

Norfolk Public Schools
Norfolk, Nebraska
August, 2024

Dear Students, Parents, and Guardians:

The Norfolk Public Schools' staff is excited to partner with you throughout the 2024-2025 school year to maintain a positive educational environment that is focused on student learning. Our vision is to be a top-performing school that provides outstanding educational opportunities for every student and is a source of pride and an asset to our community.

This handbook contains information that is important for us to meet that vision. It is intended to serve as a guide to our schools. Although it contains detailed information on many topics, it is not intended to be all-encompassing. It does not cover every situation and circumstance that may arise during the school year, and it does not create a "contract." The administration reserves the right to make decisions and rule revisions when necessary to implement the educational program and to assure the well-being of our students.

Thank you, in advance, for partnering with us, as we strive to be a top-performing school that provides outstanding educational opportunities for every student. We look forward to a very successful year, focused on student learning.

Please return the attached Acknowledgement Sheet for our files. If you have any questions regarding the attached material, please feel free to contact a building administrator or the Director of Student Services.

Sincerely,
Dr. Jami Jo Thompson
Superintendent of Schools

NORFOLK HIGH SCHOOL
From the desk of the Principal

Dear Parents, Guardians and Students of Norfolk High School,

Welcome to the 2024-2025 school year. I am excited and honored to serve as the principal of Norfolk High School. Along with this dedicated team of teachers and staff, I am ready to continue the process of creating exceptional and effective learning opportunities. Together, with your support, input, and cooperation, we can offer our students the best possible programs and opportunities.

This handbook contains the rights and responsibilities of parents, students, teachers, and administrators, as well as the legal basis and rationale on which policies are founded. As part of our team, it is important for parents to read, discuss, and help enforce the rules and regulations enclosed in this student handbook. Our goal is not to continually punish students for inappropriate behaviors, but to support them in their efforts to learn and exhibit those which are appropriate.

Together, we (parents, guardians, business leaders, community members, administrators, teachers, and staff) are responsible for the welfare of our students. We must work together to model and support appropriate behavior, suitable dress, and punctual attendance. Together, we can provide and maintain a positive and safe learning environment for all students. This handbook serves as a guide for all of us to follow.

Success is dependent on us working together as a team. If we work together, nothing can prevent us from being a top-performing school that provides outstanding educational opportunities for every student and being a source of pride for and an asset to our community. If we work together, nothing can prevent us from preparing all students to pursue their goals for the future. If we work together, nothing can prevent our success.

Sincerely,
Jason Settles
Principal, Norfolk High School

4	100	4	4.4

2	80	2.25	2.475

B = Above Average, 86-93%	INC= Incomplete
C = Average, 78-85%	WD= Withdrawal
D = Below Average, 70-77%	NC= No Credit
F = Failing, below 70%	

Only semester grades are considered permanent and appear on Transcripts. Board Policy 5202, Article 5 - Amendment of Student Records.

Minimum Required Course Load Per Semester

- Freshman, sophomores, and juniors are required to be enrolled in academic subjects that total 30 credits (6 academic courses).
- Seniors are required to be enrolled in academic subjects that total 25 credits each semester (5 academic courses).
- Requests for exceptions to the above requirements shall be submitted in writing to the Senior High Principal.

Academic credits are those given to most courses. Teacher and Office Aide positions do not count as academic credits.

Physical Education Grades

Physical Education will be using letter and percentage grades. These grades will not count in the student's grade point average. Final grades will be Pass or Fail.

Registration

Pre-registration of students in attendance is held during the spring term proceeding the fall term. Registration of students new to the District is held during the two weeks prior to the fall term. Students who have dropped during their senior high career must first conference with the Principal before being allowed to register.

Schedule Changes

Spring registration is considered final. Schedule changes will occur only if a mistake has been made in scheduling or if a student has failed required classes needed for graduation. The NHS Master Schedule of classes is composed, teachers are hired and assigned, rooms are assigned, facilities are built or adjusted, and supplies/materials are purchased based upon the number of students registered for specific classes. Therefore, wholesale schedule changing would not only affect the carefully planned outline of the student's high school career, but it would also nullify the efforts made in constructing a well-developed Master Building Schedule for all students and teachers. If you have a problem or discover a mistake in your schedule, continue to follow the assigned schedule until you visit with your counselor (an appointment will probably be required). Do not miss the class in question while waiting for your counselor. Make an appointment before or after school or during a free period. If you do not present your teacher with a guidance appointment slip before you have a conference with your counselor, you will receive a grade of zero for the time(s) missed.

SCHOOL POLICIES AND REGULATIONS

It shall further be the policy of the District to provide full access to the records of the students to a parent/guardian all as set forth in 79-4,157, the Federal Education Right to Privacy Act (FERPA), Military Recruiters (Board Policy 5012) and other applicable law during regular business hours of the school.

Notice Concerning Directory Information

The District may disclose directory information. The types of personally identifiable information that the District has designated as directory information are as follows:

1. Student's Name, address, telephone listing, and the name, address, telephone listings (if not unlisted), e-mail address and work or other contact information of the student's parent/guardian or other adult acting in loco parentis or with authority to act as parent or guardian in educational matters for the student;
2. School and dates of attendance;
3. Student's current grade;
4. Student's enrollment status (e.g. full-time or part-time);
5. Student's date of birth and place of birth;
6. Student's extra-curricular participation;

Notwithstanding the foregoing, the District does not designate as directory information personally identifiable information from students' education records where the District determines that the disclosure to the potential recipient poses a risk to student safety or well-being, including but not limited to circumstances where the potential recipient is a registered sex offender and the personally identifiable information would permit the potential recipient to communicate with or otherwise contact the student. A parent or eligible student has the right to refuse to let the District designate information about the student as directory information. The period of time within which a parent or eligible student has to notify the District in writing that he or she does not want information about the student designated as directory information is as follows: two weeks from the time this information is first received. Please contact the Superintendent's office to indicate your refusal to have your child's information designated as directory information.

Activity Cards

Any student may purchase an activity card for \$40. The Activity Card allows students to attend all NHS home games, the opening night of plays and the musical. It is not valid at NSAA sponsored activities (districts and state tournaments) or the Northeast Nebraska Track Classic.

After School Events

Norfolk Senior High School offers a number of events students may attend after the school day has ended. It is our expectation that a student attending one of these events either home or away will follow the Norfolk Public Schools Rights and Responsibilities along with the Norfolk Senior High Code of Conduct.

Attendance

Punctual and regular attendance is an extremely important part of your daily school record. All students are required to attend school daily. State law allows a maximum of twenty days per school year. Absences are excused only when the parents have contacted the school within 24 hours of the absence. All absences (excused or unexcused) shall count towards the twenty-day limit, except for school activity absences and suspensions. Parents will be notified by mail when their student has five, 10, 15 and 20 absences from any class during the school year. On the 10th and 15th absence a meeting will be requested to go over an attendance improvement plan. On the 20th absence a letter will be sent to the Madison County Attorney's office.

Attendance - Prearranged Absences

Request for pre-arranged absences must be completed and turned into the Attendance Office 24 hours prior to the date(s) of the absence. The pre-arranged absences sheets are available from the receptionist. Students are required to meet with each of their teachers to arrange for schoolwork. Parents need to contact the Attendance Office to verify the absence. These absences will be counted toward the mandatory 10-day absence policy. Students who are involved in non-school sponsored activities are required to complete the pre-arranged absence for 24 hours in advance of the absence.

Attendance - Tardiness:

Students are allowed three tardies to 1st period ONLY before consequences are given. Consequences will be assigned to students tardy to any classes following 1st period on the first tardy. A student will receive a 20 minute detention for the first tardy for all periods except for 1st period which will begin on the 4th tardy. Each additional tardy on the same school day will result in an additional 10 minutes per tardy. First period tardies will be reset to zero at the start of each semester. Tardiness beyond 10 minutes is considered an absence from class. Students can only be excused by a parent when tardy entering the building for the students first period of the day or when returning from open periods. Tardy to the 1st period of the students day for 5 consecutive school days in which the student has not served detention time will result in 1 day of ISS.

Attendance - Truancies/Unexcused Absences

Students will be considered truant if they (See Truancy Policy)

- Fail to report to school and do not have an excuse from parents or guardians within 24 hours.
- Leave the building without checking out with the main office or school nurse and/or fail to have a parent call before leaving school.
- Are not in their assigned class but remain in the school building without permission. Students that remain unexcused will face disciplinary action as per school policy.
- If a student is unverified for the same period for 3 consecutive days will result in ISS over detention time.

Book Bags/Backpacks/Duffel Bags /Purses or bags larger than a pencil bag

Book bags, backpacks, duffel bags, and other large bags are viewed as equipment to transport books and supplies between home and school. They must be stored in hall lockers or, in the case of duffel bags, in the student's gym locker. For safety reasons, these items are not to be used during the school day to carry books and supplies from class to class. Books and supplies must be carried by hand. This will require that students organize their lockers and plan their day around class schedules so that books and supplies may be located quickly, and students are not tardy to class.

Bicycles

A bicycle rack is available for bicycle riders and is located at the west entrance. All bicycles should be chained.

Birth Certificate

By state law, any student enrolling and transferring to Norfolk High School must provide a certified copy of his/her birth certificate or acceptable affidavit. Students will not be allowed to enroll until these documents have been submitted to the school.

