year, thus second semester's grades will not be used.

EXTRA-CURRICULAR ACTIVITY PARTICIPATION

Students must attend the ½ day (or ½ of their assigned courses) *immediately prior* to participating in any school activity (practice or performance). When in doubt, consult with the school Activities Director regarding eligibility. Extraordinary circumstances may be considered on a case by case basis.

ACTIVITY INVOLVEMENT/ DISCIPLINARY ACTION

Students who are serving in-school suspensions or out-of-school suspensions will not be eligible to participate or practice in any school-sponsored games, activities, or performances during the term of their suspension. For example, a student who is serving a three-day suspension, Monday through Wednesday, would not be eligible to participate in a game or performance until Thursday. Similarly, a student serving a suspension in which a weekend falls would not be eligible until the day after the final day of the suspension. Example: a student serving a three- day in-school suspension, Friday through Tuesday, would not be eligible to participate in games or performances until Wednesday. Students who are serving out-of-school suspensions may not be on any Norfolk Public Schools property or attend any school-sponsored activities (home or away) during the term of their suspensions.

Additionally, students may not travel with the team, get out early for out-of-town activities, or attend contests during the course of their suspensions.

DANCES (SCHOOL- SPONSORED)

Listed below are the guidelines and expectations for dances held at the Junior High and sponsored by the school:

- Students attending the dance must have their school identification card with them in order to enter the dance. Students without an ID card will not be admitted to the dance.
- Prior to entering the dance, all students must submit to an alcohol breath test. Students who test positive will not be allowed to enter and parents and the police will be contacted.
- Re-entry to the dance will not be allowed. Once a student or a guest leaves the dance, the student or guest will not be allowed to return.
- After the first hour of the dance, students will not be allowed to enter the dance unless prior permission has been granted by administration.
- NJHS administration reserves the right to remove anyone from the dance who behaves or dances in an inappropriate manner.
- Students are reminded to wear school appropriate clothes to dances.
- Students wearing inappropriate attire will be asked to change. Failure to comply will result in the student being asked to leave the dance.
- Students asked to leave the dance by administration or staff will not have their money refunded.
- Students are not allowed to bring guests, unless it has been specifically stated prior to the event.

PHYSICALS

Any student participating in a school-sponsored sport must have a physical prior to practice or participation in a practice session. These forms are available in the school office. Sports physicals may be done no earlier than May 1st of the previous spring.

TRANSPORTATION GUIDELINES

Norfolk Public Schools will provide transportation for all students involved in activities which require transportation. Students are required to travel together as a team (or group) both to and from the activity. This provides a safe and secure process for all students. (Board Policy 5506) **In rare situations, a parent/guardian may request, in writing, to take their child either to or from the scheduled activity. This will only be allowed by giving the head coach/sponsor 24 hours notice.** The head coach/sponsor will seek administrative approval before granting this request.

ATTENDANCE**PROCEDURE FOR REPORTING ABSENCES**

Parents should call the school office **644-2516** before 10:00 a.m. **on the day of the absence.** Students will be considered truant if their absence is not reported to the office within 24 hours. Please refer to Norfolk Junior High School **Code of Conduct**, Sections 113 & 114 for information on disciplinary actions for truancy. When contacting school, please give the following information:

- name of the student
- grade level of the student
- reason for the absence
- name, phone number, and relationship (to the student) of person making the call

**** Notes will be accepted only from parents who do not have access to a phone.**

EXCESSIVE ABSENCES

Parents will be notified by mail when their student has five, 10, 15 and 20 absences from any class during the school year. On the 10th and 15th absence a meeting will be requested to go over an attendance improvement plan. On the 20th absence a letter will be sent to the Madison County Attorney's office.

It shall be the procedure of the building administrator to report to the Director of Student Services and to parent/guardians, any student enrolled in the district for excessive absenteeism on the part of such student. For purposes of this procedure, such reporting shall not be required of any student who is at least 18 years of age at the time excessive absenteeism occurs. The term "excessive absenteeism," as used herein, shall mean verified and unexcused absences exceeding five days per quarter or the hourly equivalent, or when the number of verified and unexcused absences exceeds 20 days cumulatively per year or the hourly equivalent.

Administrative personnel will investigate factors involved in any case of excessive absenteeism. In the event that the administrative team determines that such absences are not justified, they may determine such students to be truant. All required procedures of the Norfolk Public School Truancy Policy should then be followed. This may be true even if some or all of the student's absences have been excused by the student's parents/guardians, and the building Principal determines such excessive absences are detrimental to the student's educational performance. Specific procedures and consequences for students reported for either excessive absences or trancies are listed in the student handbook for each building.

ENTERING THE BUILDING

The school building will be open for scheduled and sponsored activities at 7:30 a.m. Students arriving at this time must be under the direction and supervision of the sponsor for the activity. *Students who are not in scheduled activities may enter the building at 7:40 a.m.* Once students are in the building, they are not to leave unless they have permission from an NJHS staff member.

Student Breakfast:

The junior high will serve breakfast in the morning. Students who want to eat our school breakfast will be able to enter the building **beginning at 7:30 a.m.** Breakfast will be served from **7:30 – 7:50 a.m.** each school day. Students should enter the building from the sixth street side of the facility near the industrial technology rooms (Door # 8). Students riding the bus will be able to eat breakfast when they arrive.

Before school and students entering the building in the morning:

- If students need to do makeup work, attend special events, or see a teacher before school, they should have a pass stating the location and time of the activity and the name of the activity sponsor. This pass should be presented to the cafeteria supervisor standing at the entrance to the ramp.
- Students should enter the cafeteria and be quietly seated at one of the tables.
- Students should be seated at the tables with their legs under the table at which they are sitting. Students are not to block aisles with their feet or legs.
- Students should not get into lockers before the first bell.
- Students are not allowed to bring energy drinks (i.e. Monster, Red Bull & etc.) to school.
- Students need to clean up their areas as they are dismissed.
- Students wanting to stand up while waiting may do so in designated areas only after commons area seats have been filled.
- Students will comply with all directions from the cafeteria supervisors.
- Failure to comply with morning expectations may result in loss of commons area privileges.

After school and students exiting the building:

- Students need to leave the building promptly after school unless they have an activity or they are under the direct supervision of a teacher, coach, or administrator.
- Students may be picked up outside on either the 5th or 6th street side after school. Rides should be arranged for pick up immediately after dismissal. ALL students are to be out of the building and off school grounds by 3:40 pm on a regular dismissal schedule or 11:45 am and 2:15 pm on an early dismissal schedule unless they are with a teacher, in a sponsored activity, or have made special arrangement with the office to remain in the building.
- Students with special arrangements may sit in the cafeteria. Anyone in the cafeteria after dismissal, must be seated at tables near the windows and either study or visit in a quiet manner. *Please do not sit on top of the tables, use the seats that are provided. Anyone out of their seats wandering around in the cafeteria or down hallways will be asked to leave the building immediately.*

VISITORS

Doors around the building will be locked at 8:00 a.m., except for the main entrance on 5th Street. This door remains open until approximately 4:15 p.m. **For safety reasons, all visitors need to check in at the main office.**

STUDENT VISITORS

It is not the policy of the Norfolk Junior High School to allow non-students to attend classes with a student. We feel it is important not to interrupt the educational process.

SCHOOL ACTIVITIES

Students who will be absent from school for school-sponsored activities will not have those absences count against their ten absences. It is each student's responsibility to inform their instructor about the forthcoming absence and to make arrangements for completing assigned work. Students absent for school activities are not to fill out a "planned absence sheet".

ABSENCES

Students who know in advance of an absence must pick up a "planned absence sheet" from the office. The student should complete the information required; name, date(s) of absence, and the reason. This sheet should then be presented to each instructor. The teacher will sign the sheet after arrangements have been agreed upon for completion of work. **The teacher's signature is not an acceptance of the absences**, only an acknowledgment that the teacher has been informed and arrangements for work determined. It is imperative for students and parents to inform the school and teachers of planned absences. **Failure to complete a "planned absence sheet" may result in no credit for work missed.** Students will be allowed 2 days for each day missed to make up classwork with a maximum of 10 days.