Breakfast Program

The high school will be serving breakfast in the morning. Students who want to eat our school breakfast will be able to enter the building at 7:20 a.m. Breakfast will be served from **7:20-7:50 a. m.** each school day. Students should enter the building from the main entrance (door #1). Students riding the bus will be able to eat breakfast when they arrive.

Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Director of Student Services and the Principal's office. Posters are not to be attached to any painted wall surfaces. Place posters on marble, glass, metal, brick and wood. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

Cafeteria

A well-balanced Class "A" hot lunch is provided during the school year for all students. The School Board determines the cost of a lunch. All meals are served in the cafeteria. In addition to the regular lunch the Cafeteria provides several items a la Carte each day. Sack lunches must be eaten in the cafeteria or the student center. "In accordance with Federal Law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age or disability. To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410 or call (800) 795-3272 or (202) 720-6382 (voice and TDD). USDA is an equal opportunity provider and employer." The forum area is not to be used for eating purposes. **Food, drink, or snack items may only be consumed in the cafeteria, the student lounge, or other designated area.** After eating you may visit the cafeteria, student lounge or forum. Because classes are being held, students may not loiter in the hallways or locker areas.

Bringing food in from outside vendors (McDonalds, Burger King, Subway, etc) is not permitted. Students should eat at those establishments.

Nondiscrimination Statement

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotope, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

(1) Mail: U.S. Department of Agriculture

Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410

(2) Fax: (202) 690-7442; or

(3) Email: program.intake@usda.gov

This institution is an equal opportunity provider.

Cell Phone/ Electronic devices Policy

All personal electronic devices (including earbuds and headphones) must be silenced and out of sight during the entire class period. Smartwatches may be worn but cannot be used for communication purposes.

As with any tool, there are appropriate places and times for the use of these devices. Permissible situations for use of cell phone/electronic devices are able to be used during passing periods and during lunch. Administrators and teachers have the right to prohibit use of devices at certain times or during designated activities (i.e. campus presentation, theatrical performance, or guest speaker) that occur during the school day. By allowing students to carry cell phones/electronic devices into the school building, students and their families are consenting to a search of that phone/electronic device by school officials when the school officials determine a need to conduct such a search. Instances determining a need for a cell phone/electronic device search may include, but are not limited to: bullying, harassment, academic integrity (cheating), threats, or any other actions deemed inappropriate by administration. Students who

fail to follow the cell phone policy will be subject to the code of conduct. MP3 players, cellular phones, CD players, beepers/pagers, and laser pointers have limited usage in an educational setting. There exists a great potential for theft, a lack of control over the material being listened to, and the possible interference of the educational process. Students using these items without permission, in areas not approved, or without teacher permission will have the item(s) confiscated and returned according to the code of conduct. Students refusing to turn over their device to a staff member will be sent to the office to meet with an administrator.

Norfolk Senior High is not responsible for the loss of any of these items.

Class Officer Nominations

- All members of the class, in good academic standing, who are interested in a particular class office may register as a candidate by submitting his or her name.
- The principal shall set a deadline when all filing shall be completed.
- Please refer to guidelines regulating the participation in extracurricular activities and holding office positions.
- Class officers will be selected from the elected student council membership.

Copyright and Fair Use

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted "fair use," rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is "fair." Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Counseling Center

There are four Guidance Counselors at Norfolk Senior High School. Each one is assigned to a part of the alphabet. If you have a problem of any kind, feel free to go to the guidance office and visit with one of the counselors. Guidance services are for your benefit. The counselors can help make the most of your high school years and plan wisely for the future. Some of the more important matters, which the counselors can help you with, include the following:

- A counselor might help you in understanding yourself and finding your place in school. The counselors have available to them a complete record of your scores on scholastic aptitude, achievement, vocational interest tests, grades achieved in classes, and other pertinent information. Knowing and understanding this information will help you to understand yourself better, direct yourself better, and find your place in life.
- Students may also sign up to take part in Job Shadowing and Mentoring
- The behavioral awareness and health point of contact is the school building counselor.

Credit for Course Work during Suspension

Students serving In School or Out School Suspensions will receive full credit for their work completed while in the suspension.

Dating Violence Policy 5420

Norfolk Public Schools strives to provide physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the educational program and are required of all students and staff. Dating violence will not be tolerated.

For purposes of this policy "dating violence" means a pattern of behavior where one person uses threats of, or actually uses, physical, sexual, verbal, or emotional abuse to control his or her dating partner. "Dating partner" means any person, regardless of gender, involved in an

intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious, or long term.

Incidents of dating violence involving students at school will be addressed as the administration determines appropriate, within the scope and subject to the limits of the District's authority. Staff training on dating violence shall be provided as deemed appropriate by the administration. The dating violence training shall include, but need not be limited to, basic awareness of dating violence, warning signs of dating violence, and the District's dating violence policy.

Dating violence education that is age-appropriate shall be incorporated into the school program. Dating violence education shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships. The administration will be responsible for ensuring that this dating violence policy is published in the school district's student-parent handbook or an equivalent such publication. Parents and legal guardians shall be informed of the dating violence policy by such other means as the administration determines appropriate. If requested, parents or legal guardians shall be provided a copy of the dating violence policy and relevant information.

Demographic Changes

Students who change their address and/or phone numbers should report such changes immediately to the Main Office. The school also needs an emergency phone number where a responsible adult can be contacted immediately in the event of any emergency

Detentions

Detentions will be assigned to students who engage in irresponsible behavior. Detentions must be served after school unless permission is granted by a school administrator to do it before school. Students unable to serve a detention on the date assigned must notify the office. Failure to serve a detention within three days of the assigned detention may result in the detention being doubled or being assigned to ISS.

Discrimination

It is the policy of the Norfolk Public Schools, not to discriminate on the basis of race, national origin, creed, age, marital status, sex or disability in its educational programs, activities, or employment policies as required by the Titles VI and VII of the 1964 Civil Rights Act, Title IX of the 1972 Education Amendments, the Section 504 Rehabilitation Act of 1973 and the Nebraska Equal Educational Opportunity Act.

Any person who believes she or he has been discriminated against, denied a benefit, or been excluded from participation in any district education program or activity on the basis of sex, race or handicap in violation of this policy may grieve such matters using the adopted grievance procedures of this district. Such procedures shall provide for prompt and equitable resolution of complaints alleging acts of discrimination.

Inquiries regarding compliance with Title IX, Section 504, Title VI or the Nebraska Opportunity in Education Act may be directed to: Director of Student Services Office, 512 Philip Avenue, Norfolk, NE 68702-0139, (402) 644-2504.

Emergency Exclusion:

A student may be excluded from school in the following circumstances:

- a. If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
- b. If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five school days or less, the procedures for a short-term suspension shall be followed. If the Superintendent or his or her designee determines that an emergency exclusion shall extend beyond five days, a hearing is to be held and a final determination made within ten school days after the initial date of exclusion. Such procedures shall substantially comply with the procedures set forth in this policy for a long-term suspension or expulsion and be modified only to the extent necessary to accomplish the hearing and determination within this shorter time period.

Equal Treatment of Students

Sensitive to Student Needs: It is the position of the Board of Education that all employees of the Norfolk Public Schools be sensitive to the needs of all students. The Norfolk Public School staff must continually strive to treat all students equally including those who have concerns or questions regarding controversial issues such as abortion, alternative lifestyles, or same sex marriages. Likewise, all students have the right 1) to attend school free from verbal and physical harassment, 2) to attend school where respect and dignity for all is enforced by staff, and 3) to be included in support programs or resources that exist to help teenagers deal with the challenges of adolescence.

Procedures

If a student who has specific questions or concerns about a staff member of the Norfolk Public Schools regarding any of the issues listed above (or others) and requests assistance of help the following steps should be followed:

- Have the student contact one of the school counselors.
- The counselor will provide the student help in obtaining professional assistance outside the school district including experts: ministers, priests, family counselors, health experts, psychologists, etc.
- If a student believes their rights have been violated the matter will be sent to the building principal for further review and action is needed.

Extra-Curricular Activity Participation

Students must attend the 4 periods before their activity dismissal or the end of the day. If a student misses any of the 4 periods before their dismissal or the end of the day for an appointment, the absence must be pre-arranged and the student must bring a note from the doctor verifying the appointment. When in doubt consult with the school athletic director regarding eligibility *immediately prior* to participating in any school activity (practice or competition.)

Fines

At times, students may incur fines for overdue library books, damage to books or property, loss of school equipment, class fines, etc. Students are expected to be responsible for their property and take care of the items the school has loaned them for periods of time. Students are expected to take care of these fines as they occur. Appeals for fines should be made to a building administrator. Failure to pay fines may result in administrative consequences. Students may not be able to attend designated school activities (like school dances) until all school fines are paid.

Grievance Procedure

Whenever students and/or parents have a problem with another person, the first step is to discuss the problem with the person directly involved.

If that conference is not successful, then the person should see the person who has the next step of responsibility.

- For classroom problems the student/parent should discuss the problem with the classroom teacher privately.
- If that conference is not successful, then one of the administrators should be contacted.
- If the student/parent is still not satisfied, they may file a complaint with the Director of Student Services using the proper Complaint forms.