TARDIES TO CLASS

Students must be in their assigned classroom before the tardy bell rings as dictated by classroom rules. Failure to do so will result in an unexcused tardy, and the student will be assigned a detention. Teachers will inform the student he/she has been counted tardy and then give the student a detention slip, which designates the student's detention date. Students will have the opportunity to use the student phone located in the office to contact parents. The student will schedule the detention within three school days. Students that skip detentions will have the detention doubled. Failure to serve these detentions may result in an In School Suspension (ISS) assignment. Students will not be counted tardy if they come to class with a pass from the office, guidance office, or from another teacher. Teachers should not detain students unless absolutely necessary. Any teacher detaining a student between classes must write a pass to excuse the tardy.

TARDIES (MORNING) - REPORTING TO SCHOOL

Students who are tardy to school must report to the office before going to their first scheduled class. Students tardy more than 25 minutes will be considered absent and will require a parent phone call to excuse them. Students will be allowed **three 1st period tardies per semester** regardless of the reason. After the third unexcused tardy, parents will be contacted by the office and notified of the situation. After the fourth unexcused tardy to school and each ensuing tardy, students will be given office detentions. Failure to serve these detentions will result in further consequences per the Student Code of Conduct. After six unexcused tardies, parent contact will be made. Tardies should be used only for emergencies or circumstances beyond the student's control.

TRUANCY POLICY

Additional information regarding student attendance and excessive absenteeism is available online under Board of Education Policy 5008.

WITHDRAWALS

A student who is withdrawing from Norfolk Junior High School should notify the office at least one week before leaving in order that teachers may be informed and special arrangements can be made in regard to previous assignments and tests. A day or two before the student actually leaves; he/she will be given a withdrawal slip, which is to be initialed by all the student's teachers and the media specialist. This form is to be turned in to the office **before** leaving school the last day. Everything on this form must be cleared properly and fines paid before transcripts will be released.

GENERAL POLICIES**AGENDAS**

Organization is an essential skill for student success; therefore, all students will be using their school issued Chromebook for many of their organizational needs including recording of assignments, etc. Students will also be utilizing a digital calendar to help with time management. Students are required to carry their school issued Chromebook with them at all times during the school day (unless privileges for the device have been temporarily taken away for disciplinary reasons). All students will also be given a generic agenda to use and students may purchase an additional generic agenda for \$2.00 while supplies last.

ATTEND/MONITOR COURSES (PARENTS)

It shall also be the policy of the district to permit a parent to attend or monitor courses, assemblies, counseling sessions and other instructional activities when a reasonable advance request is made. The request could be denied if a parent's attendance would substantially interfere with a legitimate school interest.

BICYCLES, SKATEBOARDS and ROLLERBLADES

Bicycles must be parked in the racks provided. To prevent theft, bicycles should be padlocked. Skateboards and rollerblades should be kept in lockers and left there during school hours. Norfolk Public Schools is not responsible for lost or stolen bicycles, skateboards or inline skates. Skateboards and rollerblades are not to be used on school property (i.e. benches, ramps, rails, etc.), even after school hours. Students not complying with this directive may be ticketed by the Norfolk Police Department. Skateboards and rollerblades that are used on school property may be confiscated.

BOOK BAGS/BACKPACKS/DUFFEL BAGS

Book bags, backpacks, duffel bags, and other large bags are viewed as equipment to transport books and supplies between home and school. They must be stored in hall lockers or, in the case of duffel bags, in the student's gym locker. For safety reasons, these items are not to be used during the school day to carry books and supplies from class to class. Books and supplies must be carried by hand. This will require that students organize their lockers and plan their day around class schedules so that books and supplies may be located quickly and students are not tardy to class.

Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Director of Student Services and the Principal's office. Posters are not to be attached to any painted wall surfaces. Place posters on marble, glass, metal, brick and wood. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

CANCELLATION OF SCHOOL

In cases of extreme weather, the Superintendent is authorized by the Norfolk Board of Education to close schools. School closing information is broadcast on local radio or via phone message. In case of inclement weather, any parent or guardian may personally determine not to let his or her child come to school. Children who are absent in inclement weather, when school is being held, will be marked absent and treated the same as any other excused absence, when proper parental notice has been received by the school's attendance office.

CELL PHONE/ ELECTRONIC DEVICES POLICY

As with any tool, there are appropriate places and times for the use of these devices. Permissible

situations for use of cell phone/electronic devices at the junior high are when designated for learning by the teacher, before and after school, and during lunch. Administrators and teachers have the right to prohibit use of devices at certain times or during designated activities (i.e. campus presentations, theatrical performances, or guest speakers) that occur during the school day.

By allowing students to carry cell phones/electronic devices into the school building, students and their families are consenting to a search of that phone/electronic device by school officials when the school officials determine a need to conduct such a search. Instances determining a need for a cell phone/electronic device search may include, but are not limited to: bullying, harassment, academic integrity (cheating), threats, or any other intimidating actions or inappropriate content.

First violation

- Teacher conferences with student about the appropriate use of electronic device, possible loss of privileges.

Second violation

- Teacher conferences with student about the appropriate use of electronic device. Teacher contacts parent about inappropriate use of electronic device, possible loss of privileges.

Third violation

- Confiscate device and bring to administration office, possible loss of privileges.

Because bringing electronic devices to school is voluntary, NJHS and NPS are not responsible for stolen, lost, or damaged personal electronic devices.

Additional Electronic Devices Guidelines:

Prohibited Use of Electronic Devices: Students shall not use electronic devices for: (a) activities which disrupt the educational environment; (b) illegal activities in violation of state or federal laws or regulations; (c) unethical activities, such as cheating on assignments or tests; (d) immoral or pornographic activities; (e) activities in violation of Board or school policies and procedures relating to student conduct and harassment; (f) recording others (photographs, videotaping, sound recording, etc.) without direct administrative approval and consent of the person(s) being recorded, other than recording of persons participating in school activities that are open to the public; (g) "sexting;" or (h) activities which invade the privacy of others. Such student misuses will be dealt with as serious school violations, and immediate and appropriate disciplinary action will be imposed, including, but not limited to, suspension and expulsion from school.

Copyright and Fair Use

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted "fair use," rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is “fair.” Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Dating Violence Policy 5420

Norfolk Public Schools strives to provide physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the educational program and are required of all students and staff. Dating violence will not be tolerated.

For purposes of this policy “dating violence” means a pattern of behavior where one person uses threats of, or actually uses, physical, sexual, verbal, or emotional abuse to control his or her dating partner. “Dating partner” means any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious, or long term.

Incidents of dating violence involving students at school will be addressed as the administration determines appropriate, within the scope and subject to the limits of the District’s authority. Staff training on dating violence shall be provided as deemed appropriate by the administration. The dating violence training shall include, but need not be limited to, basic awareness of dating violence, warning signs of dating violence, and the District’s dating violence policy.

Dating violence education that is age-appropriate shall be incorporated into the school program. Dating violence education shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships. The administration will be responsible for ensuring that this dating violence policy is published in the school district’s student-parent handbook or an equivalent such publication. Parents and legal guardians shall be informed of the dating violence policy by such other means as the administration determines appropriate. If requested, parents or legal guardians shall be provided a copy of the dating violence policy and relevant information.

EMERGENCY EXCLUSION

A student may be excluded from school in the following circumstances:

- a. If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
- b. If the student’s conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five school days or less, the procedures for a short-term suspension shall be followed. If the Superintendent or his or her designee determines that an emergency exclusion shall extend beyond five days, a hearing is to be held and a final determination made within ten school days after the initial date of exclusion. Such procedures shall substantially comply with the procedures set forth in this policy for a long-term suspension or expulsion, and be modified only to the extent necessary to accomplish the hearing and determination within this shorter time period.

FINES

At times, students may incur fines for overdue library books, damage to books or property, loss of school equipment, class fines, etc.

Students are expected to be responsible for their property and take care of the items the school has loaned them. Students are expected to take care of these fines as they occur. Appeals for fines should be made to a building administrator. Failure to pay fines may result in administrative consequences. Students may not be able to attend designated school activities (like school dances) until all school fines are paid.

GRIEVANCE PROCEDURE

Whenever students and/or parents have a problem with another person, the first step is to discuss the problem directly with the person who is involved. If that conference is not successful, then the person should see the person who has the next step of responsibility. For example, if a student has a classroom problem, then the student and parent(s) should first discuss the problem with the classroom teacher privately. If that conference is not successful, then the student and parent(s) should make an appointment to see the Principal. If the problem still has not been resolved, the student and parent(s) may file a complaint with the Director of Student Services, using the Complaint Against School Personnel Form.

HAZING

“Hazing” refers to any activity expected of someone joining a group (or to maintain full status in a group) that humiliates, degrades or risks emotional and/or physical harm, regardless of the person’s willingness to participate. Norfolk Junior High School will not tolerate hazing in any form.

HEALTH RECORDS

Immunization Information

The Nebraska Department of Health requires the following immunizations in order for your child to enter school in August, 2023: **A student is defined as any child entering Kindergarten through 12th and all students transferring from outside the State of Nebraska regardless of grade:**

3 doses of DTaP, DTP, DT, or Td vaccine, one given on or after the 4th birthday

3 doses of Polio vaccine

3 doses of pediatric Hepatitis B vaccine or 2 doses of adolescent vaccine if student is 11-15 years of age

2 doses of MMR or MMRV vaccine, given on or after 12 months of age and separated by at least one month

2 doses of varicella (chickenpox) or MMRV given on or after 12 months of age. Written documentation (including year) of varicella disease from parent, guardian, or health care provider will be accepted. If the child has had varicella disease, they do not need any varicella shots.

Additionally for 7th grade students- 1 dose of Tdap given any time after 10-11 years of age.

Nebraska Law also requires evidence of a vision exam and physical examination by a qualified physician, physician’s assistant or nurse practitioner for students transferring in from out of the state.

Physical Examinations

State guidelines require a physical examination signed by a doctor or a signed waiver prior to the seventh grade. This needs to be completed prior to the start of school.

Parents/ Guardians- please note that if your child is planning on playing sports at the 8th grade level, that the sports physical must be completed AFTER the date of May 1 of that year. The NSAA athletic bylaws require the physical to be completed after May 1. If a student has a physical that is dated earlier than May 1st, they will be asked to obtain a new physical in order to participate in sports.

HEALTH SERVICES

The school nurse's office is located on the first floor of the north addition in room 161. The school nurse provides services to the school and the student in the areas of visual testing, immunization, and control of communicable disease, encouragement of physical and dental examinations and promoting sound mental health. Any student who has to leave the school because of illness must check out with the school nurse. Leaving school without permission will be classified as truancy and dealt with accordingly. It is necessary that the school nurse or office staff speak with a parent in order for a student to be excused from school due to illness or accident. The student is not to call the parent without permission from school personnel. Medications that need to be taken in school are to be given to the school nurse. The medication needs to be in its original container, labeled with the student's name, dosage, name of the medication and how often it is to be given. Non-prescription Medication- If a student must take a non-prescription medication during school, the following procedures are to be followed. **Parent/Guardian signed and dated authorization or permission to administer the medication during school. The medication is in its original packaging and is labeled as dispensed by the prescriber or pharmacist. The label must name the child and identify the medication, strength, time interval and route to be administered. If needed, the physician may be contacted for clarification on medication administration. Students are not to carry medication with them during the school day.**

If your child has a fever or vomits at home, please keep them at home at least twenty-four (24) hours after symptoms subside. If your child is sent home from school with these same symptoms, the 24-hour wait time is preferred before they return to school. Please check with the school before bringing your child back to school.

Note: Immunizations and shot records need to be current and complete or students will not be allowed to enroll in school.

HOMELESS STUDENTS POLICY

Homeless children for purposes of this Policy generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable federal and state law.

No Stigmatization or Segregation of Homeless Students: It is the District's policy and practice to ensure that homeless children are not stigmatized or segregated by the District on the basis of their status as homeless.

Homeless Coordinator: The Homeless Coordinator shall serve as the school liaison for homeless children and youth and shall ensure that: (1) homeless children are identified by school personnel; (2) homeless children enroll in, and have a full and equal opportunity to succeed in, school; (3) homeless children and their families receive educational service for which they are eligible and referrals to health, dental, and mental health services and other appropriate services; (4) the parents or guardians of homeless children are informed of the educational and related opportunities available to their children and provided with meaningful opportunities to participate in the education of their children; (5) public notice of the educational rights of homeless children is disseminated where such children receive services under the federal homeless children laws, such as schools, family shelters, and soup kitchens; (6) enrollment disputes are mediated in accordance with law; and (7) the parents or guardians of homeless children, and any unaccompanied youth, are fully informed of transportation services available under law. The Homeless Coordinator shall coordinate with State coordinators and community and school personnel responsible for the provisions of education and related services to homeless children. The Homeless Coordinator may designate duties hereunder as the Homeless Coordinator determines to be appropriate.

Enrollment of and Services to Homeless Children: A homeless child shall be enrolled in compliance with law and be provided services comparable to services offered to other students in the school in which the homeless child has been placed. Placement of a homeless child is determined based on the child's "school of origin" and the "best interests" of the child. The "school of origin" means the school that the child attended when permanently housed or the school in which the child was last enrolled. Placement decisions shall be made according to the District's determination of the child's best interests, and shall be at either: (1) the child's school of origin for the duration of the child's homelessness (or, if the child becomes permanently housed during the school year, for the remainder of that school year) or (2) the school of the attendance

area where the child is actually living. To the extent feasible, the placement shall be in the school of origin, except when such is contrary to the wishes of the homeless child's parent or legal guardian. If the placement is not in the school of origin or a school requested by the homeless child's parent or legal guardian, the District shall provide a written explanation of the placement decision and a statement of appeal rights to the parent or guardian as provided in Nebraska Rule 19.

If the homeless child is an unaccompanied youth, the Homeless Coordinator shall assist in the placement decision, consider the views of the unaccompanied youth, and provide the unaccompanied youth with notice of the right to appeal. The process to resolve disputes concerning the enrollment or placement of a homeless child or youth is as follows:

1. The district shall provide a written response and explanation of a decision regarding any complaint or dispute of a parent, guardian or other person having legal or actual charge or control of a homeless child or youth within thirty (30) calendar days of the time such complaint or dispute is brought;
2. The enrollment of the homeless child or youth in the school where enrollment is sought during the time such dispute is being considered;
3. And notice of the right to appeal as provided in Nebraska Rule 19.

Any parent, guardian or other person having legal or actual charge or control of a homeless child or youth that is dissatisfied with the decision of a school district after the dispute resolution process may file an appeal with the Commissioner of the Nebraska Department of Education within thirty (30) calendar days of receipt of the decision. Such appeals are informal and shall be submitted to the Commissioner in writing, as outlined in Nebraska Department of Education Rule 19, Section 005.03. The District shall immediately contact the school last attended by the homeless child to obtain relevant academic and other records. If the homeless child needs to obtain immunizations or medical records, the District shall immediately refer the parent or guardian of the homeless child to the Homeless Coordinator, who shall assist in obtaining necessary immunizations or medical records. The District may nonetheless require the parent or guardian of the homeless child to submit contact information.

Transportation will be provided to homeless students, to the extent required by law and comparable to that provided to students who are not homeless, upon request of the parent or guardian of the homeless child, or by the Homeless Coordinator in the case of an unaccompanied youth, as follows: (1) if the homeless child's school of origin is in the District, and the homeless child continues to live in the District, transportation to and from the school of origin shall be provided by the District; and (2) if the homeless child lives in a school other than the District, but continues to attend the Norfolk Public Schools based on it being the school of origin, the new school and Norfolk Public Schools shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin and, if they are unable to agree, the responsibility and cost for transportation shall be shared equally. Office of the Director of Student Programs is the coordinator of homeless student services.

INDIAN EDUCATION

The Title VI Indian Education Program, serving K-12 students, offers tutoring, mentoring, home-school communication/coordination and distributes school supplies each semester. If your student, the parent or grandparent is an enrolled member of a Native American tribe, please fill out the Student Eligibility form available from your school Principal or Central Office (512 Philip). For additional information or assistance for Native American students, please contact Central Office at 644-2500.

Insurance

Under Nebraska law the District may not use school funds to provide general student accident or athletic insurance. The District requires that all student participants in athletic programs have injury and accident insurance and encourages all students who are in classes with risk of personal injury or accident to have insurance coverage. The District does not make recommendations nor handle the premiums or claims for any insurance company, agent or carrier. Information about student insurance providers will be available in the school office or on school website.

Chromebooks:

- There is an additional information sheet concerning the appropriate use and care of this school issued device. A hard copy of these guidelines will be distributed to all students at the beginning of the school year.