Harassment

The Norfolk Public Schools prohibit any form of harassment against employees, applicants for employment, and students. Everyone has the legal right to come to school without being harassed. Harassment takes many forms, but in simple terms, threats, name calling, verbal and/or physical intimidation, unwanted teasing, telling falsehoods, etc. are considered harassment. Students engaging in harassing behavior can expect to face disciplinary and possibly legal action. Anyone who feels he/she has been harassed should immediately contact: Superintendent's Office, 512 Philip Avenue, Norfolk, NE 68702-0139, (402) 644-2504. See the Norfolk Public Schools Harassment Policy in this handbook.

Hazing

"Hazing" refers to any activity expected of someone joining a group (or to maintain full status in a group) that humiliates, degrades or risks emotional and/or physical harm, regardless of the person's willingness to participate. Norfolk Senior High School will not tolerate hazing in any form.

Health Services

The school nurse's office is located on the first floor of the north addition in room 161. The school nurse provides services to the school and the student in the areas of visual testing, immunization, and control of communicable disease, encouragement of physical and dental examinations and promoting sound mental health. Any student who has to leave the school because of illness must check out with the school nurse. Leaving school without permission will be classified as truancy and dealt with accordingly. It is necessary that the school nurse or office staff speak with a parent in order for a student to be excused from school due to illness or accident. The student is not to call the parent without permission from school personnel. Medications that need to be taken in school are to be given to the school nurse. The medication needs to be in its original container, labeled with the student's name, dosage, name of the medication and how often it is to be given. Non-prescription Medication- If a student must take a non-prescription medication during school, the following procedures are to be followed: Parent/Guardian signed and dated authorization or permission to administer the medication during school. The medication is in its original packaging and is labeled as dispensed by the prescriber or pharmacist. The label must name the child and identify the medication, strength, time interval and route to be administered. If needed, the physician may be contacted for clarification on medication administration. Students are not to carry medication with them during the school day. ***If your child has a fever or vomits at home, please keep them at home at least twenty-four (24) hours after symptoms subside. If your child is sent home from school with these same symptoms, the 24-hour wait time is preferred before they return to school. Please check with the school before bringing your child back to school.***

Note: Immunizations and shot records need to be current and complete or students will not be allowed to enroll in school.

Homeless Students Policy

Homeless children for purposes of this Policy generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable federal and state law.

No Stigmatization or Segregation of Homeless Students: It is the District's policy and practice to ensure that homeless children are not stigmatized or segregated by the District on the basis of their status as homeless.

Homeless Coordinator: The Homeless Coordinator shall serve as the school liaison for homeless children and youth and shall ensure that: (1) homeless children are identified by school personnel; (2) homeless children enroll in, and have a full and equal opportunity to succeed in, school; (3) homeless children and their families receive educational service for which they are eligible and referrals to health, dental, and mental health services and other appropriate services; (4) the parents or guardians of homeless children are informed of the educational and related opportunities available to their children and provided with meaningful opportunities to participate in the education of their children; (5) public notice of the educational rights of homeless children is disseminated where such children receive services under the federal homeless children laws, such as schools, family shelters, and soup kitchens; (6) enrollment disputes are mediated in accordance with law; and (7) the parents or guardians of homeless children, and any unaccompanied youth, are fully informed of transportation services available under law. The Homeless Coordinator shall coordinate with State coordinators and community and school personnel responsible for the provisions of education and related services to homeless children. The Homeless Coordinator may designate duties hereunder as the Homeless Coordinator determines to be appropriate.

Enrollment of and Services to Homeless Children: A homeless child shall be enrolled in compliance with law and be provided services comparable to services offered to other students in the school in which the homeless child has been placed. Placement of a homeless child is determined based on the child's "school of origin" and the "best interests" of the child. The "school of origin" means the school that the child attended when permanently housed or the school in which the child was last enrolled. Placement decisions shall be made according to the District's determination of the child's best interests, and shall be at either: (1) the child's school of origin for the duration of the child's homelessness (or, if the child becomes permanently housed during the school year, for the remainder of that school year) or (2) the school of the attendance area where the child is actually living. To the extent feasible, the placement shall be in the school of origin, except when such is contrary to the wishes of the homeless child's parent or legal guardian. If the placement is not in the school of origin or a school requested by the homeless child's parent or legal guardian, the District shall provide a written explanation of the placement decision and a statement of appeal rights to the parent or guardian as provided in Nebraska Rule 19.

If the homeless child is an unaccompanied youth, the Homeless Coordinator shall assist in the placement decision, consider the views of the unaccompanied youth, and provide the unaccompanied youth with notice of the right to appeal. The process to resolve disputes concerning the enrollment or placement of a homeless child or youth is as follows:

1. The district shall provide a written response and explanation of a decision regarding any complaint or dispute of a parent, guardian or other person having legal or actual charge or control of a homeless child or youth within thirty (30) calendar days of the time such complaint or dispute is brought;

2. The enrollment of the homeless child or youth in the school where enrollment is sought during the time such dispute is being considered;
3. And notice of the right to appeal as provided in Nebraska Rule 19.

Any parent, guardian or other person having legal or actual charge or control of a homeless child or youth that is dissatisfied with the decision of a school district after the dispute resolution process may file an appeal with the Commissioner of the Nebraska Department of Education within thirty (30) calendar days of receipt of the decision. Such appeals are informal and shall be submitted to the Commissioner in writing, as outlined in Nebraska Department of Education Rule 19, Section 005.03. The District shall immediately contact the school last attended by the homeless child to obtain relevant academic and other records. If the homeless child needs to obtain immunizations or medical records, the District shall immediately refer the parent or guardian of the homeless child to the Homeless Coordinator, who shall assist in obtaining necessary immunizations or medical records. The District may nonetheless require the parent or guardian of the homeless child to submit contact information.

Transportation will be provided to homeless students, to the extent required by law and comparable to that provided to students who are not homeless, upon request of the parent or guardian of the homeless child, or by the Homeless Coordinator in the case of an unaccompanied youth, as follows: (1) if the homeless child's school of origin is in the District, and the homeless child continues to live in the District, transportation to and from the school of origin shall be provided by the District; and (2) if the homeless child lives in a school other than the District, but continues to attend Norfolk Public Schools based on it being the school of origin, the new school and Norfolk Public Schools shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin and, if they are unable to agree, the responsibility and cost for transportation shall be shared equally. Office of the Director of Student Programs is the coordinator of homeless student services.

Identification Cards

Each student will receive an identification card, which is the property of Norfolk Senior High School. The ID card is required to use the cafeteria, library, and to have open campus. Students must carry their ID card at all times and be prepared to show it upon request. A replacement identification card will cost \$5. If students choose to leave Norfolk Senior High School the identification must be returned as part of the withdrawal process. Students entering the building without an ID card will be asked to sign in to verify their identity. If a student enters the building more than 5 times without their ID they will be referred to an administrator and required to purchase a new identification card for \$5. Repeat offenders may be subject to social suspension.

Immunization / Physical Examination Information

The Nebraska Department of Health requires the following immunizations in order for your child to enter the school.

A student is defined as any child entering Kindergarten through 12th and all students transferring from outside the State of Nebraska regardless of grade:

- 3 doses of DTaP, DTP, DT, or Td vaccine, one given on or after the 4th birthday
- 3 doses of Polio vaccine
- 3 doses of pediatric Hepatitis B vaccine or 2 doses of adolescent vaccine if student is 11-15 years of age
- 2 doses of MMR or MMRV vaccine, given on or after 12 months of age and separated by at least one month
- 2 doses of varicella (chickenpox) or MMRV given on or after 12 months of age. Written documentation (including year) of varicella disease from parent, guardian, or health care provider will be accepted. If the child has had varicella disease, they do not need any varicella shots.

Additionally for 7th grade students- 1 dose of Tdap given any time after 10-11 years of age.

Nebraska Law also requires evidence of a vision exam and physical examination by a qualified physician, physician's assistant or nurse practitioner for students transferring in from out of the state.

Insurance

Under Nebraska law the District may not use school funds to provide general student accident or athletic insurance. The District requires that all student participants in athletic programs have injury and accident insurance and encourages all students who are in classes with risk of personal injury or accident to have insurance coverage. The District does not make recommendations nor handle the premiums or claims for any insurance company, agent or carrier. Information about student insurance providers will be available in the school office or on school website.

Lockers

Your locker belongs to the school district. For convenience, the School Board gives each student permission to use a locker during the school year. Therefore, students cannot expect their locker to be free from inspection by the school if the administration considers a search necessary to maintain the integrity of the school environment and to protect other students.

- Students should not leave valuables in any locker (regular or PE). Money, jewelry, and other valuable items are enticements for untrustworthy people and impossible to trace.
- Material, which by its nature might offend another student, may not be hung in lockers. Also, writing on lockers, inside or out, is prohibited.
- Lockers are to be locked at all times! Never give your lock combination to anyone.
- At the end of the school year Senior High expects the students to clean out their lockers and leave them as they found them. Failure to do so will result in a \$5 fine.

The school is not responsible for losses from lockers, whether locked or not. Lockers have been assigned. No changes may be made without notifying the office. Students are responsible for their assigned locker.

Lost and Found

Any article that you may find on the school grounds should be turned in to the lost and found in the office. Be sure to check the lost and found if you have lost something. Items unclaimed at the end of each semester will be donated to a local charity. The school is not responsible for lost, stolen, or damaged items.