INTERNET

School Computer Guidelines:

- The school provides computers and the Internet for students to learn. All use of computers, printers, cell phones and the Internet at school are only for student learning.
- Students should not play games without specific teacher permission.
- If students accidentally see material that is rude, nasty, mean, dangerous or inappropriate, they must click on the HOME button immediately and tell their teacher or other adult staff about the situation. Students will not download movies, videos or games. This is stealing.
- Students will not put any personal information about themselves on the internet. Posting photos or videos about themselves or sharing personal information like an address, phone number, hobbies or daily activities is strictly prohibited.
- Students will not share any personal information about other people over the internet. Posting other people's photos, videos or personal information is strictly prohibited. When posting anything digitally, students should ask themselves "How would I feel if somebody said that about me?" If it is mean or nasty, don't say it.
- It is expected that students will look after themselves and other people by telling their teachers or parents about people who are being mean or bullying.
- Students will acknowledge all material taken from websites and include web addresses in their work. Plagiarism is not okay and school consequences may be administered for violations.

LOCKERS

Your locker and lock are the property of the school district. The Norfolk Board of Education gives students permission to use a locker and lock during the school year. Therefore, students cannot expect their locker to be free from inspection by the school, if the administration considers a search necessary to maintain the integrity of the school environment and to protect others in the building. Locker inspections will be reasonable and conducted by school administrative personnel. These guidelines also apply to lockers assigned in locker rooms. Locker numbers will be assigned at the time of registration. Upon students receiving their lockers, they need to immediately check their lockers for damage and report any damage to the office. Students will be financially responsible for damage to their lockers. Locks will be furnished by the school at no charge. If locks are not returned or are damaged, students will be charged \$5.00. **Students should follow the locker regulations given below:**

- Use only the locker assigned to you.
- Never open another student's locker.
- Keep your locker neat and orderly.
- Always close the locker door and keep it locked.
- Do not leave valuables in the locker.
- Label all personal items.
- Do not write on the inside or outside of the locker.

- Pop and candy are not to be stored in lockers.
- Norfolk Junior High School is not responsible for items lost or stolen from lockers.

LOST AND FOUND

Lost and found items are to be turned into the office. Items not claimed by **December 20th or June 1st**

of each school year will be given to welfare agencies. Lost or replacement ID cards cost \$5.00. Norfolk Junior High School is not responsible for any personal items lost during the school year. This includes, but is not limited to, any electronic items and yearbooks. The school is not responsible for lost, stolen, or damaged items.

LUNCH - CLOSED CAMPUS

Norfolk Jr. High School **DOES NOT** have an "open campus" policy during the noon hour. Having a closed campus means that your child cannot leave school to go out for lunch or go home for lunch. Students will be permitted to leave campus for lunch only if they are under the direct supervision of a parent and have received prior approval to be gone. Before leaving campus, the parent must come to the office and sign the student out. For safety reasons, the school will no longer accept written notes to excuse students for lunch.

LUNCH GUIDELINES

Procedures regarding lunch accounts will be explained during orientation time. The price for school lunches and milk will be announced through school bulletins at the beginning of each school year. All costs mentioned are subject to change without notice. A student may bring his/her own lunch and it has to be eaten in the cafeteria. **All food is to be consumed in the cafeteria. Any food purchased in the cafeteria must be eaten in the cafeteria. Students are not allowed to take food out of the lunchroom to put in their lockers or eat in class.**

- providing all students with opportunities to “see themselves” in the educational environment in positive ways and on a continuing basis.

To promote and support multicultural education within the Norfolk Public Schools, it shall be the policy and practice of this district to create opportunities for all students to achieve academically and socially in an educational environment in which all students and staff understand and respect the racial and cultural diversity and interdependence of members of our society.

NOTICE TO PARENTS OF RIGHTS AFFORDED BY SECTION 504 OF THE REHABILITATION ACT OF 1973

The following is a description of the rights granted to qualifying students with disabilities under Section 504 of the Rehabilitation Act. The intent of the law is to keep you fully informed concerning the decisions about your child and to inform you of your rights if you disagree with any of these decisions. You have the right to:

1. Have your child take part in, and receive benefits from, public education programs without discrimination because of his/her disability.
2. Have the school district advise you of your rights under federal law.
3. Receive notice with respect to identification, evaluation or placement of your child.
4. Have your child receive a free appropriate public education.

9. Examine all relevant records relating to decisions regarding your child’s identification, evaluation and placement.
10. Request mediation or an impartial due process hearing related to decisions or actions regarding your child’s identification, evaluation, educational program or placement. (You and your child may take part in the hearing. Hearing requests are to be made to the Superintendent.)

NOTIFICATION OF CONCERN

It shall be the policy of the district that whenever a parental objection is raised concerning textbooks, tests, or other curriculum materials, the subject matter and concern should be brought to the building principal in writing. Only those requests made in good faith for reasons of conscience or on religious beliefs will be honored. Requests will be made to the building principal on a standard exemption form that will be available in all school buildings and the administrative offices of the District. The administrator of the building will direct the appropriate personnel to make a reasonable effort to provide (when reasonable or practical to do so) alternate instructional and/or school experiences for those activities from which the student has been excused.

PARENTAL INVOLVEMENT in EDUCATION (LB 1161):

Madison County School District No. 2 after having conducted a public hearing concerning parental involvement and participation in the school district declares that it will be the policy of the Norfolk Public Schools to provide access to parents to all textbooks, tests, curriculum materials and any other instructional materials used by the school.

Police Interviews-Policy 5413

With the exclusion of the NPS School Resource Officers; law enforcement or juvenile officers will not be allowed to interview students at school during the school day without the school official making a reasonable effort to contact parents. The building principal may grant exceptions to probation and parole officers who desire to meet with students who are already on probation and/or representatives of Social Services who are accompanied by law enforcement officers. If physical violence or a criminal act occurs at school, the school principal or designee may call the police without first receiving authorization from parents.

Notice Concerning Designation Of Law Enforcement Unit:

The District designates the Norfolk Police Department as the District's "law enforcement unit" for purposes of (1) enforcing any and all federal, state or local law, (2) maintaining the physical security and safety of the schools in the District, and (3) maintaining safe and drug free schools.

Pregnant and Parenting Students

Norfolk Public Schools recognizes that pregnant and parenting students have the right and responsibility to attend school. This attendance right and responsibility applies to students regardless of their marital or parental status. Further, the district will educate pregnant and parenting students and will provide reasonable accommodations to support and encourage all pregnant and parenting students to obtain their high school diploma. No student will be excluded from, denied the benefit of, or discriminated against under any educational program or activity because of pregnancy or parenting responsibilities.

Attendance and Leave of Absences

Pregnant and parenting students will be permitted to attend to their own health care, their child's medical care, or other pregnancy- or parenting- related appointments with the benefit of having any such absences or tardiness excused. A student will be permitted to take a leave of absence for pregnancy, childbirth, and any other pre- and post-natal related medical needs, along with recovery therefrom for the duration that is deemed medically necessary by the student's licensed health care provider. At the conclusion of the leave of absence, a student will be immediately enrolled in the district at the same grade and status as when the leave began. Pregnant and parenting students shall be allowed to participate in all activities including extracurricular activities throughout the student's pregnancy and thereafter unless the district deems such participation poses a substantial risk of injury to the student or to others. A pregnant and parenting student may be asked to obtain certification from the student's licensed healthcare provider regarding the student's safe participation in an extracurricular activity when such certification is required of students for other conditions which require the attention of a licensed healthcare provider.

Any absences accumulated due to pregnancy or pregnancy-related conditions, or care for an ill child, should not count towards any district policies in effect under compulsory attendance requirements. Pregnant and parenting students with excused absences or tardiness shall be treated like all other students with excused absences or tardiness for any other medical reasons.

Pregnant and parenting students will be provided with assignments, classwork and any additional support needed to ensure that the student can keep up with class requirements when absent for pregnancy or parenting-related absences.

Alternative Means to Complete Course Work

The district will provide at least one alternate method, in addition to traditional classroom instruction, to keep pregnant and parenting students in school. Such accommodation(s) may include accessing coursework online, home-based independent study, or at-home tutoring. Alternative methods of instruction or other alternative program for pregnant and parenting students are voluntary for the student who may elect whether to engage in an alternative method of instruction or the traditional methods of instruction available to their peers. Pregnant and parenting students shall be allowed to attend their regular classrooms and complete regular coursework.

Lactation

The district will provide reasonable time and space to accommodate lactating students to express breast milk or breastfeed during the school day. Such accommodations will be in a location, other than a bathroom or closet, that is private, clean, has an electrical outlet, a chair and is reasonably accessible. Students shall also be provided a food safe refrigerator to store breast milk safely.

Child Care

If in-school child care is not provided, a list of qualified licensed child care providers will be provided upon request to pregnant or parenting students. Such list will be updated annually and include providers that participate in the quality rating and improvement system and meet all of the quality rating criteria for at least a stepthree rating pursuant to the Step Up to Quality Child Care Act. Nothing in this policy is intended to prohibit or limit any referral for a student or a student's child to an early head start program or any other available community resources.

Privacy and Confidentiality

Pregnant and parenting students have the right to have their health and personal information kept confidential in accordance with law. School staff will make every effort to keep personal information and health records confidential and in compliance with Nebraska and federal law.

Information about students' pregnancies and related conditions will not appear in their cumulative records and will not be used when they are being considered for educational or job opportunities, awards or scholarships.

Other Accommodations

Pregnant and parenting students may request additional reasonable accommodations to ensure continued participation and enrollment in school. Accommodation requests will be evaluated on a case-by-case basis. Such accommodations may include but are not limited to: additional frequency allowed for bathroom breaks, additional time allowed in between class periods, a larger desk or additional work space, and adjustments to requirements for physical education as needed. Students seeking additional reasonable accommodation should make such requests to the building principal.

Bullying and Harassment

Pregnant and parenting students have the same rights as other students to be free from discrimination, bullying, and harassment. Such school policies are incorporated herein and apply to all students.

Policy Dissemination

Pursuant to law, this policy will be available at the beginning of each school year on the district's website and is hereby incorporated into the student handbook.

Professional Boundaries Rule

The following professional boundaries rules are in place to protect both staff and students. Every student or parent who observes or suspects a staff member or student violating any of these rules should inform their Building Principal or Superintendent as soon as possible:

All employees are expected to observe and maintain professional boundaries between themselves and students. A violation of professional boundaries will be regarded as a form of misconduct and may result in disciplinary action.

The following non-exclusive list of actions will be regarded as a violation of the professional boundaries that employees are expected to maintain with a student:

- Using e-mail, text messaging, instant messaging or social networking sites to discuss with a student a matter that does not pertain to school-related activities, such as the student's homework, class activity, school sport or club, or other school-sponsored activity. Electronic communications with students are to be sent simultaneously to multiple recipients, not to just one student, except where the communication is clearly school-related and inappropriate for persons other than the individual student to receive (for example, e-mailing a message about a student's grades).
- Engaging in social-networking friendships with a student on social networking sites. Material that employees post on social networks that is publicly available to those in the school community must reflect the professional image applicable to the employee's position and not impair the employee's capacity to maintain the respect of students and parents or impair the employee's ability to serve as a role model for children. Employees shall not friend or follow students on any social networking site.
- Engaging in sexual activity, a romantic relationship, or dating a student or a former student within one year of the student graduating or otherwise leaving the District.
- Making any sexual advance - verbal, written, or physical - towards a student.
- Showing sexually inappropriate materials or objects to a student.
- Discussing with a student sexual topics that are not related to a specific curriculum.
- Telling sexual jokes to a student.
- Invading a student's physical privacy (e.g., walking in on the student in a restroom).
- Hugging or other physical contact with a student that is initiated by the employee when the student does not seek or want this attention.
- Being overly "touchy" with a specific student.
- Allowing a specific student to get away with misconduct that is not tolerated from other students, except as appropriate for students with an IEP or 504 Plan.
- Discussing with the student the employee's problems that would normally be discussed with adults (e.g., marital problems).
- Giving a student a ride in the employee's personal vehicle without express permission of the student's parent or school administrator unless another adult is in the vehicle.
- Taking a student on an outing without obtaining prior express permission of the student's parent or school administrator.
- Inviting a student to the employee's home without prior express permission of the student's parent and school administrator.
- Going to the student's home when the student's parent or a proper chaperone is not present.
- Giving gifts of a personal nature to a specific student.
- Discussing alcohol, tobacco or other illicit drugs in a non-instructional setting, such as describing a party that the employee attended.
- Discussing another student's or employee's personal matters when it is not appropriate outside of the instructional setting.
- "Grooming," which includes building trust with a student and individuals close to the student in an effort to gain access to and time alone with the student, with the ultimate goal of engaging in sexual contact or sexual penetration with the student, regardless of when in the student's life the sexual contact or sexual penetration would take place.

Appropriate exceptions are permitted to the foregoing for legitimate health or educational purposes and for reasons of family relationships between employees and their children who are students in the District. A staff member seeking an exception must receive advance approval from his or her administrator. If a staff member is unable to communicate with an administrator in advance (such as in the event of an emergency), the staff member must notify the administrator as soon as possible, but not later than 24 hours immediately following the event.

Any person who suspects a District employee of engaging in any prohibited conduct under this policy, including grooming, should contact the Superintendent as soon as practical.

An employee who violates this policy may face discipline, up to and including termination of employment, and may be referred to the appropriate certification or credentialing agencies for further discipline.

SCHOOL CAMPUS

The school campus includes all buildings and designated parking (staff and student lots) and all other property from the curb/sidewalks surrounding those areas. Persons who are not enrolled at the junior high, have not checked into the office upon arrival at school, or are not at school for school business and are in the building or on the campus will be asked to leave. Failure to comply may result in law enforcement being contacted and the individual(s) cited for trespassing by the Norfolk Police Department. Any non-student who needs to conduct school related business should call and schedule an appointment with an appropriate staff member and, upon arrival, sign in at the office.

SCHOOL -COMMUNITY INTERVENTION PROGRAM (SCIP)

SCIP is a program designed to help identify students who are experiencing difficulties which may be related to use of alcohol or other drugs. This support program has four components which assist students: **Identification, Intervention, and Referral for treatment and Student support.** Anyone with concerns about drug and/or alcohol use or abuse should contact the SCIP Coordinator in our guidance department at 644-2523.

SEARCH AND SEIZURE-POLICY 5406

The administrative team is authorized to conduct searches of students and their property as well as property of the district in order to enforce compliance with statutes, policies and rules. A search may be conducted when a member of the administrative team determines there is reason to believe it could disclose evidence of the violation of a statute, policy or rule. The administrative team is also authorized to conduct area-wide searches (e.g., searches of all student lockers) on the same basis and for reasons which include, but are not limited to, safety, health and discovery of the violation of a statute, policy or rule. Student lockers, desks, and other such property are owned by the school. The school exercises exclusive control over school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in lockers and desks issued or made available to them by the school. When a search is part of a criminal investigation conducted in cooperation with police or law enforcement, or is intended to discover evidence to be used exclusively in a criminal proceeding, the police or law enforcement official shall be made responsible for the search. Policy permits school administrators to search vehicles parked on Norfolk Public Schools property. Law enforcement, including drug sniff dogs, will be contacted when circumstances dictate (policy #5406).

STAFF QUALIFICATIONS

On December 10, 2015, President Barack Obama signed the Every Student Succeeds Act (ESSA) into law as Public Law Number 114-95. ESSA reauthorizes the Elementary and Secondary Education Act of 1965 "to ensure that every child achieves."⁽¹⁾

ESSA is the nation's general education law and, as such, has been revised by Congress many times over the years. The last reauthorization took place in 2001 and was called the No Child Left Behind Act (NCLB).

In accordance with the Every Student Succeeds Act/ PARENTS' RIGHT-TO-KNOW, this is a notification from Norfolk Public Schools to every parent of a student in a Title I school that you have the right to request and receive in a timely manner:

a) information regarding the professional qualifications of your student's classroom teachers.

Please note that Norfolk Junior High School is not a Title 1 school, however, Norfolk Public Schools does receive Title monies.

The information regarding the professional qualifications of your student's classroom teachers shall include the following:

- I. If the teacher has met state qualification and licensing criteria for the grade level and subject areas taught;
 - a. If the teacher is teaching under emergency or temporary status in which the state qualifications and licensing criteria are waived;
 - b. The teachers baccalaureate degree major, graduate certification, and field of discipline; and
 - c. Whether the student is provided services by paraprofessionals, and if so, their qualifications [ESSA 1112(e)(1)(A)(i)-(ii)]

Student Privacy Protection

It is the policy of Norfolk Public Schools to develop and implement policies which protect the privacy of students in accordance with applicable laws. The District's policies in this regard include the following:

Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties: Parents shall have the right to inspect, upon the parent's request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed by the school to the parent's child.

Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive: The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Right of Parents to Inspect Instructional Materials: Parents have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term "instructional materials" for purposes of this policy. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five (5) school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and place as will not interfere with the educator's intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Protection of Student Privacy in Regard to Personal Information Collected from Students: The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. "Personal information" for purposes of this policy means individually identifiable information about a student including: a student or parent's first and last name, home address, telephone number, and social security number. The term "personal information," for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or postsecondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

Parental Access to Instruments used in the Collection of Personal Information: While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy: The District provides parents with reasonable notice of the adoption or continued use of this policy and other policies related to student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

Notification to Parents of Dates of and Right to Opt-Out of Specific Events: The District will directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information). Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and,

Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to

the advance notice requirement and parental opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act).

Parents shall be offered an opportunity in advance to opt their child out of participation in any of the above listed activities.

In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

Definition of Surveys of Matters Deemed to be Sensitive: Any survey containing one or more of the following matters shall be deemed to be "sensitive" for purposes of this policy:

1. Political affiliations or beliefs of the student or the student's parent;
2. Mental or psychological problems of the student or the student's parent;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of other individuals with whom the student has close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the students or the student's parent;
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

TRESPASSING

Non-students who come on the school campus and/or into buildings who have not checked into the main office may be cited for trespassing. A suspended or expelled student from any Norfolk Public School is not to be in the building or on the junior high campus (to include the 6th Street Track and Philip Street Gym) without prior arrangement with the administration. Any violation of this suspension or expulsion policy will result in trespassing charges and further disciplinary consequences. This includes activities at the junior high or any school sponsored activity away from Norfolk Junior High School. Students with partial schedules should leave campus within 10 minutes after their last class. Loitering on campus may result in disciplinary actions.

VIDEO SURVEILLANCE

The Norfolk Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare and safety of all staff, students and visitors. In order to safeguard district facilities and equipment, video cameras may be used in locations as deemed appropriate by the Superintendent.

Notice is hereby given that video surveillance may occur on district property. In the event a video surveillance recording captures a student or other building user violating school policies or rules, or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

GUIDANCE AND ACADEMIC INFORMATION

GUIDANCE

The school counselors and guidance department are valuable resources for students and parents. They are available to help students who are experiencing academic and/or social problems. The guidance department also helps students make quality decisions about their choices of classes and possible careers. There are two counselors at the junior high and each grade level has a counselor assigned to it. Students should feel welcome and encouraged to drop in whenever they have free time or make an appointment if no free time is available. The Guidance Office is located in the main office on the 1st floor. The counselors can also be reached by phone at 644-2523. **The behavioral awareness and health point of contact is the school building counselors.**

Academic Promotion Requirements

8th Grade:

To be successfully promoted to the ninth grade, eighth grade students need to demonstrate sufficient progress on grade level standards in all subject areas. Students may also be required to take summer school or enroll in other necessary study opportunities throughout the year to develop additional competence in deficit areas and essential skills needed for the next level. If students need to take summer school, parents and students are responsible for meeting the cost of each class. Norfolk Junior High School guidance personnel will facilitate registration for the appropriate courses.

At the end of the school year, an Academic Review Team (ART) consisting of guidance, administration, and special education (if needed) personnel from both the junior high and the high school may meet to consider students who did not meet the minimum promotion requirements. In order to learn as much as possible from the daily classroom activities and assignments, Norfolk Junior High School students are expected to be honest and truthful in presenting their work. Cheating on assignments or tests or allowing others to copy work is not acceptable. It is considered dishonest to present material on an assignment or test as the product of the student's own work when it is the work of another person or plagiarized from another author. It is not acceptable to use material from a web site, book, periodical or other resource without properly giving credit to the source. Cheating and plagiarism will result in disciplinary action and/or loss of credit for the project.

After examination of the survey instrument, any parent who wishes to have their child exempted from completion of the survey must do so by means of a written request to the building Principal.

Registration:

7th grade students register for 8th grade in the spring for the following year. A student will have the opportunity to select and finalize courses during spring registration with the school counselor. Following spring registration, students can adjust courses based on conflicts in their schedules. **Please note: Some classes have limited spaces and not all requests are able to be met.**

Schedule Changes/Requests for Dropping or Adding a Class:

If students want / need to change an elective course, they will have only ten school days from the beginning of the course to get the class changed on their schedule. It would be difficult for students and teachers to catch up on coursework missed for more than ten days. Requests to drop a course will be initiated by the student or parent to the school counselor.

Course changes after the 10 days are only allowed under the following circumstances:

If there is a schedule conflict that cannot be adjusted without dropping or changing a course.

Procedures for withdrawing from a course:

1. Conversation with the teacher
2. Counselor conferencing with teacher, student and parent
3. Problem-solving with all affected parties

Additionally, the requests will be honored only if the changes will work in the students' schedules and if there is space available in the courses.

SECURING A TEACHER'S HELP

Teachers are in the school building from 7:45 a.m. until 3:45 p.m., and they are willing to help students individually during the school day. An appointment can also be made if for some reason this time period is not suitable. Students are encouraged to seek additional help from teachers when they are having trouble with classroom work, and they should receive a pass from the teacher if the time is before 7:45 a.m.

STUDENT GUIDELINES FOR Advisory

Advisory is a home room / study hall type class opposite lunch for our junior high students. Advisory class has been added to the daily schedule to provide students with opportunities to increase their leisure reading time, increase student exposure to print materials, and give students an opportunity to complete homework and make-up assignments if needed.

Criteria for students in Advisory class:

- Everyone brings required materials each day to class. Basic required items are: Personal reading book, daily planner, personal binder or organizational tool with appropriate materials (pen, paper, etc.) and assignments to complete.
- Students need to be prepared daily for Advisory class and they will only be allowed to leave Advisory class at the teacher's discretion.
- Students may use Advisory time to leisure read or work on homework at the teacher's discretion.
- Reading materials should be chosen outside of reading time. Students may be given access to the media center during Advisory time at the teacher's discretion.

TESTING

It shall also be the policy of the District to notify a parent/guardian when the student will participate in standard norm-referenced or criterion referenced tests such as, but not limited to, MAPS and NSCAS tests. B. Prohibited Harassment, Discrimination, and Retaliation of Employees, Students and Others.

1. Purpose:

The Norfolk Public School District is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination, harassment and retaliation of any kind by District employees, including, co-workers, non-employees (such as volunteers), third parties, and others is strictly prohibited and will not be tolerated.

Harassment is a form of discrimination and includes verbal, non-verbal, written, graphic, or physical conduct relating to a person's sex, disability, race, (including skin color, hair texture, and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity or other protected status, that is sufficiently serious to deny, interfere with, or limit a person's ability to participate in or benefit from an educational or work program or activity, including, but not limited to:

- a. Name-calling,
- b. Teasing or taunting,
- c. Insults, slurs, or derogatory names or remarks,
- d. Demeaning jokes,
- e. Inappropriate gestures,
- f. Graffiti or inappropriate written or electronic material,
- g. Visual displays, such as cartoons, posters, or electronic images,
- h. Threats or intimidating or hostile conduct,
- i. Physical acts of aggression, assault, or violence, or
- j. Criminal offenses

The following examples are additional or more specific examples of conduct that may constitute sexual harassment:

- a. Unwelcome sexual advances or propositions,
- b. Requests or pressure for sexual favors,
- c. Comments about an individual's body, sexual activity, or sexual attractiveness,
- d. Physical contact or touching of a sexual nature, including touching intimate body parts and inappropriate patting, pinching, rubbing, or brushing against another's body,
- e. Physical sexual acts of aggression, assault, or violence, including criminal offenses (such as rape, sexual assault or battery, and sexually motivated stalking), against a person's will or where a person is incapable of giving consent due to the victim's age, intellectual disability, or use of drugs or alcohol,
- f. Requiring sexual favors or contact in exchange for aids, benefits, or services, such as grades, awards, privileges, promotions, etc., or

g. Gender-based harassment; acts of verbal, nonverbal, written, graphic, or physical conduct based on sex or sex-stereotyping, but not involving conduct of a sexual nature.

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled "Grievance Procedures," below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

2. Anti-retaliation:

The District prohibits retaliation, intimidation, threats, coercion, or discrimination against any person for opposing discrimination, including harassment, or for participating in the District's discrimination complaint process or making a complaint, testifying, assisting, or participating in any manner, in an investigation, proceeding, or hearing. Retaliation is a form of discrimination.

The District will take immediate steps to stop retaliation and prevent its recurrence against the alleged victim and any person associated with the alleged victim. These steps will include, but are not limited to, notifying students, employees, and others, that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment, or retaliation have occurred. If retaliation occurs, the District will take prompt and strong responsive action, including possible discipline, including expulsion or termination, if applicable.