Make Up Work

Students with excused absences will be permitted to make up their work, and they are expected to make the effort to see that this work is done. Students who will be gone for an extended period are asked to request their homework with the school receptionist to facilitate the work being completed when the student returns. Generally, the student will have the same number of school days to complete makeup work, as he or she was absent, however each teacher has their own policy and it will be made available on the first day of class.

Married Students

Married students shall have the same educational opportunities in this school system as unmarried students. There shall be no discrimination on the basis of sex, marital status of any person, or the condition of being a parent. To enforce this prohibition, aggrieved persons shall use the District's anti-discrimination policies.

Media Center

The purpose of the Senior High Library is to provide students and teachers with materials for enrichment of classroom work and recreational reading. The library is open daily from 7:30 a.m. to 4:00 p.m., except when otherwise announced. The following items about the Media Center should be helpful:

- You are expected to enter and exit the main entrance through the security gate only.
- To come to the Media Center during any assigned class period or study hall you must have a green pass.

- In order to use the computers available in the Media Center during a study hall, open period, or free time students must have a signed pass from a teacher with the computer assignment listed on the pass.
- Most library materials may be borrowed for two weeks and then renewed if they are still needed. Reference books, reserve books, periodicals, and vertical file materials are overnight materials and are due before first period the next school day. Any overdue book must be returned or declared lost; if lost, you must pay for the book. If the book is later found and returned to the Media Center, all money will be refunded.
- You will be expected to allow a media specialist to check all materials carried from the Media Center. If you have food or drink in the Media Center, if you act in a disrespectful or disruptive manner, if you are destructive to the Media Center materials, facility, or furniture you will be subject to disciplinary action ranging from detention to being restricted from use of the Media Center.

You are expected to be self-disciplined and use your time in the library to read and/or do research. The Media Center is for you; therefore, think of it as a privilege (not as a right) to use and enjoy.

Safety is a priority. Please enter and exit the parking lots safely. Violation of parking rules may result in assigned parking. Failure to do so may result in the loss of a parking permit.

Participation Fee

The Norfolk School Board initiated a Participation Fee of \$60. All students participating in an activity in which the sponsor is paid as an extra-duty must pay this fee. The fee is \$60 whether the student is involved in 1 activity or 10. This fee includes an Activity Card required by the Senior High. In the student fees policy the participation fee is referred to as an "activity fee."

Passes

- Students may request to leave a classroom no more than two times per day. These passes when granted are to be recorded in the student's planner.
- Students who are returning to an assigned area at a teacher or administrator's request should have a "green pass" which is not recorded in the student planner.
- Students wishing to use the Media Center during an assigned class or study hall must have a "green pass" from the teacher they are completing work for and sign in at the Media Center desk.
- Students accessing the Achievement Center during Study Hall are to request a "pink pass" from their classroom teacher or Study Hall teacher and check in upon their arrival.

Permit to Leave the Building

Any student who has to leave the school because of illness or other reasons must check out with the office or the School Nurse. Leaving school without permission will be classified as truancy and dealt with accordingly. Students who receive permits to leave the building for Doctor's, Dentist's, or other appointments must have a parent contact the school or bring a written notice from the doctor or dentist prior to leaving. Norfolk Senior High reserves the right to verify all appointments.

Photographs/Press Releases

Unless parents specifically request in writing to the building principal that their student(s) should not be included student photographs and names may be released for print in school social media accounts, the school websites, and local media publications.

Physical Examinations

State guidelines require a physical examination signed by a doctor or a signed waiver prior to the seventh grade. This needs to be completed prior to the start of school.

Parents/ Guardians- please note that if your child is planning on playing sports at the 8th grade level, that the sports physical must be completed AFTER the date of May 1 of that year. The NSAA athletic bylaws require the physical to be completed after May 1. If a student has a physical that is dated earlier than May 1st, they will be asked to obtain a new physical in order to participate in sports.

Police Interviews - Policy 5413

With the exclusion of the Norfolk Public School Resource Officer; law enforcement or juvenile officers will not be allowed to interview students at school during the school day without the school official making a reasonable effort to contact parents. *The building principal may grant exceptions to probation and parole officers who desire to meet with students who are already on probation and/or representatives of Social Services who are accompanied by law enforcement officers.* If physical violence or a criminal act occurs at school, the school principal or designee may call the police without first receiving authorization from parents.

Pregnant and Parenting Students

Norfolk Public Schools recognizes that pregnant and parenting students have the right and responsibility to attend school. This attendance right and responsibility applies to students regardless of their marital or parental status. Further, the district will educate pregnant and parenting students and will provide reasonable accommodations to support and encourage all pregnant and parenting students to obtain their high school diploma. No student will be excluded from, denied the benefit of, or discriminated against under any educational program or activity because of pregnancy or parenting responsibilities.

Attendance and Leave of Absences

Pregnant and parenting students will be permitted to attend to their own health care, their child's medical care, or other pregnancy- or parenting- related appointments with the benefit of having any such absences or tardiness excused. A student will be permitted to take a leave of absence for pregnancy, childbirth, and any other pre- and post-natal related medical needs, along with recovery therefrom for the duration that is deemed medically necessary by the student's licensed health care provider. At the conclusion of the leave of absence, a student will be immediately enrolled in the district at the same grade and status as when the leave began. Pregnant and parenting students shall be allowed to participate in all activities including extracurricular activities throughout the student's pregnancy and thereafter unless the district deems such participation poses a substantial risk of injury to the student or to others. A pregnant and parenting student may be asked to obtain certification from the student's licensed healthcare provider regarding the student's safe participation in an extracurricular activity when such certification is required of students for other conditions which require the attention of a licensed healthcare provider.

Any absences accumulated due to pregnancy or pregnancy-related conditions, or care for an ill child, should not count towards any district policies in effect under compulsory attendance requirements. Pregnant and parenting students with excused absences or tardiness shall be treated like all other students with excused absences or tardiness for any other medical reasons.

Pregnant and parenting students will be provided with assignments, classwork and any additional support needed to ensure that the student can keep up with class requirements when absent for pregnancy or parenting-related absences.

Alternative Means to Complete Course Work

The district will provide at least one alternate method, in addition to traditional classroom instruction, to keep pregnant and parenting students in school. Such accommodation(s) may include accessing coursework online, home-based independent study, or at-home tutoring. Alternative methods of instruction or other alternative programs for pregnant and parenting students are voluntary for the student who may elect whether to engage in an alternative method of instruction or the traditional methods of instruction available to their peers. Pregnant and parenting students shall be allowed to attend their regular classrooms and complete regular coursework.

Lactation

The district will provide reasonable time and space to accommodate lactating students to express breast milk or breastfeed during the school day. Such accommodations will be in a location, other than a bathroom or closet, that is private, clean, has an electrical outlet, a chair and is reasonably accessible. Students shall also be provided a food safe refrigerator to store breast milk safely.

Child Care

If in-school child care is not provided, a list of qualified licensed child care providers will be provided upon request to pregnant or parenting students. Such lists will be updated annually and include providers that participate in the quality rating and improvement system and meet all of the quality rating criteria for at least a stepthree rating pursuant to the Step Up to Quality Child Care Act. Nothing in this policy is intended to prohibit or limit any referral for a student or a student's child to an early head start program or any other available community resources.

Privacy and Confidentiality

Pregnant and parenting students have the right to have their health and personal information kept confidential in accordance with law. School staff will make every effort to keep personal information and health records confidential and in compliance with Nebraska and federal law.

Information about students' pregnancies and related conditions will not appear in their cumulative records and will not be used when they are being considered for educational or job opportunities, awards or scholarships.

Other Accommodations

Pregnant and parenting students may request additional reasonable accommodations to ensure continued participation and enrollment in school. Accommodation requests will be evaluated on a case-by-case basis. Such accommodations may include but are not limited to: additional frequency allowed for bathroom breaks, additional time allowed in between class periods, a larger desk or additional work space, and adjustments to requirements for physical education as needed. Students seeking additional reasonable accommodation should make such requests to the building principal.

Bullying and Harassment

Pregnant and parenting students have the same rights as other students to be free from discrimination, bullying, and harassment. Such school policies are incorporated herein and apply to all students.

Policy Dissemination

Pursuant to law, this policy will be available at the beginning of each school year on the district's website and is hereby incorporated into the student handbook.

Professional Boundaries Rule

The following professional boundary rules are in place to protect both staff and students. Every student or parent who observes or suspects a staff member or student violating any of these rules should inform their Building Principal or Superintendent as soon as possible:

All employees are expected to observe and maintain professional boundaries between themselves and students. A violation of professional boundaries will be regarded as a form of misconduct and may result in disciplinary action.

The following non-exclusive list of actions will be regarded as a violation of the professional boundaries that employees are expected to maintain with a student:

- Using e-mail, text messaging, instant messaging or social networking sites to discuss with a student a matter that does not pertain to school-related activities, such as the student's homework, class activity, school sport or club, or other school-sponsored activity. Electronic communications with students are to be sent simultaneously to multiple recipients, not to just one student, except where the communication is clearly school-related and inappropriate for persons other than the individual student to receive (for example, emailing a message about a student's grades).
- Engaging in social-networking friendships with a student on social networking sites. Material that employees post on social networks that is publicly available to those in the school community must reflect the professional image applicable to the employee's position and not impair the employee's capacity to maintain the respect of students and parents or impair the employee's ability to serve as a role model for children. Employees shall not friend or follow students on any social networking site.
- Engaging in sexual activity, a romantic relationship, or dating a student or a former student within one year of the student graduating or otherwise leaving the District.
- Making any sexual advance - verbal, written, or physical - towards a student.
- Showing sexually inappropriate materials or objects to a student.
- Discussing with a student sexual topics that are not related to a specific curriculum.
- Telling sexual jokes to a student.
- Invading a student's physical privacy (e.g., walking in on the student in a restroom).
- Hugging or other physical contact with a student that is initiated by the employee when the student does not seek or want this attention.
- Being overly "touchy" with a specific student.
- Allowing a specific student to get away with misconduct that is not tolerated from other students, except as appropriate for students with an IEP or 504 Plan.
- Discussing with the student the employee's problems that would normally be discussed with adults (e.g., marital problems).
- Giving a student a ride in the employee's personal vehicle without express permission of the student's parent or school administrator unless another adult is in the vehicle.
- Taking a student on an outing without obtaining prior express permission of the student's parent or school administrator.
- Inviting a student to the employee's home without prior express permission of the student's parent and school administrator.
- Going to the student's home when the student's parent or a proper chaperone is not present.
- Giving gifts of a personal nature to a specific student.
- Discussing alcohol, tobacco or other illicit drugs in a non-instructional setting, such as describing a party that the employee attended.
- Discussing another student's or employee's personal matters when it is not appropriate outside of the instructional setting.
- "Grooming," which includes building trust with a student and individuals close to the student in an effort to gain access to and time alone with the student, with the ultimate goal of engaging in sexual contact or sexual penetration with the student, regardless of when in the student's life the sexual contact or sexual penetration would take place.

Appropriate exceptions are permitted to the foregoing for legitimate health or educational purposes and for reasons of family relationships between employees and their children who are students in the District. A staff member seeking an exception must receive advance approval from his or her administrator. If a staff member is unable to communicate with an administrator in advance (such as in the event of an emergency), the staff member must notify the administrator as soon as possible, but not later than 24 hours immediately following the event.

Any person who suspects a District employee of engaging in any prohibited conduct under this policy, including grooming, should contact the Superintendent as soon as practical.

An employee who violates this policy may face discipline, up to and including termination of employment, and may be referred to the appropriate certification or credentialing agencies for further discipline.

Prohibited Use of Electronic Devices: Students shall not use electronic devices for: (a) activities which disrupt the educational environment; (b) illegal activities in violation of state or federal laws or regulations; (c) unethical activities, such as cheating on assignments or tests; (d) immoral or pornographic activities; (e) activities in violation of Board or school policies and procedures relating to student conduct and harassment; (f) recording others (photographs, videotaping, sound recording, etc.) without direct administrative approval and consent of the person(s) being recorded, other than recording of persons participating in school activities that are open to the public; (g) "sexting;" or (h) activities which invade the privacy of others. Such student misuses will be dealt with as serious school violations, and immediate and appropriate disciplinary action will be imposed, including, but not limited to, suspension and expulsion from school.

Notice Concerning Designation of Law Enforcement Unit:

The District designates the Norfolk Police Department as the District's "law enforcement unit" for purposes of (1) enforcing any and all federal, state or local law, (2) maintaining the physical security and safety of the schools in the District, and (3) maintaining safe and drug free schools.

Notification Of Concern

It shall be the policy of the district that whenever a parental objection is raised concerning textbooks, tests, or other curriculum materials, the subject matter and concern should be brought to the building principal in writing. Only those requests made in good faith for reasons of conscience or on religious beliefs will be honored. Requests will be made to the building principal on a standard exemption form that will be available in all school buildings and the administrative offices of the District. The administrator of the building will direct the appropriate personnel to make a reasonable effort to provide (when reasonable or practical to do so) alternate instructional and/or school experiences for those activities from which the student has been excused.

School Hours

Norfolk High School is open for general student usage from 7:45 am until 3:40 pm daily (7:45 am to 2:15 pm on Wednesdays). Students meeting with teachers or involved in activities are expected to remain in those areas. Doors 1 and 16 will be opened for students on school days beginning at 7:00 am and will be locked at 8:10 am. Students arriving before 7:00 am may sit in the vestibule at door 1 or 16. Students arriving at 7:00 am will sit in the school cafeteria, forum, or student lounge. After school all students not meeting with teachers, in school activities, or in detention are to leave the building promptly.

School Nurse

The school nurse's office is immediately west of the administrative offices. If you are ill, secure a pass from your teacher and report to the nurse's office. It is necessary that the school nurse or office official speak with a parent in order for a student to be excused from

school due to illness or accident. Failure to check out through the Nurse's Office or the Main Office shall be considered truancy. The student is not to call the parent. A permit to leave the building includes signing out at the office. Students returning to school following three consecutive days of illness/injury must check in with the school nurse.

Search and Seizure-Policy 5406

The administrative team is authorized to conduct searches of students and their property as well as property of the district in order to enforce compliance with statutes, policies and rules. A search may be conducted when a member of the administrative team determines there is reason to believe it could disclose evidence of the violation of a statute, policy or rule. The administrative team is also authorized to conduct area-wide searches (e.g., searches of all student lockers) on the same basis and for reasons which include, but are not limited to, safety, health and discovery of the violation of a statute, policy or rule. Student lockers, desks, and other such property are owned by the school. The school exercises exclusive control over school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in lockers and desks issued or made available to them by the school. When a search is part of a criminal investigation conducted in cooperation with police or law enforcement, or is intended to discover evidence to be used exclusively in a criminal proceeding, the police or law enforcement official shall be made responsible for the search. Policy permits school administrators to search vehicles parked on Norfolk Public Schools property. Law enforcement, including drug sniff dogs, will be contacted when circumstances dictate.

Smoking and Profanity

Smoking and profanity are not permitted on any school grounds, in any school building, at any school function, during any part of the day, which includes evening activities. Any of the above may result in the student being suspended. Please refer to the Students Rights and Responsibilities and/or Board policies, which specify suspension and from school. Also see the Senior High Code of Conduct.

Social Moratorium

Students committing violations in Student Code of Conduct may also be assigned a social moratorium effective until the satisfactory completion of a behavior contract. During the moratorium students would be barred from attending school sponsored activities occurring outside of the regularly scheduled school day. Examples of activities students would be excluded from attending include school dances, sporting events, concerts, drama productions, and musical productions. Administrators may also assign a social moratorium in the case of multiple violations of NHS Code of Conduct categories. (ie truancy / refusal to comply), chronic absenteeism, and not passing 4 or more classes.

Special Education

What is "special education?" Special education refers to "specially designed instruction or support for students with verified disabilities." Which persons are entitled to a special education? School districts in Nebraska provide an education for individuals with disabilities from birth through 21, or program completion.

What disabilities are served through special education programs? Children who benefit from the program offered may have one or more of the following disabilities: behavioral disorder, deafness, blindness, hearing impairment, mental handicap (mild, moderate, severe/profound), orthopedic impairment, other health impairment, specific learning disability, speech-language impairment, visual impairment, autism, or traumatic brain injury. Every effort will be made to educate students with a disability with their non-disabled peers.

How does a child qualify for a special education program?

- a) Any parent or teacher who believes a child may have a disability, can request a Student Assistance Team (SAT) meeting to discuss the possibility of a referral for a special education evaluation.
- b) If the SAT members believe a special education evaluation is necessary, a recommendation will be made to the parents to grant permission for this evaluation.
- c) After written parental permission has been obtained, appropriate qualified professionals complete an evaluation of the child and make recommendations to a Multi-Disciplinary Team (MDT) to determine if there is a disability.
- d) If it is determined that a child has a verified disability, parents and staff members agree on an Individual Education Plan (IEP) to serve the child's special needs.
- e) The child is placed in an appropriate level of special education service that may include a continuum of services ranging from continued regular classroom placement with assistance provided to separate specialized programs. This placement is determined by the IEP team of which parents are an integral part, and is based upon a student's learning needs. Written parental permission is needed for initial placement into special education programming.

Staff Qualifications

On December 10, 2015, President Barack Obama signed the Every Student Succeeds Act (ESSA) into law as Public Law Number 114-95. ESSA reauthorizes the Elementary and Secondary Education Act of 1965 "to ensure that every child achieves."(1)

ESSA is the nation's general education law and, as such, has been revised by Congress many times over the years. The last reauthorization took place in 2001 and was called the No Child Left Behind Act (NCLB).

In accordance with the Every Student Succeeds Act/ PARENTS' RIGHT-TO-KNOW, this is a notification from Norfolk Public Schools to every parent of a student in a Title I school that you have the right to request and receive in a timely manner: a) information regarding the professional qualifications of your student's classroom teachers.

Please note that Norfolk High school is not Title 1 school, however, Norfolk Public Schools does receive Title monies.

The information regarding the professional qualifications of your student's classroom teachers shall include the following:

- I. If the teacher has met state qualification and licensing criteria for the grade level and subject areas taught;
 - a. If the teacher is teaching under emergency or temporary status in which the state qualifications and licensing criteria are waived;
 - b. The teachers baccalaureate degree major, graduate certification, and field of discipline; and
 - c. Whether the student is provided services by paraprofessionals, and if so, their qualifications [ESSA 1112(e)(1)(A)(i)-(ii)]

Student Behavior

Every effort is made to work with students and special and/or disciplinary problems. Assistance from teachers is solicited in an attempt to accomplish this end. Every effort will be made to make the consequences fit the inappropriate behavior. Special efforts are being made to coordinate behavior expectations and to make consequences consistent among the Middle School, Junior and Senior High. Detentions, work details, loss of privileges, suspension, and even expulsion may result from a single inappropriate behavior or a pattern of inappropriate behaviors based upon the nature of the action(s). Complete standards of behavior, actions which may result in short or long term suspensions, and the procedures for both are contained in the "Students Rights and Responsibilities" which is included in this handbook. Each student receives their handbook on their first day of school and which requires acknowledgment by parent and student signature.

Student Discipline

Student discipline is handled in a structured manner and is designed to serve as a deterrent. Consequences for violating school rules and policies include Conferencing with Administration, Conferencing with Guidance Counselors, Detention, Saturday School, In-School Suspension, Out-of-School Suspension, and Expulsion. Please review the Student Rights and Responsibility Section of this handbook for complete information on suspension and expulsion. The Norfolk Senior High Code of Conduct is also contained in this handbook.

Student Dress Code

Norfolk Public Schools subscribe to the premise that teaching principles of good grooming and cleanliness are a desirable facet of the educational process. Our public schools are sensitive to rapid changes in dress and grooming. However, we cannot accept those changes that depart from cleanliness, neatness, good taste, modesty and decency. Administrators must weigh community standards, harassment or standards of others, along with the individual rights. In general, appearances that detract from the learning atmosphere cannot be permitted. It is hoped that students of Norfolk will take pride in their appearance and their school.

Guidelines

- Advertising or promotion of violence/firearms, alcoholic beverages, tobacco, and illegal drugs/intoxicants is not permitted. This includes jewelry.
- Attire that contains vulgar or offensive language, or is sexually explicit, indecent, or lewd.

Refusal will be considered a violation of student code of conduct category II and students will be subject to the included consequences.

Student Privacy Protection

It is the policy of Norfolk Public Schools to develop and implement policies which protect the privacy of students in accordance with applicable laws. The District's policies in this regard include the following:

Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties: Parents shall have the right to inspect, upon the parent's request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed by the school to the parent's child.

Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive: The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Right of Parents to Inspect Instructional Materials: Parents have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term "instructional materials" for purposes of this policy. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five (5) school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and place as will not interfere with the educator's intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Protection of Student Privacy in Regard to Personal Information Collected from Students: The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that

information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. "Personal information" for purposes of this policy means individually identifiable information about a student including: a student or parent's first and last name, home address, telephone number, and social security number. The term "personal information," for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or postsecondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

Parental Access to Instruments used in the Collection of Personal Information: While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy: The District provides parents with reasonable notice of the adoption or continued use of this policy and other policies related to student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

Notification to Parents of Dates of and Right to Opt-Out of Specific Events: The District will directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information). Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and,

Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parental opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act).

Parents shall be offered an opportunity in advance to opt their child out of participation in any of the above listed activities.

In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

Definition of Surveys of Matters Deemed to be Sensitive: Any survey containing one or more of the following matters shall be deemed to be "sensitive" for purposes of this policy:

1. Political affiliations or beliefs of the student or the student's parent;
2. Mental or psychological problems of the student or the student's parent;

3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of other individuals with whom the student has close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the students or the student's parent;
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Student Rosters/Student Photos

Norfolk Senior High provides a listing of students to U. S. Military Recruiters, Colleges, and occasionally to Senior High approved vendors, i.e. Class Rings, Graduation Supplies. Students may also have their photo used in Norfolk High and local media publications. Families not wanting to be included on the mailing list or not wanting their students photo used must contact the Guidance Office prior to September 1st of each school year.

Student Visitors

It is not the policy of Norfolk Senior High School to allow non-students to attend classes with a student. We feel it is important not to interrupt the educational process.

Student Withdrawal

If a student plans to drop or transfer to another school, he or she must report to the Registrar in the front office for a withdrawal slip. The student then asks each teacher to sign the slip and indicate that the student has checked in all books and met all other obligations. The withdrawal slip is then returned to the Principal's Office.

Study Hall Expectations

Students not taking a full load of courses will be placed in a mandatory study hall. This study hall is considered an important part of the complete curriculum and offers students an excellent opportunity to complete schoolwork. Unexcused absences, or truanancies, will not be tolerated and students will be dealt with according to policy.

Students may not:

- Talk without the instructor's permission.
- Change seats without the instructor's permission.
- Leave without a pass from the teacher.
- Sleep during study hall.
- Play games.

Students must:

- Be in the room before the bell rings.
- Bring materials to study hall.
- Follow the instructor's directions.
- Report back from a pass before the bell.

Technology

Students at Norfolk Senior High are required to follow the Norfolk Public Schools Internet Policy. Students and faculty must abide by the policies contained in that agreement. Students and faculty that fail to follow those policies will have their access to technology terminated.

Specifically, Norfolk Senior High School reserves the right to inspect all network files without specific permission with reasonable cause in the interest of system security and integrity. Norfolk Senior High School disclaims responsibility for loss of data or interference with files resulting from its efforts to maintain privacy, security and integrity of the Norfolk Senior High School's computing facilities. Norfolk Senior High does not allow any copying of school-owned or licensed software or data to another computer system for personal or external use without prior approval. In order to use the computers available in the Media Center during a study hall, open period, or free time students must have a signed pass from a teacher with the computer assignment listed on the pass.

A complete copy of the "Technology & Internet Agreement" is available at the office. The Norfolk Public School's Internet Policy may be found in this handbook.

Telephones

Use of the office phone will only be allowed in an emergency or when a student is ill. After school usage will begin at 3:30 pm.

Title VI Indian Education

The Title VII Indian Education Program, serving K-12 students, offers tutoring, mentoring, home-school communication/coordination and distributes school supplies each semester. If your student, the parent or grandparent is an enrolled member of a Native American Tribe, please fill out the Student Eligibility form available from your School Principal or Central Office (512 Philip). For additional information or assistance for Native American students, please contact Central Office at 644-2500

Transportation Guidelines

Norfolk Public Schools may provide transportation for all students involved in activities which require transportation. Students may be required to travel together as a team (or group) both to and from the activity. This provides a safe and secure process for all students.

(Board Policy 5506). **In rare situations, a parent/guardian may request, in writing, to take their child either to or from the scheduled activity. This will only be allowed by giving the head coach/sponsor 24 hours notice.** The head coach/sponsor will seek administrative approval before granting this request. Off campus classes transportation will not be provided.

Video Surveillance

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. The Superintendent may use video cameras in locations as deemed appropriate.

Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recordings may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

NORFOLK PUBLIC SCHOOLS NORFOLK, NEBRASKA

STUDENTS' RIGHTS AND RESPONSIBILITIES IN NORFOLK PUBLIC SCHOOLS

The mission of Norfolk Public Schools is to prepare all students to pursue their goals for the future

This mission is based on beliefs and principles about how students learn and what they must know to behave as responsible citizens and productive workers in a highly competitive, increasingly global society.

This policy statement provides the general guidelines of conduct, which are expected of our students. It also describes the responsibilities of the students in relation to this conduct standard.

These rules and standards apply to all school buildings and grounds, during and immediately before or after school hours. They also apply to school-sponsored functions both on and off school property.

The Board of Education has adopted the following policies of general application governing student conduct in all schools. Principals will establish other rules and regulations applicable to conduct at their respective sites that are consistent with those established by the Board of Education.

I. GENERAL STANDARDS OF BEHAVIOR:

It is expected that students will conduct themselves in a manner which is considerate of others, respectful of property and mindful of the good of all.

Students should therefore:

- Attend school regularly and punctually.
- Act in a manner that will enhance the learning environment for all students.
- Use school facilities in a way that will conserve their continued usefulness.
- Apply themselves to the best of their ability to the learning tasks assigned.
- Abide by school regulations and assist in their enforcement and modification.
- Participate constructively in school government and assist in modification or regulations for general school improvement.

II. STUDENT USE/ABUSE OF ALCOHOL AND OTHER SUBSTANCES:

All students have a right to attend school in an environment conducive to learning. Since alcohol and other drug use is illegal, contagious, and interferes with both effective learning and the healthy development of children and adolescents, the school has a fundamental legal and ethical obligation to prevent drug use and to maintain a drug-free educational environment.

No student may use, possess, be under the influence of, sell, or distribute alcohol or other substances, nor may use or possess drug paraphernalia (except drugs as prescribed by a physician) on school grounds or at school-sponsored events. The same restrictions apply to students participating in extracurricular activities. The terms "alcohol or other substances" shall refer to the use of all substances including, but not limited to, alcohol, tobacco, inhalants, illicit drugs, and look-alikes. Tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect. The inappropriate use of prescription and over-the-counter drugs shall also be prohibited. This policy applies to all school buildings, grounds and school-sponsored functions or events whether on or off school grounds.

The school district will provide a health curriculum that will include strategies of prevention and intervention designed to educate students on the use/abuse of alcohol and other substances.

Violations of this policy will be handled in accordance with the rules and regulations set forth in this document.

III. ATTENDANCE POLICY

A. Nebraska State Statute (79-201) requires that all students between the ages of 6 - 18 attend school. It is the responsibility of the parent/guardian to see that the student is at school at the appropriate time in a proper state of health and cleanliness.

B. Notification of an absence must be made to the school office or the absence will be considered unexcused. The school district is required by law to notify juvenile justice officials when excessive absences occur. Building administrators will establish attendance guidelines for their respective buildings and they are published in the school's parent/student handbook.

IV. CONSEQUENCES OF DISRUPTIVE BEHAVIOR: SUSPENSION OR EXPULSION

Conduct which violates the rules and regulations and policies adopted by the Board of Education and as set forth below will subject the student to disciplinary action. Disciplinary action may be, but is not limited to:

- A. Counseling of the student. In alcohol/drug related incidents students shall have an alcohol evaluation performed by a qualified drug/alcohol counselor. Payment will be at the student's expense.
- B. Parent conferences.
- C. Rearrangement of schedule/assignment to another school.
- D. Requirement that the student remain in school after regular hours, summers and Saturdays to complete additional work.
- E. Restriction of participation in extracurricular activity.
- F. Involving law enforcement and/or social service agencies.
- G. **Short-term suspension:** Any student may be excluded from the Norfolk Public Schools for a period of time not to exceed five school days provided that the suspension is assigned under the guidelines provided by Nebraska State Law and as set forth below. Also reference Board Policy 5101

1. Circumstances warranting short-term suspension:

- a. If the student has a dangerous communicable disease transmissible through normal school contacts.
- b. If the student is infected with or can be proven to be a carrier of external parasites (such as head lice) which may be transmissible through normal school contacts and which pose a threat to the safety and well-being of the school community.
- c. If the student is involved in behavior or activities which interfere with any educational function or which infringe upon the rights of other students to pursue an education. Some **objectionable activities or behavior** which could result in short-term suspensions are as follows:
 - 1. Refusal to comply with reasonable standards of behavior established by teachers or building administrator.
 - 2. Use of abusive or profane language.
 - 3. Fighting.
 - 4. Willful truancy or willful and repeated tardiness.
 - 5. Vandalism, theft or pilferage of property belonging to the school district staff members or students.
 - 6. Engaging in the unlawful possession, being under the influence of, selling, dispensing, or use of an illegal substance, tobacco or alcoholic beverage.
 - 7. Committing any other act or becoming involved in any other activity, which causes a disruption in the normal educational opportunity for other students.
- d. If the student's conduct presents a clear threat to the physical safety of himself/herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.
- e. Conduct constituting grounds for expulsion or long-term suspension as set out in Nebraska law.

2. Procedure for short-term suspension:

- a. When a student is accused of conduct which might result in suspension under this section, the building administrator (Assistant Principal/ Dean of Students) is to conduct an investigation into the charges made and ascertain whether there is evidence of a violation of sufficient seriousness to warrant further action.
- b. When the building administrator believes that further action is needed, he/she shall inform the student of the charges against him/her and give the student an opportunity to present his/her version of the incident.
- c. Should the building administrator believe that a short-term suspension is justified, the building administrator shall make every reasonable attempt to notify the student's parent or guardian immediately.
- d. The suspension shall take effect at the time specified by the building administrator. Written notification of the suspension shall be sent by regular mail to the parent or guardian as soon, as is reasonably possible.
- e. Such suspension may be either "in-school," where a student does not attend classes but reports for study under supervised conditions as the building administrator may direct, or "out-of-school," where a student is not permitted to be present on school property. **In either case, students may not participate in or attend any activities sponsored by the Norfolk Public Schools.**
- f. Opportunity will be given to students who are suspended to make up missed work.
- g. If the building administrator makes a decision to discipline a student and the parent or guardian does not accept this decision, the parent or guardian may appeal to the Building Head Principal. The student or the student's parent or guardian must appeal with the Building Head Principal within 5 school days of the receipt of the written notice. The Building Head Principal shall review the incident and the disciplinary action imposed by the building administrator. The Building Head Principal shall inform the parent or guardian of his/her decision within three calendar days from the date that the appeal is received.
- h. Nothing in this policy shall preclude the student or the student's parent guardian or representative from discussing and settling this matter with appropriate school personnel prior to the conference with the Building Head Principal.

Long-term suspension/expulsion:

Long-term suspension shall mean the exclusion of a student from attendance in all schools within the Norfolk Public School System for a period of time exceeding five but less than twenty school days. **Expulsion** shall mean exclusion from attendance in all schools within the system.

1. Length of expulsions for regular and special circumstances

- **Regular Circumstances.** The expulsion of a student shall be for a period not to exceed the remainder of the semester in which it took effect, unless the misconduct occurred (1) *First Semester* - within ten (10) school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester or (2) *Second Semester* - within ten (10) school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year (subject to automatic review).

Physical injury caused by accident, self-defense or an action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision.

- e. Knowingly possessing, handling or transmitting any object or material that is ordinarily or generally considered a weapon.

3. Procedure for long-term suspension/expulsion:

- a. The principal (Head Building Principal, Assistant Principal) may suspend a student immediately, regardless of the fact that a hearing was requested within five days of notice of expulsion or long-term suspension by the school, if the principal determines that such immediate suspension is necessary to prevent or substantially reduce the risk of: a) interference with an educational function or school purpose or b) personal injury to the student, other students, school employees, or school volunteers. Although the preferable practice is that the principal makes such determination in writing, nothing in this policy shall so require. If no hearing is requested, the immediate suspension will continue until the date the long-term suspension, expulsion, or mandatory reassignment takes effect. If a hearing is requested, the suspension will continue until the date the hearing examiner files the report of his or her findings with the Superintendent, if the principal has made a determination as described above.

- (5) National Trips: Norfolk Public Schools will provide no financial support to extra-curricular student groups or organizations for travel outside of Nebraska (exclusive of NSAA sanctioned activity competition in Iowa and South Dakota). Vocational Student Organizations (including, but not limited to DECA, FBLA, FFA, and VICA) that have members qualify for National competition through State-sponsored conferences/conventions will be allowed to attend those conferences. Groups that qualify for National competition through calendar school year competition, which are primarily academic in nature (including, but not limited to Quiz Bowl and Speech/Debate) will also be allowed to attend their competitions. Absences will be counted as school activity and a staff member will be provided to act as an official sponsor for the trip. Occasionally groups (including, but not limited to Band, Choir, Cheerleaders and Pink Panthers) are invited to make trips or are invited to make trips through summer camps. Student groups that choose to take these trips shall not use school time to organize or plan. Absences for these trips will not be excused if taken during school time. The District will not endorse trips on school days nor provide a staff member to act as an official sponsor for the trip. (Note: If the trip occurs on a "non-contract day, or a non-school day, a staff member may choose to use their own time to participate).

B. Prohibited Harassment, Discrimination, and Retaliation of Employees, Students and Others.

1. Purpose:

The Norfolk Public School District is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination, harassment and

retaliation of any kind by District employees, including, co-workers, non-employees (such as volunteers), third parties, and others is strictly prohibited and will not be tolerated.

Harassment is a form of discrimination and includes verbal, non-verbal, written, graphic, or physical conduct relating to a person's sex, disability, race, (including skin color, hair texture, and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity or other protected status, that is sufficiently serious to deny, interfere with, or limit a person's ability to participate in or benefit from an educational or work program or activity, including, but not limited to:

a. Conduct that is sufficiently severe or pervasive to create an intimidating, hostile, or abusive educational or work environment, or

b. Requiring an individual to endure the offensive conduct as a condition of continued employment or educational programs or activities, including the receipt of aids, benefits, and services.

Educational programs and activities include all academic, educational, extracurricular, athletic, and other programs of the school, whether those programs take place in a school's facilities, on a school bus, at a class or training program sponsored by the school at another location, or elsewhere.

Discriminatory harassment because of a person's sex, disability, race, (including skin color, hair texture, and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity or other protected status, may include, but is not limited to:

a. Name-calling,

b. Teasing or taunting,

c. Insults, slurs, or derogatory names or remarks,

d. Demeaning jokes,

e. Inappropriate gestures,

f. Graffiti or inappropriate written or electronic material,

g. Visual displays, such as cartoons, posters, or electronic images,

h. Threats or intimidating or hostile conduct,

i. Physical acts of aggression, assault, or violence, or

j. Criminal offenses

The following examples are additional or more specific examples of conduct that may constitute sexual harassment:

a. Unwelcome sexual advances or propositions,

b. Requests or pressure for sexual favors,

c. Comments about an individual's body, sexual activity, or sexual attractiveness,

d. Physical contact or touching of a sexual nature, including touching intimate body parts and inappropriate patting, pinching, rubbing, or brushing against another's body,

e. Physical sexual acts of aggression, assault, or violence, including criminal offenses (such as rape, sexual assault or battery, and sexually motivated stalking), against a person's will or where a person is incapable of giving consent due to the victim's age, intellectual disability, or use of drugs or alcohol,

f. Requiring sexual favors or contact in exchange for aids, benefits, or services, such as grades, awards, privileges, promotions, etc., or

g. Gender-based harassment; acts of verbal, nonverbal, written, graphic, or physical conduct based on sex or sex-stereotyping, but not involving conduct of a sexual nature.

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled "Grievance Procedures," below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

2. Anti-retaliation:

The District prohibits retaliation, intimidation, threats, coercion, or discrimination against any person for opposing discrimination, including harassment, or for participating in the District's discrimination complaint process or making a complaint, testifying, assisting, or participating in any manner, in an investigation, proceeding, or hearing. Retaliation is a form of discrimination.

The District will take immediate steps to stop retaliation and prevent its recurrence against the alleged victim and any person associated with the alleged victim. These steps will include, but are not limited to, notifying students, employees, and others that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment, or retaliation have occurred. If retaliation occurs, the District will take prompt and strong responsive action, including possible discipline, including expulsion or termination, if applicable.

3. Grievance (or Complaint) Procedures:

Employees or students should initially report all instances of discrimination, harassment or retaliation to their immediate supervisor or teacher or to the compliance coordinator designated to handle complaints of discrimination (designated coordinator). If the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student may report the alleged discrimination, harassment or retaliation ("discrimination") to the designated coordinator, or in the case of students, to another staff person (such as a counselor or principal).

Other individuals may report alleged discrimination to the designated coordinator. If the designated coordinator is the person alleged to have committed the discriminatory act, then the complaint should be submitted to the Superintendent for assignment. A discrimination complaint form is attached to this grievance procedure and is available in the office of each District building, on the District's website, and from the designated coordinators. Under no circumstances will a person filing a complaint or grievance involving discrimination be retaliated against for filing the complaint or grievance.

i. Level 1 (Investigation and Findings):

Once the District receives a grievance, complaint or report alleging discrimination, harassment, or retaliation, or becomes aware of possible discriminatory conduct, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred. If necessary, the District will take immediate, interim action or measures to protect the alleged victim and prevent further potential discrimination, harassment, or retaliation during the pending investigation. The alleged victim will be notified of his or her options to avoid contact with the alleged harasser, such as changing a class or prohibiting the alleged harasser from having any contact with the alleged victim pending the result of the District's investigation. The District will minimize any burden on the alleged victim when taking interim measures to protect the alleged victim.

The District will promptly investigate all complaints of discrimination, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The District will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this grievance procedure. If the allegation(s) involve possible criminal conduct, the District will notify the complainant of his or her right to file a criminal complaint, and District employees will not dissuade the complainant from filing a criminal complaint either during or after the District's investigation.

The District will aim to complete its investigation within ten (10) working days after receiving a complaint or report, unless extenuating circumstances exist. Extenuating circumstances may include the unavailability of witnesses due to illness or incapacitation, or additional time needed because of the complexity of the investigation, the need for outside experts to evaluate the evidence (such as forensic evidence), or multiple complainants or victims. If extenuating circumstances exist, the extended timeframe to complete the investigation will not exceed ten (10)

additional working days without the consent of the complainant, unless the alleged victim agrees to a longer timeline. Periodic status updates will be given to the parties, when appropriate.

The District's investigation will include, but is not limited to:

- a. Providing the parties with the opportunity to present witnesses and provide evidence.
- b. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
- c. For allegations involving harassment, some of the factors the District will consider include: 1) the nature of the conduct and whether the conduct was unwelcome, 2) the surrounding circumstances, expectations, and relationships, 3) the degree to which the conduct affected one or more students' education, 4) the type, frequency, and duration of the conduct, 5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, 6) the number of individuals involved, 7) the age (and sex, if applicable) of the alleged harasser and the alleged victim(s) of the harassment, 8) the location of the incidents and the context in which they occurred, 9) the totality of the circumstances, and 10) other relevant evidence.
- d. A review of the evidence using a "preponderance of the evidence" standard (based on the evidence, is it more likely than not that discrimination, harassment, or retaliation occurred?)

The designated compliance coordinator (or designated investigator) will complete an investigative report, which will include:

- a. A summary of the facts,
- b. Findings regarding whether discrimination, harassment or other inappropriate conduct occurred, and
- c. If a finding is made that discrimination, harassment or other inappropriate conduct occurred, the recommended remedy or remedies necessary to eliminate discrimination, harassment or other inappropriate conduct.

If someone other than the designated compliance coordinator conducted the investigation, the compliance coordinator will review, approve, and sign the investigative report. The District will ensure that prompt, appropriate, and effective remedies are provided if a finding of discrimination, harassment, or retaliation is made. The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings.

The District will send concurrently to the parties written notification of the decision (findings and any remedy) regarding the complaint within one (1) working day after the investigation is completed. The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 11232g; 34 C.F.R. Part 99, permits the District to disclose relevant information to a student who was discriminated against or harassed.

ii. Level 2 (Appeal to the Superintendent):

If a party is not satisfied with the findings or remedies (or both) set forth in the decision, he or she may file an appeal in writing with the Superintendent within five (5) working days after receiving the decision. The Superintendent will review the appeal and the investigative documentation and decision, conduct additional investigation, if necessary, and issue a written determination about the appeal within ten (10) working days after receiving the appeal. The party who filed the appeal will be sent the Superintendent's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. [If the Superintendent is the subject of the complaint, the party will file the appeal directly with the Board.]

iii. Level 3 (Appeal to the Board):

If the party is not satisfied with the Superintendent's determination, he or she may file an appeal in writing with the Board of Education within five (5) working days after receiving the Superintendent's determination. The Board of Education will review the appeal, the Superintendent's determination, the investigative documentation and decision, and allow the party to address the Board at a Board meeting to present his or her appeal. The party will be allowed to address the Board at the Board's next regularly scheduled Board meeting (unless the Board receives the appeal within one week of the next regularly scheduled Board meeting) or at a time and date agreed to by the Board, designated compliance officer and the party. The Board will issue a written determination about the appeal within thirty (30) days after the party addresses the Board. The party who filed the appeal will be sent the Board's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. The Board's determination, and any actions taken, will be final on behalf of the District.

4. Confidentiality:

The identity of the complainant will be kept confidential to the extent permitted by state and federal law. The District will notify the complainant of the anti-retaliation provisions of applicable laws and that the District will take steps to prevent retaliation and will take prompt and strong responsive actions if retaliation occurs.

If a complainant requests confidentiality or asks that the complaint not be pursued, the District will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or the request not to pursue an investigation, as long as doing so does not prevent the District from responding effectively to the harassment and preventing harassment of other students. If a complainant insists that his or her name or other identifiable information not be disclosed to the alleged perpetrator, the District will inform the complainant that its ability to respond may be limited. Even if the District cannot take disciplinary action against the alleged harasser, the District will pursue other steps to limit the effects of the alleged harassment and prevent its recurrence, if warranted.

5. Training:

The District will ensure that relevant District employees, including but not limited to officials, administrators, teachers, substitute teachers, counselors, nurses and other health personnel, coaches, assistant coaches, paraprofessionals, aides, bus drivers, and school law enforcement officers, are adequately trained so they understand and know how to identify acts of discrimination, harassment, and retaliation, and how to report it to appropriate District officials or employees.

6. Designated Compliance Coordinators: Designated compliance coordinators will be responsible for:

- a. Coordinating efforts to comply with anti-discrimination, anti-harassment, and anti-retaliation laws and regulations.
- b. Coordinating and implementing training for students and employees pertaining to anti-discrimination, anti-harassment and anti-retaliation laws and regulations, including the training areas listed above.
- c. Investigating complaints of discrimination (unless the coordinator designates other trained individuals to investigate).
- d. Monitoring substantiated complaints or reports of discrimination, as needed (and with the assistance of other District employees, if necessary), to ensure discrimination or harassment does not recur, and that retaliation conduct does not occur or recur.
- e. Overseeing discrimination complaints, including identifying and addressing any patterns or systemic problems, and reporting such patterns or systemic problems to the Superintendent and the Board of Education.
- f. Communicating regularly with the District's law enforcement unit investigating cases and providing current information to them pertaining to anti-discrimination, anti-harassment, and anti-retaliation standards and compliance requirements.
- g. Reviewing all evidence in harassment or violence cases brought before the District's disciplinary committee or administrator to determine whether the complainants are entitled to a remedy under anti-discrimination laws and regulations that was not available in the disciplinary process.
- h. Ensuring that investigations address whether other students or employees may have been subjected to discrimination, including harassment and retaliation.
- i. Determining whether District employees with knowledge of allegations of discrimination, including harassment and retaliation, failed to carry out their duties in reporting the allegations to the designated compliance coordinator and responding to the allegations.
- j. Recommending changes to this policy and grievance procedure.
- k. Performing other duties as assigned. The designated compliance coordinators will not have other job responsibilities that may create a conflict of interest with their coordinator responsibilities.

7. Preventive Measures: The District will publish and widely distribute on an ongoing basis a notice of nondiscrimination (notice) in electronic and printed formats, including prominently displaying the notice on the District's website and posting the notice at each building in the District. The District also will designate an employee to coordinate compliance with anti discrimination laws (see Designated Compliance Coordinator section, above, for

further information on compliance coordinator), and widely publish and disseminate this grievance procedure, including prominently posting it on the District's website, at each building in the District, reprinting it in District publications, such as handbooks, and sending it electronically to members of the school community. The District will provide training to employees and students at the beginning of each academic year in the areas (B.6.a-g) identified in the Training section, above.

The District also may distribute specific harassment and violence materials (such as sexual violence), including a summary of the District's anti-discrimination, anti-harassment, and anti-retaliation policy and grievance procedure, and a list of victim resources, during events such as school assemblies and back to school nights, if recent incidents or allegations warrant additional education to the school community.