3. Grievance (or Complaint) Procedures:

Employees or students should initially report all instances of discrimination, harassment or retaliation to their immediate supervisor or teacher or to the compliance coordinator designated to handle complaints of discrimination (designated coordinator). If the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student may report the alleged discrimination, harassment or retaliation ("discrimination") to the designated coordinator, or in the case of students, to another staff person (such as a counselor or principal).

Other individuals may report alleged discrimination to the designated coordinator. If the designated coordinator is the person alleged to have committed the discriminatory act, then the complaint should be submitted to the Superintendent for assignment. A discrimination complaint form is attached to this grievance procedure and is available in the office of each District building, on the District's website, and from the designated coordinators. Under no circumstances will a person filing a complaint or grievance involving discrimination be retaliated against for filing the complaint or grievance.

i. Level 1 (Investigation and Findings):

Once the District receives a grievance, complaint or report alleging discrimination, harassment, or retaliation, or becomes aware of possible discriminatory conduct, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred. If necessary, the District will take immediate, interim action or measures to protect the alleged victim and prevent further potential discrimination, harassment, or retaliation during the pending investigation. The alleged victim will be notified of his or her options to avoid contact with the alleged harasser, such as changing a class or prohibiting the alleged harasser from having any contact with the alleged victim pending the result of the District's investigation. The District will minimize any burden on the alleged victim when taking interim measures to protect the alleged victim.

The District will promptly investigate all complaints of discrimination, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The District will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this grievance procedure. If the allegation(s) involve possible criminal conduct, the District will notify the complainant of his or her right to file a criminal complaint, and District employees will not dissuade the complainant from filing a criminal complaint either during or after the District's investigation.

The District will aim to complete its investigation within **ten (10) working days** after receiving a complaint or report, unless extenuating circumstances exist. Extenuating circumstances may include the unavailability of witnesses due to illness or incapacitation, or additional time needed because of the complexity of the investigation, the need for outside experts to evaluate the evidence (such as forensic evidence), or multiple complainants or victims. If extenuating circumstances exist, the extended timeframe to complete the investigation **will not exceed ten (10) additional working days without the consent of the complainant, unless the alleged victim agrees to a longer timeline.** Periodic status updates will be given to the parties, when appropriate.

The District's investigation will include, but is not limited to:

- a. Providing the parties with the opportunity to present witnesses and provide evidence.
- b. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
- c. For allegations involving harassment, some of the factors the District will consider include: 1) the nature of the conduct and whether the conduct was unwelcome, 2) the surrounding circumstances, expectations, and relationships, 3) the degree to which the conduct affected one or more students' education, 4) the type, frequency, and duration of the conduct, 5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, 6) the number of individuals involved, 7) the age (and sex, if applicable) of the alleged harasser and the alleged victim(s) of the harassment, 8) the location of the incidents and the context in which they occurred, 9) the totality of the circumstances, and 10) other relevant evidence.
- d. A review of the evidence using a "preponderance of the evidence" standard (based on the evidence, is it more likely than not that discrimination, harassment, or retaliation occurred?)

The designated compliance coordinator (or designated investigator) will complete an investigative report, which will include:

- a. A summary of the facts,
- b. Findings regarding whether discrimination, harassment or other inappropriate conduct occurred, and
- c. If a finding is made that discrimination, harassment or other inappropriate conduct occurred, the recommended remedy or remedies necessary to eliminate discrimination, harassment or other inappropriate conduct.

If someone other than the designated compliance coordinator conducted the investigation, the compliance coordinator will review, approve, and sign the investigative report. The District will ensure that prompt, appropriate, and effective remedies are provided if a finding of discrimination, harassment, or retaliation is made. The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings.

The District will send concurrently to the parties written notification of the decision (findings and any remedy) regarding the complaint within **one (1) working day** after the investigation is completed. The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 11232g; 34 C.F.R. Part 99, permits the District to disclose relevant information to a student who was discriminated against or harassed.

ii. Level 2 (Appeal to the Superintendent):

If a party is not satisfied with the findings or remedies (or both) set forth in the decision, he or she may file an appeal in writing with the Superintendent **within five (5) working days** after receiving the decision. The Superintendent will review the appeal and the investigative documentation and decision, conduct additional investigation, if necessary, and issue a written determination about the appeal **within ten (10) working days** after receiving the appeal. The party who filed the appeal will be sent the Superintendent's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. [If the Superintendent is the subject of the complaint, the party will file the appeal directly with the Board.]

iii. Level 3 (Appeal to the Board):

If the party is not satisfied with the Superintendent's determination, he or she may file an appeal in writing with the Board of Education **within five (5) working days** after receiving the Superintendent's determination. The Board of Education will review the appeal, the Superintendent's determination, the investigative documentation and decision, and allow the party to address the Board at a Board meeting to present his or her appeal. The party will be allowed to address the Board at the Board's next regularly scheduled Board meeting (unless the Board receives the appeal within one week of the next regularly scheduled Board meeting) or at a time and date agreed to by the Board, designated compliance officer and the party. The Board will issue a written determination about the appeal **within thirty (30) days** after the party addresses the Board. The party who filed the appeal will be sent the Board's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. The Board's determination, and any actions taken, will be final on behalf of the District.

4. Confidentiality:

The identity of the complainant will be kept confidential to the extent permitted by state and federal law. The District will notify the complainant of the anti-retaliation provisions of applicable laws and that the District will take steps to prevent retaliation and will take prompt and strong responsive actions if retaliation occurs.

If a complainant requests confidentiality or asks that the complaint not be pursued, the District will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or the request not to pursue an investigation, as long as doing so does not prevent the District from responding effectively to the harassment and preventing harassment of other students. If a complainant insists that his or her name or other identifiable information not be disclosed to the alleged perpetrator, the District will inform the complainant that its ability to respond may be limited. Even if the District cannot take disciplinary action against the alleged harasser, the District will pursue other steps to limit the effects of the alleged harassment and prevent its recurrence, if warranted.

5. Training:

The District will ensure that relevant District employees, including but not limited to officials, administrators, teachers, substitute teachers, counselors, nurses and other health personnel, coaches, assistant coaches, paraprofessionals, aides, bus drivers, and school law enforcement officers, are adequately trained so they understand and know how to identify acts of discrimination, harassment, and retaliation, and how to report it to appropriate District officials or employees.

6. Designated Compliance Coordinators:

Designated compliance coordinators will be responsible for:

- a. Coordinating efforts to comply with anti-discrimination, anti-harassment, and anti-retaliation laws and regulations.
- b. Coordinating and implementing training for students and employees pertaining to anti-discrimination, anti-harassment and anti-retaliation laws and regulations, including the training areas listed above.
- c. Investigating complaints of discrimination (unless the coordinator designates other trained individuals to investigate).
- d. Monitoring substantiated complaints or reports of discrimination, as needed (and with the assistance of other District employees, if necessary), to ensure discrimination or harassment does not recur, and that retaliation conduct does not occur or recur.
- e. Overseeing discrimination complaints, including identifying and addressing any patterns or systemic problems, and reporting such patterns or systemic problems to the Superintendent and the Board of Education.
- f. Communicating regularly with the District's law enforcement unit investigating cases and providing current information to them pertaining to anti-discrimination, anti-harassment, and anti-retaliation standards and compliance requirements.
- g. Reviewing all evidence in harassment or violence cases brought before the District's disciplinary committee or administrator to determine whether the complainants are entitled to a remedy under anti-discrimination laws and regulations that was not available in the disciplinary process.
- h. Ensuring that investigations address whether other students or employees may have been subjected to discrimination, including harassment and retaliation.
- i. Determining whether District employees with knowledge of allegations of discrimination, including harassment and retaliation, failed to carry out their duties in reporting the allegations to the designated compliance coordinator and responding to the allegations.
- j. Recommending changes to this policy and grievance procedure.
- k. Performing other duties as assigned. The designated compliance coordinators will not have other job responsibilities that may create a conflict of interest with their coordinator responsibilities.

7. Preventive Measures:

The District will publish and widely distribute on an ongoing basis a notice of nondiscrimination (notice) in electronic and printed formats, including prominently displaying the notice on the District's website and posting the notice at each building in the District. The District also will designate an employee to coordinate compliance with anti discrimination laws (see Designated Compliance Coordinator section, above, for further information on compliance coordinator), and widely publish and disseminate this grievance procedure, including prominently posting it on the District's website, at each building in the District, reprinting it in District publications, such as handbooks, and sending it electronically to members of the school community. The District will provide training to employees and students at the beginning of each academic year in the areas (B.6.a-g) identified in the Training section, above.

The District also may distribute specific harassment and violence materials (such as sexual violence), including a summary of the District's anti-discrimination, anti-harassment, and anti-retaliation policy and grievance procedure, and a list of victim resources, during events such as school assemblies and back to school nights, if recent incidents or allegations warrant additional education to the school community.

A parent, guardian or student who requests copies of files or records shall be responsible for the cost of copies reproduced in accordance with such fee schedule. The imposition of a fee shall not be used to prevent parents of students from exercising their right to inspect and review the students' files or records and no fee shall be charged to search for or retrieve any student's files or records. The fee schedule shall permit one copy of the requested records be provided for or on behalf of the student without charge and shall allow duplicate copies to be provided without charge to the extent required by federal or state laws or regulations.

The District does provide activities, programs, and services to children which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. The District's policy is to continue to encourage and to the extent permitted by law, to require such student and parent contributions to enhance the educational program provided by the District.

NPS STUDENTS' RIGHTS AND RESPONSIBILITIES

The mission of the Norfolk Public Schools is to prepare all students to pursue their goals for the future.
--

August 2023

This mission is based on beliefs and principles about how students learn and what they must know to behave as responsible citizens and productive workers in a highly competitive, increasingly global society.

This policy statement provides the general guidelines of conduct, which are expected of our students. It also describes the responsibilities of the students in relation to this conduct standard.

These rules and standards apply to all school buildings and grounds, during and immediately before or after school hours. They also apply to school-sponsored functions both on and off school property.

The Norfolk Board of Education has adopted the following policies of general application governing student conduct in all schools. Principals will establish other rules and regulations applicable to conduct at their respective sites that are consistent with those established by the Norfolk Board of Education.

I. GENERAL STANDARDS OF BEHAVIOR:

Norfolk Junior High's Positive Behavior Interventions and Supports center on teaching our students to be Responsible, Respectful, Resourceful, and Resilient. All our building and classroom expectations will relate back to those 4 main ideas in relation to behavior. It is expected that students will conduct themselves in a manner, which is considerate of others, respectful of property and mindful of the good of all.

Students should therefore:

- Attend school regularly and punctually.
- Act in a manner that will enhance the learning environment for all students.
- Use school facilities in a way that will conserve their continued usefulness.
- Apply themselves to the best of their ability to the learning tasks assigned.
- Abide by school regulations and assist in their enforcement and modification.
- Participate constructively in school government and assist in modification of regulations for general school improvement.

II. STUDENT USE/ABUSE OF ALCOHOL AND OTHER SUBSTANCES:

All students have a right to attend school in an environment conducive to learning. Since alcohol and other drug use is illegal, contagious, and interferes with both effective learning and the healthy development of children and adolescents, the school has a fundamental legal and ethical obligation to prevent drug use and to maintain a drug-free educational environment.

No student may use, possess, be under the influence of, sell, or distribute alcohol or other substances, nor may use or possess drug paraphernalia (except drugs as prescribed by a physician) on school grounds or at school-sponsored events. The same restrictions apply to students participating in extracurricular activities. The terms "alcohol or other substances" shall refer to the use of all substances including, but not limited to, alcohol, tobacco, inhalants, illicit drugs, and look-alikes. Tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect. The inappropriate use of prescription and over-the-counter drugs shall also be prohibited. This policy applies to all school buildings, grounds and school-sponsored functions or events whether on or off school grounds.

The school district will provide a health curriculum that will include strategies of prevention and intervention designed to educate students on the use/abuse of alcohol and other substances.

Violations of this policy will be handled in accordance with the rules and regulations set forth in this document.

III. ATTENDANCE POLICY

- A. Nebraska State Statute (79-201) requires that all students between the ages of 6 - 18 attend school. It is the responsibility of the parent/guardian to see that the student is at school at the appropriate time in a proper state of health and cleanliness.
- B. Notification of an absence must be made to the school office or the absence will be considered unexcused. The school district is required by law to notify juvenile justice officials when excessive absences occur. Building administrators will establish attendance guidelines for their respective buildings and they are published in the school's parent/student handbook.

- E. Conduct constituting grounds for expulsion or long-term suspension as set out in Nebraska law.

2. Procedure for short-term suspension:

In addition to the items in the Code of Conduct, the following items are enforced: Students are encouraged to help make their time at Norfolk Junior High both pleasant and beneficial. Students at Norfolk Junior High are expected to be safe, responsible, and respectful.

BUS CONDUCT

Riding school buses will be considered an extension of the school day; therefore, the following rules and regulations must be observed. Bus transportation is a privilege and student usage may be restricted for violations of bus regulations. The safety of students on the buses is our top priority and students who create unsafe conditions through their behavior or words will be disciplined accordingly. Misbehavior by students who choose to break these rules may be assigned consequences such as detentions, short/long term suspensions and removal from the bus completely. Students unable to ride the bus due to disciplinary action must make alternate ride arrangements.

Expectations for students riding school buses:

- Sit quietly and refrain from rowdy conduct.
- Be completely quiet when the bus is near a railroad crossing.
- Observe the same conduct as in the classroom and follow all school rules.
- Be courteous.
- Immediately comply with the driver's directions.
- Profane language is not permitted.
- Eating or drinking while on the bus is at each driver's discretion.

- The bus driver is authorized to assign seats.

- Have proper respect for the homeowner's property while waiting for the school bus.
- Students may ride only their designated bus unless prior written permission has been received from an administrator.

Continuum of Consequences for Inappropriate Bus Behavior

These consequences are general guidelines and may be adjusted due to the duration, severity, and intensity of the situation.

1st Intervention: --Warning / Student conference with administration/ parent phone call / possible detention. Driver may assign student to different seat.

2nd Intervention: – Parent phone call / possible removal of bus privileges for the next day and/or up to seven school days. Possible detention/ ISS (1-3 days) / Bus letter sent home. Assigned seating on the bus for the rest of the quarter.

3rd Intervention: Parent phone call / possible meeting between bus driver, student, parent and administration. Removal of bus privileges for seven school days up to 30 school days. Possible ISS (3-5 days). Written plan for improvement will be developed and implemented. Bus letter sent home. Assigned seating on the bus for the rest of the semester.

4th Intervention: Parent phone call / possible meeting between bus driver, student, parent and administration. Removal of bus privileges for up to 60 school days. Possible OSS (1-3 days). Written plan for improvement will be developed and implemented.

5th Intervention: Parent meeting with administration. Possible OSS (3-5 days). Removal of bus privileges for the rest of the school year. **These consequences are cumulative for the academic school year.**

Credit for Course Work during Suspension

Students serving In School or Out of School Suspensions will receive full credit for their work completed while in the suspension.

Detentions

Detentions will be assigned to students who engage in irresponsible behavior. Detentions must be served after school unless permission granted by a school administrator to do it before school. Students unable to serve a detention on the date assigned must notify the office. Failure to appear for a detention will result in the detention time being doubled.

Discipline at School Functions

Students are expected to behave in an orderly and appropriate manner as listed in the district's **Rights and Responsibilities** and the school's discipline code while attending school or any school function on school grounds (parking lots included) or elsewhere. Students are also expected to follow school rules at activities (parking lots and activities near or in vehicles at Memorial Field are also subject to the code of conduct) and at any out of town school events. If students choose to act in an inappropriate fashion, they will receive consequences consistent with the severity, intensity, and frequency of their actions. Students may conference with teachers, parents, and/or administration and/or may receive detentions, in-school suspensions, out-of-school suspension, expulsions, or additional consequences as determined by administration as a result of inappropriate behavior. Detentions occur at the end of the school day from 3: 30 pm to 3: 50 pm. There are no morning detentions in the office. In-school suspension begins at 8:00 am and ends at 3:30 pm. Parents are encouraged to call teachers and the administration concerning discipline in the classroom or at other school functions.

STUDENT ATTIRE GUIDELINES

Personal appearance and clothing worn to school should not violate the rules of decency, offend the standards of others, promote unsafe conditions, or detract from the educational process. Violators will be

required to change into appropriate clothing. Students missing time from class to correct violations will be considered tardy. If parents or students have any questions, they should call school administrators at 644-2516 before they purchase clothing. School administrators will make the final determination as to whether an article of clothing or accessory is appropriate for school.

Criteria for Student Attire:
