Norfolk Public Schools

Dear Students, Parents, and Guardians:

The Norfolk Public Schools' staff is excited to partner with you throughout the 2024-2025 school year to maintain a positive educational environment that is focused on student learning. Our vision is to be a top-performing school that provides outstanding educational opportunities for every student and is a source of pride and an asset to our community.

This handbook contains information that is important for us to meet that vision. It is intended to serve as a guide to our schools. Although it contains detailed information on many topics, it is not intended to be all encompassing. It does not cover every situation and circumstance that may arise during the school year, and it does not create a "contract." The administration reserves the right to make decisions and rule revisions when necessary to implement the educational program and to assure the wellbeing of our students.

Thank you, in advance, for partnering with us as we strive to be a top performing school that provides outstanding educational opportunities for every student. We look forward to a very successful year focused on student learning.

Please return the attached Acknowledgement Sheet for our files. If you have any questions regarding the attached material, please feel free to contact a building administrator or the Director of Student Services.

Sincerely,
Dr. Jami Jo Thompson
Superintendent of Schools

Our staff is dedicated to providing a positive learning environment for all students. This includes promoting the attributes of being respectful, responsible, resilient, and resourceful. By holding all students to these expectations, we are able to provide a safe, productive learning environment.

Parent involvement is essential to the success of our students. We encourage parents to set aside time for homework each night, communicate with teachers, and actively participate in the learning of your child. We also invite all parents to be a part of our Parent-Teacher Organization (PTO). Please stay informed about your child’s studies, assignments, assessments, and school activities. Working as a team, we will be able to meet your child’s educational goals.

The Norfolk Middle School Handbook contains information about the rules and expectations for students, parents, and staff. Please take the time to read through the handbook and communicate these expectations with your child. We appreciate your support and partnership in working together to provide a positive learning environment for all students.

Thank you for the opportunity to work with you and your child. If you have any questions or concerns, please feel free to contact the Middle School office at 402-644-2569. I look forward to a very positive and productive year together.

Norfolk Middle School Policies and Regulations, Academic Information, and Guidance

Academic Integrity

In order to learn as much as possible from the daily classroom activities and assignments, Norfolk Middle School students are expected to be honest and truthful in presenting their work. Cheating on assignments or tests or allowing others to copy work is not acceptable. It is considered dishonest to present material on an assignment or test as the product of the student's own work when it is the work of another person or plagiarized from another author. It is not acceptable to use material from a web site, book, periodical or other resource without properly giving credit to the source. Cheating and plagiarism will result in disciplinary action. Teachers will call the student's parents and explain the situation.

Guidance

The guidance department is a valuable resource. Counselors are available to help students who are experiencing academic and/or social problems. The guidance department also helps students make quality decisions about their classes and possible careers. There are two full time counselors at Norfolk Middle School. Students are welcome and encouraged to drop in or make an appointment. The counselors can also be reached by phone at 644-2569. **The behavioral awareness and health point of contact is the school building counselors.**

Report Cards/ Progress Reports

Report cards are issued after each grading period; four times during the academic school year. In addition, progress reports are also issued between each grading period so that parents and students can closely monitor current academic progress. Written progress reports are provided to parents at the end of each quarter of the school year. These reports cover each student's academic, social, and behavioral progress toward meeting district goals.

(Policy 6310)

Special Education

What is “special education?” Special education refers to “specially designed instruction or support for students with verified disabilities.”

Which persons are entitled to a special education? School districts in Nebraska provide an education for individuals with disabilities from birth through 21, or program completion.

What disabilities are served through special education programs? Children who benefit from the program offered may have one or more of the following disabilities: emotional disorder, deafness, blindness, hearing impairment, intellectual disability, orthopedic impairment, other health impairment, specific learning disability, speech-language impairment, visual impairment, autism, or traumatic brain injury. Every effort will be made to educate students with a disability with their non-disabled peers.

How does a child qualify for a special education program?

- a) Any parent or teacher who believes a child may have a disability, can request a Student Assistance Team (SAT) meeting to discuss the possibility of a referral for a special education evaluation.
- b) If the SAT members believe a special education evaluation is necessary, a recommendation will be made to the parents to grant permission for this evaluation.
- c) After written parental permission has been obtained, appropriate qualified professionals complete an evaluation of the child and make recommendations to a Multi-Disciplinary Team (MDT) to determine if there is a disability.
- d) If it is determined that a child has a verified disability, parents and staff members agree on an Individual Education Plan (IEP) to serve the child’s special needs.
- e) The child is placed in an appropriate level of special education service that may include a continuum of services ranging from continued regular classroom placement with assistance provided to separate specialized programs. This placement is determined by the IEP team of which parents are an integral part, and is based upon a student’s learning needs. Written parental permission is needed for initial placement into special education programming.

STAFF QUALIFICATIONS (NOTICE CONCERNING):

The Every Child Succeeds Act gives parents the right to get information about the professional qualifications of their child’s classroom teachers. Upon request, Norfolk Public Schools will give parents the following information about their child’s classroom teacher:

- (1) Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- (2) Whether the teacher is teaching under an emergency or provisional teaching certificate.
- (3) The baccalaureate degree major of the teacher. You may also get information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree.

We will also, upon request, tell parents whether their child is being provided services by a paraprofessional and, if so, the qualifications of the paraprofessional.

The request for information should be made to an administrator in your child's school building. The information will be provided to you in a timely manner. Finally, Norfolk Public Schools will give timely notice to you if your child has been assigned, or has been taught for four or more consecutive weeks by, a teacher who does not meet the requirements of the Act.

Make-up Work

All missed assignments due to absences must be turned in promptly. Students will receive two days for every one day missed to complete the assignment. For example, if a student were to be absent two days, he/she would have four days to complete the assignments. If a student fails to have the work completed by the appropriate time, he/she may be assigned a study session with the teacher before or after school to finish the assignments. Teachers may also give alternate assignments that meet the objectives of the original lesson at their discretion. Students who miss several consecutive days of school due to illness, family, or emergency situations should contact the guidance office directly to develop a plan of action to complete missed work.

Pre-arranged Absences

Students who know they are going to be absent from school should obtain an Excused Absence Form from the attendance office and have each of their teachers provide the assignments for days to be missed. On most occasions, teachers will request that students make up their assignments prior to a scheduled absence. In all situations, responsibility for obtaining and completing make-up work rests with the student.

Extra - Curricular Activity Participation

Students must attend the ½ day (or ½ of their assigned courses) immediately prior to participating in any school activity (practice or performance). When in doubt, consult the building principal regarding eligibility.

Activity Involvement / Disciplinary Actions

Students who are serving out of school suspensions will not be eligible to participate in any school-sponsored games, activities, or performances during the term of their suspension. For example, a student who is serving a three-day out of school

suspension Monday through Wednesday would not be eligible to participate in a performance until Thursday. Similarly, a student serving a suspension in which a weekend falls would not be eligible until the day after the final day of the suspension. Example: a student serving a three day out-of school suspension Friday through Tuesday would not be eligible to participate in performances until Wednesday of the following week. Students may practice while serving in-school suspensions and may be subject to additional consequences determined by the activities sponsor or coach. Students who are serving out of school suspensions may not be on school property or attend any school sponsored activity during the term of their suspensions.

School Activities / Absences

Students who will be absent from school for school-sponsored activities will not have those absences count against their absence total. It is each student's responsibility to inform the attendance secretary and their teacher about the forthcoming absence and to make advance arrangements for completing assigned work. Students absent for school activities are not to fill out a "planned absent sheet".

Transportation Guidelines

Norfolk Public Schools will provide transportation for all students involved in activities which require transportation. Students are required to travel together as a group both to and from the activity. This provides a safe and secure process for all students. (Board Policy 5506). In rare situations, a parent/guardian may request to take their child either to or from the scheduled activity. In this case, children can only be released to the parent after the parent initiates a face to face interaction with the sponsor. Parents should give the sponsor at least 24 hours notice of alternate travel plans. The sponsor will seek administrative approval before granting this request.

ATTENDANCE/ TARDIES

I. Attendance and Tardy Policies

Nebraska State Statute (79-201) requires that all students between the ages of 6-18 attend school. School personnel are charged with the responsibility of investigating and reporting violations of the state's compulsory attendance law to their respective county attorneys.

- **Attendance:** Punctual and regular attendance is an extremely important part of your daily school record. All students are required to attend school daily. State law allows a maximum of twenty days per school year. Absences are excused only when the parents have contacted the school within 24 hours of the absence. All absences (excused or unexcused) shall count towards the twenty-day limit, except for school activity absences and suspensions. Parents will be

notified by mail when their student has five, 10, 15 and 20 absences from any class during the school year. On the 10th and 15th absence a meeting will be requested to go over an attendance improvement plan. On the 20th absence a letter will be sent to the Madison County Attorney's office.

- **Tardies to first period:** Students will receive three "free" tardies (no penalty) to first period. Upon the accumulation of the fourth tardy (and any following), a detention will be assigned. Tardies more than 25 minutes in length will be classified as absences and consequences may be assigned according to the Code of Conduct.
- **Tardies to class:** Students must be in their assigned classroom or assigned seat before the tardy bell rings as dictated by each teacher's classroom rules. Failure to meet teacher expectations will result in an unexcused tardy and the student may be assigned a detention by the teacher. Teachers will inform the student he/she has been counted tardy and then give the student a detention. Teachers will attempt to make contact with parents (via phone or e-mail) to inform them of the tardy. Students that skip detentions will have the detention time doubled. Failure to serve these "doubled" detentions will result in additional office consequences according to the Code of Conduct. Students will not be counted tardy if they come to class with a pass from the office, guidance office, or from another teacher. Teachers should not detain students unless absolutely necessary. Any teacher detaining a student between classes must write a pass to excuse the tardy.

Procedure for Reporting Absences

Parents should call the school office 644-2569 Ext 1 before 10:00 a.m. on the day of the absence. Students will be considered truant if their absence is not reported to the office within 24 hours. Please refer to the Norfolk Middle School Code of Conduct for more information on disciplinary actions for truancy. When contacting school officials, please give the following information:

- name of student
- grade level of the student
- reason for the absence
- name, phone number, and relationship (to the student) of person making the call.

** Notes will be accepted only from parents who do not have access to a phone.

Excessive Absences

Parents will be notified by mail when their student has 5, 10, 15, and 20 absences from any class during the year. On the 10th and 15th absence, a meeting will be requested to go over an attendance improvement plan. On the 20th absence a letter will be sent to the Madison County Attorney's office. It shall be the procedure of the principal to report to the Director of Student Services and to parent/guardians, any student enrolled in the district for excessive absenteeism on the part of such student. The term "excessive absenteeism," as used herein, shall mean verified and unexcused absences exceeding 11 days per semester or the hourly equivalent, or when the number of verified and unexcused absences exceeds 20 days cumulatively per school year or the hourly equivalent. The building principal shall investigate factors involved in any case of excessive absenteeism. In the event that the building principal determines that such absences are not justified, he/she may determine such student to be truant. All required procedures of the Norfolk Public School Truancy Policy should then be followed. This may be true even if some or all of the student's absences have been excused by the student's parents/guardians, and the building principal determines such excessive absences are detrimental to the child's educational performance.

Norfolk Public School's District Truancy Policy

Additional information regarding student attendance and excessive absenteeism is available on-line under Board of Education Policy 5008.

Withdrawals

A student who is withdrawing from Norfolk Middle School should notify the guidance office at least one week before leaving so that teachers may be informed and special arrangements can be made in regard to previous assignments and tests. A day or two before the student actually leaves; he/she will be given a withdrawal slip, which is to be initialed, by all the student's teachers and the media specialist. This form is to be turned into the office **before** leaving school the last day. Everything on this form must be cleared properly and fines paid before the student will be considered released from the school.

General School Policies and Guidelines

Accidents and Injuries

Only first-aid will be provided for accidents and injuries; any further treatment is the responsibility of the student's parents. Accidents should be reported to the nurse or school secretary immediately. An accident report will be completed by the supervising staff member. The injured student's parents and principal will be notified of all accidents and injuries, when the situation warrants. Injured students will be transported home by their parents. In cases where the parents cannot be reached, the persons listed on the emergency record will be called.

Attend / Monitor Courses/ Parents

It shall also be the policy of the district to permit a parent to attend or monitor courses, assemblies, counseling sessions and other instructional activities when a reasonable advance request is made. The request could be denied if a parent's attendance would substantially interfere with a legitimate school interest.

Battery Operated/ Electronic Devices

Battery-operated and electronic devices such as, but not limited to, radios, CD players, MP3's, cellular phones, laser pens, or electronic games are not to be used during the school day and should not be brought to school. Restricted items need to be placed in secured lockers during the school day. **Norfolk Middle School is not responsible for lost or stolen items.** Items that are being used inappropriately during the school day will be confiscated and may be turned over to administration. Cameras may not be used during the school day without permission from the principal or a teacher. Prohibited items will be confiscated unless they are being used for school purposes and may be returned to parents or students at the school's discretion. Cellular phones needed for communication with parents should be turned off during the school day. Parents needing to get in touch with students during the school day should call the main office.

Bikes/ Skateboards/ Rollerblades

Bicycles must be parked in the racks provided. There is at least one rack on both sides of the building. To prevent theft, bicycles should be securely padlocked. Norfolk Middle School is not responsible for lost or stolen bicycles. Skateboards & roller blades should be kept home. **Skateboards & roller blades are not to be used on school property or the adjoining YMCA property (i.e. benches, ramps, rails, etc.) even after school hours.** Students not complying with this directive may be ticketed by the Norfolk Police Department. Skateboards & roller blades that are used on school property may be confiscated. Students will have to notify parents to retrieve the confiscated items.

Birth Certificate

By state law, any student enrolling and transferring to Norfolk Middle School must provide a certified copy of his/her birth certificate or acceptable affidavit. Students will not be allowed to enroll until these documents have been submitted to the school.

Book bags/ Backpacks/ Duffel Bags/Purses or Any Bag Larger Than a Pencil Bag.

Book bags, backpacks, duffel bags, and other large bags are viewed as equipment to transport books and supplies between home and school. They must be stored in hall lockers. For safety reasons, these items are not to be used during the school day to carry books and supplies from class to class. Books and supplies must be carried by hand. This will require that students organize their lockers and plan their day around class schedules so that books and supplies may be located quickly and students are not tardy to class.

Breakfast Program

The cost of the program will be based on Free/Reduced and Paid lunch applications. Students who qualify for FREE lunch will receive a free breakfast, students who qualify for REDUCED price lunches will be charged the reduced rate.

Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Director of Student Services and the Principal's office. Posters are not to be attached to any painted wall surfaces. Place posters on marble, glass, metal, brick and wood. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

Bus Conduct

Riding school buses will be considered an extension of the school day; therefore, the following rules and regulations must be observed. Bus transportation is a privilege and student usage may be restricted for violations of bus regulations. The safety of students on the buses is a top priority and students who create unsafe conditions through their behavior or words will be disciplined accordingly. Misbehavior by students who choose to break these rules may be assigned consequences such as detentions, short/long term suspensions, and/or removal from the bus completely. Students unable to ride the bus due to disciplinary action must make alternate ride arrangements.

Expectations for students riding school buses:

- Sit quietly and refrain from rowdy conduct.
- Be completely quiet when the bus is near a railroad crossing.

- Observe the same conduct as in the classroom and follow all school rules.
- Be courteous.
- Immediately comply with driver's directions.
- Profane language is not permitted.
- Eating or drinking while on the bus is at each driver's discretion.
- Keep the bus clean.
- Obey the bus driver.
- Absolutely no tobacco products or alcohol will be allowed.
- Respect others.
- Respect school property.
- Stay in your seat at all times.
- Keep head, hands, and feet inside the bus at all times.
- The bus driver is authorized to assign seats.
- Have proper respect for homeowner's property while waiting for the school bus.
- Students may ride only their designated bus unless prior written permission has been received from the principal.
- Non-bus students may only ride the bus with a parent note and the principal's signature.

Continuum of Consequences for Inappropriate Bus Behavior:

These consequences are general guidelines and may be adjusted due to the duration, severity, and intensity of the situation.

1st Intervention: --Warning / Student conference with administration/ parent phone call / possible detention. Driver may assign student to different seat.

2nd Intervention: – Parent phone call / possible removal of bus privileges for the next day and/or up to 7 school days. Possible detention/ ISS (1 -3 days) / Bus letter sent home. Assigned seating on the bus for rest of quarter.

3rd Intervention: Parent phone call / possible meeting between bus driver, student, parent and administration. Removal of bus privileges for 7 school days up to 30 school days. Possible ISS (3-5 days). Written plan for improvement will be developed and implemented. Bus letter sent home. Assigned seating on the bus for rest of the semester.

4th Intervention: Parent phone call / possible meeting between bus driver, student, parent and administration. Removal of bus privileges for up to 60 school days. Possible OSS (1-3 days). Written plan for improvement will be developed and implemented.

5th Intervention: Parent meeting with administration. Possible OSS (3-5 days).
Removal of bus privileges for rest of school year.

These consequences are cumulative for the academic school year.

Cancellation of School

In cases of extreme weather, the superintendent is authorized by the Norfolk Board of Education to close schools. School closing information is broadcast on local radio or via phone message. In case of inclement weather, any parent or guardian may personally determine not to let his or her child come to school. Children who are absent in inclement weather when school is being held will be marked absent and treated the same as any other excused absence when proper parental notice has been received by the school's attendance office.

Cell Phones/Smart Watches/Communication Devices

Cell phones/Smart Watches/Communication Devices are an increasingly complex issue for schools. Due to the ever-expanding capabilities of these items (text messaging, photos, Internet, etc.) we ask that these items not be taken to school unless deemed necessary by the parent. Leaving these items at home helps create fewer opportunities for students to send and receive messages that may be deemed inappropriate for school. If parents allow students to bring cell phones to school, they need to keep the items in their lockers and turned off during the school day. Phones that are perceived as being used as a nuisance item will be confiscated and returned to students or parents by administration. Smart Watches are not to be used for anything other than a timepiece. Cell phones may **NOT** be used or heard during class time. By allowing students to carry cell phones into the school building, students and their families are consenting to a search of that phone by school officials when the school officials determine a need to conduct such a search. Instances determining a need for a cell phone search may include, but are not limited to: bullying, harassment, academic integrity (cheating), threats, or any other intimidating/inappropriate actions. The following guidelines are in effect during regular school hours and during any on/off - site school sponsored activities. Students may use their cell phones after school once they reach the commons area on the lower level. Students needing to use a phone during the school day may use the student phone in the main office at no charge.

Cell Phone Guidelines:

In each case, the phone or electronic device will be confiscated and held in the main office.

- **First Violation:**

Teacher Conference with student about appropriate use of electronic device.

- **Second Violation:**

Teacher Conference with student about appropriate use of electronic device.

Teacher contact parent about inappropriate use of electronic device.

- **Third Violation:**

Confiscate device and bring to administration office, possible detention/ISS

Complaints on Materials

In the event any parent has a complaint or objection to any such materials a personal conference with the parent and appropriate school personnel will be scheduled. The parent, in order to explain the nature of their concern will use a standard complaint form. The complaint form will include, but not be limited to, the specific instruction, material complained of, the reason for the complaint, and the proposed solution or resolution of the complaint from the parent's perspective.

Computers

Students at Norfolk Middle School are required to sign Norfolk Public Schools Internet Policy to use any of our computers. Students and faculty must abide by the policies contained in that agreement. Students and faculty that fail to follow those policies will have their access to technology restricted or terminated. Specifically, Norfolk Middle School reserves the right to inspect all network files without specific permission with reasonable cause in the interest of system security and integrity. Norfolk Middle School disclaims responsibility for loss of data or interference with files resulting from its efforts to maintain privacy, security and integrity of the Norfolk Middle School's computing facilities. Norfolk Middle School does not allow any copying of school-owned or licensed software or data to another computer system for personal or external use without prior approval.

In order to use the computers available in the Media Center or Achievement Center during a study hall or before or after school, students must have a signed pass from a teacher with the computer assignment listed on the pass. A complete copy of the "Technology & Internet Agreement" is available in the main office.

Copyright and Fair Use

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted "fair use," rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is "fair." Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Dating Violence Policy 5420

Norfolk Public Schools strives to provide physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the educational program and are required of all students and staff. Dating violence will not be tolerated.

For purposes of this policy "dating violence" means a pattern of behavior where one person uses threats of, or actually uses, physical, sexual, verbal, or emotional abuse to control his or her dating partner. "Dating partner" means any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious, or long term.

Incidents of dating violence involving students at school will be addressed as the administration determines appropriate, within the scope and subject to the limits of the District's authority. Staff training on dating violence shall be provided as deemed appropriate

by the administration. The dating violence training shall include, but need not be limited to, basic awareness of dating violence, warning signs of dating violence, and the District's dating violence policy.

Dating violence education that is age-appropriate shall be incorporated into the school program. Dating violence education shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships. The administration will be responsible for ensuring that this dating violence policy is published in the school district's student-parent handbook or an equivalent such publication. Parents and legal guardians shall be informed of the dating violence policy by such other means as the administration determines appropriate. If requested, parents or legal guardians shall be provided a copy of the dating violence policy and relevant information.

Demographic Changes

Students who change their address and/or phone numbers should report such changes immediately to the **guidance office**. The school also needs an emergency phone number where a responsible adult can be contacted immediately in the event of any emergency. It is imperative that students and parents continue to provide updated census information throughout the year to ensure effective and timely distribution of school materials and to provide quick and accurate information in the case of an emergency, etc.

Thank you in advance for providing timely updates when you are moving, changing telephone numbers, or need to post different contact information.

Dress Code / Student Attire Guidelines- Policy 5101

Norfolk Public Schools subscribe to the premise that teaching principles of good grooming and cleanliness are a desirable facet of the educational process. Our public schools are sensitive to rapid changes in dress and grooming. However, we cannot accept those changes that depart from cleanliness, neatness, good taste, modesty and decency. Administrators must weigh community standards, harassment or standards of others, along with the individual rights. In general, appearances that detract from the learning atmosphere cannot be permitted. It is hoped that students of Norfolk will take pride in their appearance and their school. Violators of this policy will be required to change into appropriate clothing or alter their appearance as requested by school administration. Students missing time from class to correct violations will be considered tardy. If parents or students have any questions, they should call the school office at 644-2569 before they purchase clothing that may be deemed inappropriate for school. Elevator

The use of the elevator is restricted to handicapped or injured students. Students must receive permission from office personnel to use the elevator and if a friend is carrying their books, that friend must use the stairs unless they have been given permission from the office. Students with temporary mobility restrictions or other medical needs (broken leg, severe asthma, etc.) will be allowed to use the elevator at the discretion of administrative staff or the nurse's office.

Entering and Leaving the Building

The main entrance for the Norfolk Middle School is the east side of the building (nearest 1st Street). After 8:30 am and during the remainder of the school day, parents and other visitors will need to use this entrance to enter the building. The only access on the west side of the building during the school day (nearest the YMCA) will be for staff. The school building will be open on regular school days for scheduled and sponsored activities at 7:30 a.m. Students arriving before this time will not be allowed in the building. Students involved in activities or working with a teacher before school must be under the direction and supervision of the sponsor for the activity or a teacher. Students who are not in scheduled activities may enter the building at 7:40 a.m. Once students are in the building, they are not allowed to leave

without checking out in the main office and only then will be dismissed to a parent or a pre- approved designee. Students need to leave the building promptly after school unless they have an activity or they are under the direct supervision of a teacher, coach, or administrator.

Before School and Students Entering the Building in the Morning:

- If students need to do make up work, attend special events, or see a teacher before school, they should have a pass stating the location and time of the activity and the name of the activity sponsor. This pass should be presented to one of the commons area supervisors.

- Students will comply with all directions from the designated supervisors.
- Students will keep their voices at an acceptable level as determined by area supervisors.

After School and Students Exiting the Building

- Students should pick up vending machine items before they leave the building. Students will not be allowed back in the building to purchase items.
- Please make plans to get items out of your locker before you leave for the day. Once students are out of the building after school, they must have permission from a staff member to return to the building.
- If students are requested to stay longer than the required school day, (detentions, make-up work, activities, etc.) it is their responsibility to make alternate arrangements for transportation.
- At 3:25 p.m. ALL students are to be out of the building unless they are with a teacher, in a sponsored activity, or have made a special arrangement with the office to remain in the building. In the case of inclement weather, students may remain in the common areas after 3:30 p.m. to wait for rides.
- Students needing to use a phone to call for rides, etc. may use the student phone located on the south end of the main office. This phone should be used only if no other option is available to students. Students using the phone in an inappropriate manner (speaking rudely to others on the phone, being excessively loud and disrupting the office, etc. will lose phone privileges. Students may not use the office phone to call for rides after-school until after 3:40 p.m. or unless they have special permission from the office staff.
- Parents may be notified if students are not picked up by 3:45 p.m.

Exemption Procedure

When a parent believes it is to be appropriate for his/her student to be excused from testing, classroom instruction or other school experiences that the parent finds objectionable, the parent will present in writing on the standard complaint form, the basis for the parent's concern and a proposed solution for the objection that would be satisfactory to the parent. It shall be the policy of the District to notify parents/guardians when a school-sponsored survey will be administered. The nature of the survey, the date and time when the survey will be administered, and the purposes for which the uses of the resulting information will be included in the notification. Copies of the instrument to be used will be available for parent examination in the Principal's Office of each building. After examination of the survey instrument, any parent who wishes to have their child exempted from completion of the survey must do so by means of a written request to the building principal.

Fines

At times, students may incur fines for overdue library books, damage to books or property, loss of school equipment, class fines, etc. Students are expected to be responsible for their property and take care of the items the school has loaned them for periods of time. Students are expected to take care of these fines as they occur. Appeals for fines should be made to the building principal. Failure to pay fines may result in administrative consequences.

Fire Drills

During the course of a fire drill, students are to follow the directions of staff members and evacuate the building in a quiet and orderly manner. Appropriate evacuation routes are posted in every classroom. In the event of severe weather alert, you will need to follow the directions that are given to you by the classroom teacher. The alert will be announced over the public address system.

Grievance Procedure

Whenever students and/or parents have a problem with another person, the first step is to discuss the problem directly with the person who is involved. If that conference is not successful, then the person should see the person who has the next step of responsibility. For example, if a student has a classroom problem, then the student and parent(s) should discuss the problem with the classroom teacher privately. If that conference is not successful, then the student and parent(s) should make an appointment to see the principal. If the problem still has not been resolved, the student and parent(s) may file a complaint with the Director of Student Services using the Complaint Against School Personnel Form.

Hazing

“Hazing” refers to any activity expected of someone joining a group (or to maintain full status in a group) that humiliates, degrades or risks emotional and/or physical harm, regardless of the person’s willingness to participate. Norfolk Middle School will not tolerate hazing in any form.

Health Records

Immunization Information

The Nebraska Department of Health requires the following immunizations in order for your child to enter school in August, 2019:

A student is defined as any child entering Kindergarten through 12th and all students transferring from outside the State of Nebraska regardless of grade:

- 3 doses of DTaP, DTP, DT, or Td vaccine, one given on or after the 4th birthday
- 3 doses of Polio vaccine
- 3 doses of pediatric Hepatitis B vaccine or 2 doses of adolescent vaccine if

student is 11-15 years of age

- 2 doses of MMR or MMRV vaccine, given on or after 12 months of age and separated by at least one month
- 2 doses of varicella (chickenpox) or MMRV given on or after 12 months of age. Written documentation (including year) of varicella disease from parent, guardian, or health care provider will be accepted. If the child has had varicella disease, they do not need any varicella shots.

Additionally for 7th grade students- 1 dose of Tdap given any time after 10-11 years of age.

Nebraska Law also requires evidence of a vision exam and physical examination by a qualified physician, physician’s assistant or nurse practitioner for students transferring in from out of the state.

Health Services

The school nurse's office is located on the first floor near the main office in room 153. The school nurse provides services to the school and the student in the areas of visual testing, immunization, and control of communicable diseases, encouragement of physical and dental examinations and promoting sound mental health. A nurse or her designee will be in the office every morning for the purpose of checking those who have been absent and helping those who may feel ill. Any student who has to leave the school because of illness must first check out with the school nurse. Leaving school without permission will be classified as truancy and dealt with accordingly. It is necessary that the school nurse or office official speak with a parent in order for a student to be excused from school due to illness or accident. The student is not to

call the parent without permission from school personnel. Medications that need to be taken in school are to be given to the school nurse. The medication needs to be in its original container, labeled with the student's name, dosage, name of the medication and how often it is to be given. Non-prescription Medication- If a student must take a nonprescription medication during school, the following procedures are to be followed.

Parent/Guardian signed and dated authorization or permission to administer the medication during school. The medication is in its original packaging and is labeled as dispensed by the prescriber or pharmacist. The label must name the child and identify the medication, strength, time interval and route to be administered. If needed, the physician may be contacted for clarification on medication administration. Students are not to carry medication with them during the school day.

If your child has a fever or vomits at home, please keep them at home at least twenty-four (24) hours after symptoms subside. If your child is sent home from school with these same symptoms, the 24-hour wait time is preferred before they return to school. Please check with the school before bringing your child back to school.

Note: Immunizations and shot records need to be current and complete or students will not be allowed to enroll in school.

Homeless Students Policy

Homeless children for purposes of this Policy generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable federal and state law.

No Stigmatization or Segregation of Homeless Students: It is the District's policy and practice to ensure that homeless children are not stigmatized or segregated by the District on the basis of their status as homeless.

Homeless Coordinator: The Homeless Coordinator shall serve as the school liaison for homeless children and youth and shall ensure that: (1) homeless children are identified by school personnel; (2) homeless children enroll in, and have a full and equal opportunity to succeed in, school; (3) homeless children and their families receive educational service for which they are eligible and referrals to health, dental, and mental health services and other appropriate services; (4) the parents or guardians of homeless children are informed of the educational and related opportunities available to their children and provided with meaningful opportunities to participate in the education of their children; (5) public notice of the educational

rights of homeless children is disseminated where such children receive services under the federal homeless children laws, such as schools, family shelters, and soup kitchens; (6) enrollment disputes are mediated in accordance with law; and (7) the parents or guardians of homeless children, and any unaccompanied youth, are fully informed of transportation services available under law. The Homeless Coordinator shall coordinate with State coordinators and community and school personnel responsible for the provisions of education and related services to homeless children. The Homeless Coordinator may designate duties hereunder as the Homeless Coordinator determines to be appropriate.

Enrollment of and Services to Homeless Children: A homeless child shall be enrolled in compliance with law and be provided services comparable to services offered to other students in the school in which the homeless child has been placed. Placement of a homeless child is determined based on the child's "school of origin" and the "best interests" of the child. The "school of origin" means the school that the child attended when permanently housed or the school in which the child was last enrolled. Placement decisions shall be made according to the District's determination of the child's best interests, and shall be at either: (1) the child's school of origin for the duration of the child's homelessness (or, if the child becomes permanently housed during the school year, for the remainder of that school year) or (2) the school of the attendance area where the child is actually living. To the extent feasible, the placement shall be in the school of origin, except when such is contrary to the wishes of the homeless child's parent or legal guardian. If the placement is not in the school of origin or a school requested by the homeless child's parent or legal guardian, the District shall provide a written explanation of the placement decision and a statement of appeal rights to the parent or guardian as provided in Nebraska Rule 19.

If the homeless child is an unaccompanied youth, the Homeless Coordinator shall assist in the placement decision, consider the views of the unaccompanied youth, and provide the unaccompanied youth with notice of the right to appeal. The process to resolve disputes concerning the enrollment or placement of a homeless child or youth is as follows:

1. The district shall provide a written response and explanation of a decision regarding any complaint or dispute of a parent, guardian or other person having legal or actual charge or control of a homeless child or youth within thirty (30) calendar days of the time such complaint or dispute is brought;
2. The enrollment of the homeless child or youth in the school where enrollment is sought during the time such dispute is being considered;
3. And notice of the right to appeal as provided in Nebraska Rule 19.

Any parent, guardian or other person having legal or actual charge or control of a homeless child or youth that is dissatisfied with the decision of a school district after the dispute resolution process may file an appeal with the Commissioner of the Nebraska Department of Education within thirty (30) calendar days of receipt of the decision. Such appeals are informal and shall be submitted to the Commissioner in writing, as outlined in Nebraska Department of Education Rule 19, Section 005.03. The District shall immediately contact the school last attended by the homeless child to obtain relevant academic and other records. If the homeless child needs to obtain immunizations or medical records, the District shall immediately refer the parent or guardian of the homeless child to the Homeless Coordinator, who shall assist in obtaining necessary immunizations or medical records. The District may nonetheless require the parent or guardian of the homeless child to submit contact information.

Transportation will be provided to homeless students, to the extent required by law and comparable to that provided to students who are not homeless, upon request of the parent or guardian of the homeless child, or by the Homeless Coordinator in the case of an unaccompanied youth, as follows: (1) if the homeless child's school of origin is in the District, and the homeless child continues to live in the District, transportation to and from the school of origin shall be provided by the District; and (2) if the homeless child lives in a school other than the District, but continues to attend the [Name] Public Schools based on it being the school of origin, the new school and [Name] Public Schools shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin and, if they are unable to agree, the responsibility and cost for transportation shall be shared equally. Office of the Director of Student Programs is the coordinator of homeless student services.

Indian Education

The Title VI Indian Education Program, serving K-12 students, offers tutoring, mentoring, home-school communication/coordination and distributes school supplies each semester. If your student, the parent or grandparent is an enrolled member of a Native American tribe, please fill out the Student Eligibility form available from your school principal or central office (512 Philip). For additional information, or assistance for Native American students, contact Title VII Home Liaison at 644-2500.

Insurance

Under Nebraska law the District may not use school funds to provide general student accident or athletic insurance. The District requires that all student participants in athletic programs have injury and accident insurance and encourages all students who are in classes with risk of personal injury or accident to have insurance coverage. The District does not make recommendations nor handle the premiums or claims for any insurance company, agent or carrier. Information about student insurance providers will be available in the school office or on the school website.

Internet Policy

Internet Safety and Acceptable Use--Policy 6800-- will be distributed as a separate handout or available online. Parent and student sign-offs will be required.

Lockers

Your locker and lock are the property of the school district. The school board gives students' permission to use a locker and lock during the school year. Therefore, students cannot expect their locker to be free from inspection by the school if the principal considers a search necessary to maintain the integrity of the school environment and to protect others in the building. Locker inspections will be reasonable and conducted by an administrator or his designee. These guidelines also apply to lockers assigned in locker rooms. Locker numbers will be assigned at the time of registration. When students receive their lockers, they need to immediately check their lockers for damage and report any damage to the office. Students will be financially responsible for any damage to their lockers. Locks will be furnished by the school at no charge. If locks are not returned or are damaged, students will be charged \$5.00 and be put on the fine list.

Students should follow the locker regulations given below:

- Use only the locker assigned to you.
- Never open another student's locker.
- Keep your locker neat and orderly.
- Always close the locker door and keep it locked.
- Do not leave valuables in the locker.
- Clearly put your name on all personal items.
- Do not write on the inside or outside of the locker.
- Memorize your lock combination. Do not share this information with anyone.
- Pop and candy are not to be stored in lockers.
- Norfolk Middle School is not responsible for items lost or stolen from lockers.
- Report any problems or requests to the main office.

Lost and Found

Lost and found items are to be turned into the main office. Items not claimed by December 20th or June 15th of each school year will be given to local welfare agencies. Lost or replacement ID cards cost \$5.00. Norfolk Middle School is not responsible for any personal items lost during the school year. This includes, but not limited to, any electronic items and yearbooks. The school is not responsible for lost, stolen, or damaged items.

Lunch / Closed Campus

Norfolk Middle School **DOES NOT** have an “open campus” policy during the noon hour. Having a closed campus means that your child cannot leave school to go out for lunch or go home for lunch. Students will be permitted to leave campus for lunch only if they are under the direct supervision of a parent and if that parent has notified the office in advance of the visit. Students must be back before the end of the lunch period or they will be counted as absent or tardy. Before leaving campus, the parent must come to the main office and sign the student out. For safety reasons, the school will no longer accept written notes to excuse students for lunch. Parents are welcome to eat with students at school if they wish.

Lunch Guidelines

Procedures regarding lunch accounts will be explained during orientation time. The price for school lunches and milk will be announced through school bulletins. All costs mentioned are subject to change without notice. A student may bring his/her own lunch and it has to be eaten in the cafeteria. **All food is to be consumed in the cafeteria. Any food purchased in the cafeteria must be eaten in the cafeteria. Students are not allowed to take food out of the lunchroom to put in their lockers or eat in class.**

Media / Student Photos

Students may periodically be photographed or videotaped by the media for print in local or regional publications or school website and their names may be released to the media to accompany these photographs or videos, unless parents specifically request in writing to the building principal that their student(s) should not be included.

Media Center

The purpose of the Middle School Media Center is to provide students and teachers with materials for enrichment of classroom work and recreational reading. The library is open daily from 7:40 a.m. to 3:45 p.m., except when otherwise announced. The following items about the Media Center should be helpful:

- To come to the Media Center during any assigned class period or study hall you must have a pass.
- Students are responsible for signing in and out of the Media Center and returning the pass to the teacher before the end of the class period. You will need your ID card to check out materials.
- In order to use the computers available in the Media Center during a study hall or during a class, students must have a signed pass from a teacher with the computer assignment listed on the pass.
- Most library materials may be borrowed for two weeks and then renewed if they are still needed. Reference books, reserved books, periodicals, and vertical file materials are overnight materials and are due before first period the next school day.
- Any overdue book must be returned or declared lost; if lost, you must pay for the book. If the book is later found and returned to the Media Center, all money will be refunded.
- You will be expected to allow a media specialist to check all materials carried from the Media Center. If you act in a disrespectful or disruptive manner, if you are destructive to the Media Center materials, facility, or furniture you will be subject to disciplinary action ranging from detention to being restricted from use of the Media Center.
- You are expected to be self-disciplined and use your time in the library to read and/or do research. The Media Center is for you, therefore, think of it as a privilege (not as a right) to use and enjoy.

Notice Concerning Designation Of Law Enforcement Unit:

The District designates the Norfolk Police Department as the District's "law enforcement unit" for purposes of (1) enforcing any and all federal, state or local law, (2) maintaining the physical security and safety of the schools in the District, and (3) maintaining safe and drug free schools.

Notification of Concern

It shall also be the policy of the District that whenever a parental objection is raised concerning textbooks, tests, other curriculum materials, the subject matter of the course, assemblies, counseling sessions or other instructional activities the student may be excused from the activity. Only those requests made in good faith for reasons of conscience or on religious beliefs will be honored. Requests will be made to the building principal on a standard exemption form that will be available in all school buildings and the administrative offices of the District. The administrator of the building will direct the appropriate personnel to make a reasonable effort to provide when reasonable or practical to do so, alternate instructional and/or school experiences for those activities from which the student has been excused.

Parental Involvement in Education (LB 1161)

Madison County School District No. 2 after having conducted a public hearing concerning parental involvement and participation in the school district declares that it will be the policy of the Norfolk Public Schools to provide access to parents to all textbooks, tests, curriculum materials and any other instructional materials used by the school.

Police Interviews-Policy 5413

With the exclusion of the NPS School Resource Officer; law enforcement or juvenile officers will not be allowed to interview students at school during the school day without the school official making a reasonable effort to contact parents. The building principal may grant exceptions to probation and parole officers who desire to meet with students who are already on probation and/or representatives of Social Services who are accompanied by law enforcement officers. If physical violence or a criminal act occurs at school, the school principal or designee may call the police without first receiving authorization from parents.

Professional Boundaries Rule

The following professional boundaries rules are in place to protect both staff and students. Every student or parent who observes or suspects a staff member or student violating any of these rules should inform their Building Principal or Superintendent as soon as possible:

All employees are expected to observe and maintain professional boundaries between themselves and students. A violation of professional boundaries will be regarded as a form of misconduct and may result in disciplinary action.

The following non-exclusive list of actions will be regarded as a violation of the professional boundaries that employees are expected to maintain with a student:

- Using e-mail, text messaging, instant messaging or social networking sites to discuss with a student a matter that does not pertain to school-related activities, such as the student's homework, class activity, school sport or club, or other school-sponsored activity. Electronic communications with students are to be sent simultaneously to multiple recipients, not to just one student, except where the communication is clearly school-related and inappropriate for persons other than the individual student to receive (for example, emailing a message about a student's grades).
- Engaging in social-networking friendships with a student on social networking sites. Material that employees post on social networks that is publicly available to those in the school community must reflect the professional image applicable to the employee's position and not impair the employee's capacity to maintain the respect of students and parents or impair the employee's ability to serve as a role model for children. Employees shall not friend or follow students on any social networking site.
- Engaging in sexual activity, a romantic relationship, or dating a student or a former student within one year of the student graduating or otherwise leaving the District.
- Making any sexual advance - verbal, written, or physical - towards a student.
- Showing sexually inappropriate materials or objects to a student.
- Discussing with a student sexual topics that are not related to a specific curriculum.
- Telling sexual jokes to a student.
- Invading a student's physical privacy (e.g., walking in on the student in a restroom).
- Hugging or other physical contact with a student that is initiated by the employee when the student does not seek or want this attention.
- Being overly "touchy" with a specific student.
- Allowing a specific student to get away with misconduct that is not tolerated from other students, except as appropriate for students with an IEP or 504 Plan.
- Discussing with the student the employee's problems that would normally be discussed with adults (e.g., marital problems).
- Giving a student a ride in the employee's personal vehicle without express permission of the student's parent or school administrator unless another adult is in the vehicle.
- Taking a student on an outing without obtaining prior express permission of the student's parent or school administrator.
- Inviting a student to the employee's home without prior express permission of the student's parent and school administrator.
- Going to the student's home when the student's parent or a proper chaperone is not present.
- Giving gifts of a personal nature to a specific student.
- Discussing alcohol, tobacco or other illicit drugs in a non-instructional setting, such as

describing a party that the employee attended.

- Discussing another student's or employee's personal matters when it is not appropriate outside of the instructional setting.
- "Grooming," which includes building trust with a student and individuals close to the student in an effort to gain access to and time alone with the student, with the ultimate goal of engaging in sexual contact or sexual penetration with the student, regardless of when in the student's life the sexual contact or sexual penetration would take place.

Appropriate exceptions are permitted to the foregoing for legitimate health or educational purposes and for reasons of family relationships between employees and their children who are students in the District. A staff member seeking an exception must receive advance approval from his or her administrator. If a staff member is unable to communicate with an administrator in advance (such as in the event of an emergency), the staff member must notify the administrator as soon as possible, but not later than 24 hours immediately following the event.

Any person who suspects a District employee of engaging in any prohibited conduct under this policy, including grooming, should contact the Superintendent as soon as practical.

An employee who violates this policy may face discipline, up to and including termination of employment, and may be referred to the appropriate certification or credentialing agencies for further discipline.

Reading

Research clearly shows that overall, middle level students read less than they did in elementary school and that their reading ability declines as the amount of reading they do decreases. Research also shows that the more students read, the better their reading ability becomes. Students are encouraged to bring a book or appropriate materials to read and students are expected to carry a reading book with them throughout the day.

Expectations for Reading Time

- Everyone reads.
- Silence during reading time.
- Students need to be prepared to read the entire time assigned.
- Reading materials should be chosen outside of class or during study hall.
- Bring a book every day.
- Students are expected to be responsible and bring leisure-reading material appropriate for school (books, magazines, newspapers). These materials will be items that the student has selected.
- Students not having materials ready for class may be assigned alternate reading at the classroom teacher's discretion. Classroom teachers will determine appropriateness of questionable material.

School Campus

The school campus includes all buildings and designated parking (staff and student lots) and all other property from the curb/sidewalks surrounding those areas. Persons who are not enrolled at the middle school, have not checked into the office upon arrival at school, or are not at school for school business and are in the building or on the campus will be asked to leave. Unauthorized visitors that don't comply may be cited for trespassing by the Norfolk Police Department. Any non-student who needs to conduct school related business should call and schedule an appointment with an appropriate staff member and upon arrival, sign in at the office.

School - Community Intervention Program (SCIP)

SCIP is a program designed to help identify students who are experiencing difficulties which may be related to use of alcohol or other drugs. This support program has four components which assist students: **Identification, Intervention, and Referral for treatment, and Student support.** Anyone with concerns about drug and/or alcohol use or abuse should contact the SCIP Coordinator in our guidance department.

Search and Seizure- Policy 5406

In maintaining discipline and providing a safe environment for students and staff, district employees are responsible for obeying and enforcing compliance with state statutes, policies and administrative rules. The administrative team is authorized to conduct searches of students and their property as well as property of the district in order to enforce compliance with statutes, policies and rules. A search may be conducted when a member of the administrative team determines there is reason to believe it could disclose evidence of the violation of a statute, policy or rule. The administrative team is also authorized to conduct area-wide searches (e.g., searches of all student lockers) on the same basis and for reasons which include, but are not limited to, safety, health and discovery of the violation of a statute, policy or rule. Student lockers, desks, and other such property are owned by the school. The school exercises exclusive control over school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in lockers and desks issued or made available to them by the school. When a search is part of a criminal investigation conducted in cooperation with police or law enforcement, or is intended to discover evidence to be used exclusively in a criminal proceeding, the police or law enforcement official shall be made responsible for the search. Policy permits school administrators to search vehicles parked on Norfolk Public Schools property. Law enforcement, including sniff dogs, will be contacted when circumstances dictate.

Securing a Teacher's Help

Teachers are in the school building from 7:45 a.m. until 3:45 p.m., and they are willing to help students individually during the school day. An appointment can also be made if for some reason this time period is not suitable. Students are encouraged to seek additional help from teachers when they are having troubles with classroom work and they should receive a pass from the teacher if the time is before 7:50 a.m.

Student Services / Discipline

Behavior Expectations

Overall, students are expected to follow all directives that are given to them by teachers, substitute teachers, teachers' aides, secretaries, custodians, cafeteria workers, bus drivers, mentors, and administrators. In short, students are expected to complete their classroom assignments and to treat everyone in the building respectfully and to do their part in keeping the building clean. In addition to the items in the Code of Conduct, the following items are enforced: Students are encouraged to help make their time at Norfolk Middle School both pleasant and beneficial. Students at Norfolk Middle School are expected to be safe, responsible, and respectful.

Student Behavior

Every effort is made to work with students' special and/or disciplinary problems. Assistance from teachers is solicited in an attempt to accomplish this end. Every effort will be made to make the consequences fit the inappropriate behavior. Special efforts are being made to coordinate behavior expectations and to make consequences consistent among the Middle School, Junior and Senior High. Detentions, work details, loss of privileges, suspension, mediation, behavior contracts, and even expulsion may result from a single inappropriate behavior or a pattern of inappropriate behaviors based upon the nature of the action(s). Complete standards of behavior, actions which may result in short or long term suspensions, and the procedures for both are contained in the "Students Rights and Responsibilities" which is included in this handbook. Each student receives their handbook on their first day of school and requires acknowledgment by parent and student signature.

Student Discipline

Student discipline is handled in a structured manner and is designed to serve as a deterrent. Consequences for violating school rules and policies include Conferencing with Administration, Conferencing with Guidance Counselors, Detention, In-School Suspension, Peer or Adult-Led Mediation, Out-of-School Suspension, and Expulsion. Please review the Student Rights and Responsibility Section of this handbook for complete information on suspension and expulsion. The Norfolk Middle School Code of Conduct is also contained in this handbook.

Student Privacy Protection

It is the policy of Norfolk Public Schools to develop and implement policies which protect the privacy of students in accordance with applicable laws. The District's policies in this regard include the following:

Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties: Parents shall have the right to inspect, upon the parent's request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed by the school to the parent's child.

Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive: The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Right of Parents to Inspect Instructional Materials: Parents have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term "instructional materials" for purposes of this policy. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five (5) school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and place as will not interfere with the educator's intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Protection of Student Privacy in Regard to Personal Information Collected from Students: The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. "Personal information" for purposes of this policy means individually identifiable information about a student including: a student or parent's

first and last name, home address, telephone number, and social security number. The term “personal information,” for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or postsecondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

Parental Access to Instruments used in the Collection of Personal Information: While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy: The District provides parents with reasonable notice of the adoption or continued use of this policy and other policies related to student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

Notification to Parents of Dates of and Right to Opt-Out of Specific Events: The District will directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of

marketing or for selling that information). Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and,

Student Visitors

It is not the policy of Norfolk Middle School to allow non-students to attend classes with a student. We feel it is important not to interrupt the educational process.

Discipline at School Functions

Students are expected to behave in an orderly and appropriate manner as listed in the district's Rights and Responsibilities and the school's discipline code while attending school or any school function on school grounds (parking lots included) or elsewhere. Students are also expected to follow school rules at activities (parking lots and activities near or in vehicles at Memorial Field are also subject to the Code of Conduct) and at any out of town school events. If students choose to act in an inappropriate fashion, they will receive consequences consistent with the severity, intensity, and frequency of their actions. Students may conference with teachers, parents, and/or administration and/or may receive detentions, in-school suspensions, out of school suspension, expulsions, or additional consequences as determined by administration as a result of inappropriate behavior. Parents are encouraged to call teachers and the administration concerning discipline in the classroom or at other school functions.

Credit for Course Work during Suspension

Students serving In-School Suspension will receive full credit for their work completed during the suspension. Any work not completed during the suspension is subject to receiving no credit.

Detentions

Detentions may be for any reasonable amount of time. If a detention is 5 minutes or less, advance notice to the parents may not be given. If a detention is longer than 5 minutes or if the student is required to stay past 3:35 p.m., then students will have 24 hours to complete or reschedule the detention and parents will be notified by the teacher. Failure to appear for a detention will result in the detention time being doubled.

Telephones

The telephone in the main office is for business and emergency calls only. A student may use the phone in the office without charge if the call is made due to a change in school schedule or if the student is working with a teacher. Students may also use the provided phones if they have been given permission from a staff member. Students will not be able to use the office phone afterschool until 3:40 p.m. unless they have special permission from a staff member. Plans for rides home should be made in advance to avoid unnecessary phone calls. Students using the phone in an inappropriate manner will lose all school phone privileges.

Testing

It shall also be the policy of the District to notify a parent/guardian when the student will participate in standard norm-referenced or criterion referenced tests such as, but

not limited to, NSCAS, MAPS Testing. When reasonable to do so, the parent/guardian will be notified where a sample of the test might be examined and the date upon which the test will be administered.

Trespassing

Non-students who come on the school campus and/or into buildings who have not checked into the main office may be cited for trespassing. A suspended or expelled student from any Norfolk Public School is not to be in the building or on the Middle School campus without prior arrangement with the administration. Any violation of this suspension or expulsion policy will result in trespassing charges and further disciplinary consequences. This includes activities at the middle school or any school sponsored activity away from Norfolk Middle School. Students with partial schedules should leave campus within 10 minutes after their last class. Loitering on campus may result in disciplinary actions.

Video Surveillance

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent. Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules, or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Visitors

For Safety reasons, all entrances will be locked at 8:30 a.m. All visitors during the school day need to report to the east entrance and proceed to the main office immediately after entering the building. Visitors will be given a visitor tag so that they will be easily identified by school personnel. Visitors in the building without visitor badges should be escorted to the main office. Visitors attending Norfolk Middle School activities should enter the building from the east side and proceed to the gymnasium.

Norfolk Public Schools District Policies

Title I Parental Involvement Policy--6410

This Title I Parental Involvement Policy is established in compliance with the Every Student Succeeds Act (ESSA). Norfolk Public Schools has a parental involvement policy applicable to parents of all children. The parental involvement policy applicable to parents of all children is not replaced by this Title I Parental Involvement Policy and shall continue to be applicable to all parents, including parents participating in Title I programs.

It is the policy of Norfolk Public Schools to implement programs, activities, and procedures for the involvement of parents in Title I programs consistent with the Title I laws. Such programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children.

Expectations for Parental Involvement

It is the expectation of Norfolk Public Schools that parents of participating children will have opportunities available for parental involvement in the programs, activities, and procedures of the District's Title I program. The term "parental involvement" means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring--(A) that parents play an integral role in assisting their child's learning; (B) that parents are encouraged to be actively involved in their child's education at school; (C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and (D) the carrying out of other activities, such as those described in this parental involvement policy. The District intends to meet this expectation through the following activities:

- A. Involving parents in the joint development of the District's Title I plan and the processes of school review and school improvement.
- B. Providing coordination, technical assistance, and other support necessary to assist participating schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance.
- C. Building the schools' and parents' capacity for strong parental involvement.
- D. Coordinating and integrating parental involvement strategies under Title I with parental involvement strategies under other programs.
- E. Conducting, with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy in improving the academic quality of the schools served under the Title I program, including identifying barriers to greater participation by parents in Title I programs, with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background, and use the findings of such evaluation to design strategies for more effective parental

involvement, and to revise, if necessary, the parental involvement policies of the District.

- F. Involving parents in the activities of the schools served under Title I.

Policy Involvement

Each school served under the Title I program shall:

- A. Convene an annual meeting, at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation under the Title I program and to explain the requirements of the Title I program.
- B. Offer a flexible number of meetings, such as meetings in the morning or evening. If sufficient funds are provided for this purpose, the District may assist parental involvement in such meetings by offering transportation, child care, or home visits.
- C. Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of Title I programs.
- D. Provide parents of participating children—(1) timely information about programs under Title I, (2) a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet; and (3) if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible.
- E. If the District operates a school-wide program under Title I and such plan is not satisfactory to the parents of participating children, submit any parental comments on the plan when the school makes the plan available to the District.

Shared Responsibilities for High Student Academic Achievement

As a component of the District's parental involvement policy, each school served under the Title I program shall jointly develop with parents for all children served under the Title I program a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. Such compact shall—(1) describe the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the children served under Title I to meet the State's student academic achievement standards and the ways in which each parent will be responsible for supporting their children's learning, such as monitoring attendance, homework completion, and television watching; volunteering in their child's classroom; and participating, as appropriate, in decisions relating to the education of their children and positive use of extracurricular time; and (2) address the importance of communication between teachers and parents on an ongoing basis through, at a minimum—(A) parent-teacher conferences in elementary schools, at least annually, during which the compact shall be discussed as the compact relates to the individual child's achievement; (B) frequent reports to parents on their

children's progress; and (C) reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities.

Building Capacity for Involvement

To ensure effective involvement of parents and to support a partnership among the District, parents, and the community to improve student academic achievement, each school participating in the Title I program and the District—(1) shall provide assistance to participating parents, as appropriate, in understanding such topics as the State's academic content standards and State student academic achievement standards, State and local academic assessments, the requirements of Title I and how to monitor a child's progress and work with educators to improve the achievement of their children; (2) shall provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parental involvement; (3) shall educate teachers, student service personnel, principals, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school; (4) shall, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with Head Start, Reading First, Early Reading First, Even Start, the Home Instruction Programs for Preschool Youngsters, the Parents as Teacher Program, and public preschool and other programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children; (5) shall ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format, and to the extent practicable, in a language the parents can understand; (6) may involve parents in the development of training for teachers, principals, and other educators to improve the effectiveness of such training; (7) may provide necessary literacy training from funds received under Title I if the District has exhausted all other reasonably available sources of funding for such training; (8) may pay reasonable and necessary expenses associated with parental involvement activities, including transportation and child care costs, to enable parents to participate in school-related meetings and training sessions; (9) may train parents to enhance the involvement of other parents; (10) may arrange school meetings at a variety of times, or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at school, in order to maximize parental involvement and participation; (11) may adopt and implement model approaches to improving parental involvement; (12) may establish a district-wide parent advisory council to provide advice on all matters related to parental involvement in programs supported under Title I; (13) may develop appropriate roles for community-based organizations and businesses in parent involvement activities; and (14) shall provide such other reasonable support for parental involvement activities under Title I as parents may request.

Accessibility

In carrying out the parental involvement activities for this Title I Parental Involvement policy, the District shall provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under Title I in a format and, to the extent practicable, in a language such parents understand.

Use, Distribution, and Updating of this Policy

This Title I Parental Involvement Policy shall be incorporated into the District's Title I plan, shall be distributed to parents of participating children, shall be made available to the local

community, and shall be updated periodically to meet the changing needs of the parents and the school.

B. Prohibited Harassment, Discrimination, and Retaliation of Employees, Students and Others.

1. Purpose:

The Norfolk Public School District is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination, harassment and retaliation of any kind by District employees, including, co-workers, non-employees (such as volunteers), third parties, and others is strictly prohibited and will not be tolerated.

Harassment is a form of discrimination and includes verbal, non-verbal, written, graphic, or physical conduct relating to a person's sex, disability, race, (including skin color, hair texture, and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity or other protected status, that is sufficiently serious to deny, interfere with, or limit a person's ability to participate in or benefit from an educational or work program or activity, including, but not limited to:

a. Conduct that is sufficiently severe or pervasive to create an intimidating, hostile, or abusive educational or work environment, or

b. Requiring an individual to endure the offensive conduct as a condition of continued employment or educational programs or activities, including the receipt of aids, benefits, and services.

Educational programs and activities include all academic, educational, extracurricular, athletic, and other programs of the school, whether those programs take place in a school's facilities, on a school bus, at a class or training program sponsored by the school at another location, or elsewhere.

Discriminatory harassment because of a person's sex, disability, race, (including skin color, hair texture, and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity or other protected status, may include, but is not limited to:

a. Name-calling,

- b. Teasing or taunting,
- c. Insults, slurs, or derogatory names or remarks,
- d. Demeaning jokes,
- e. Inappropriate gestures,
- f. Graffiti or inappropriate written or electronic material,
- g. Visual displays, such as cartoons, posters, or electronic images,
- h. Threats or intimidating or hostile conduct,
- i. Physical acts of aggression, assault, or violence, or
- j. Criminal offenses

The following examples are additional or more specific examples of conduct that may constitute sexual harassment:

- a. Unwelcome sexual advances or propositions,
- b. Requests or pressure for sexual favors,
- c. Comments about an individual's body, sexual activity, or sexual attractiveness,
- d. Physical contact or touching of a sexual nature, including touching intimate body parts and inappropriate patting, pinching, rubbing, or brushing against another's body,
- e. Physical sexual acts of aggression, assault, or violence, including criminal offenses (such as rape, sexual assault or battery, and sexually motivated stalking), against a person's will or where a person is incapable of giving consent due to the victim's age, intellectual disability, or use of drugs or alcohol,
- f. Requiring sexual favors or contact in exchange for aids, benefits, or services, such as grades, awards, privileges, promotions, etc., or
- g. Gender-based harassment; acts of verbal, nonverbal, written, graphic, or physical conduct based on sex or sex-stereotyping, but not involving conduct of a sexual nature.

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled "Grievance Procedures," below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

2. Anti-retaliation:

The District prohibits retaliation, intimidation, threats, coercion, or discrimination against any person for opposing discrimination, including harassment, or for participating in the District's discrimination complaint process or making a complaint, testifying, assisting, or participating in any manner, in an investigation, proceeding, or hearing. Retaliation is a form of discrimination.

The District will take immediate steps to stop retaliation and prevent its recurrence against the alleged victim and any person associated with the alleged victim. These steps will include, but are not limited to, notifying students, employees, and others, that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment, or retaliation have occurred. If retaliation occurs, the District will take prompt and strong responsive action, including possible discipline, including expulsion or termination, if applicable.

3. Grievance (or Complaint) Procedures:

Employees or students should initially report all instances of discrimination, harassment or retaliation to their immediate supervisor or teacher or to the compliance coordinator designated to handle complaints of discrimination (designated coordinator). If the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student may report the alleged discrimination, harassment or retaliation ("discrimination") to the designated coordinator, or in the case of students, to another staff person (such as a counselor or principal).

Other individuals may report alleged discrimination to the designated coordinator. If the designated coordinator is the person alleged to have committed the discriminatory act, then the complaint should be submitted to the

Superintendent for assignment. A discrimination complaint form is attached to this grievance procedure and is available in the office of each District building, on the District's website, and from the designated coordinators. Under no circumstances will a person filing a complaint or grievance involving discrimination be retaliated against for filing the complaint or grievance.

i. Level 1 (Investigation and Findings):

Once the District receives a grievance, complaint or report alleging discrimination, harassment, or retaliation, or becomes aware of possible discriminatory conduct, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred. If necessary, the District will take immediate, interim action or measures to protect the alleged victim and prevent further potential discrimination, harassment, or retaliation during the pending investigation. The alleged victim will be notified of his or her options to avoid contact with the alleged harasser, such as changing a class or prohibiting the alleged harasser from having any contact with the alleged victim pending the result of the District's investigation. The District will minimize any burden on the alleged victim when taking interim measures to protect the alleged victim.

The District will promptly investigate all complaints of discrimination, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The District will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this grievance procedure. If the allegation(s) involve possible criminal conduct, the District will notify the complainant of his or her right to file a criminal complaint, and District employees will not dissuade the complainant from filing a criminal complaint either during or after the District's investigation.

The District will aim to complete its investigation within ten (10) working days after receiving a complaint or report, unless extenuating circumstances exist. Extenuating circumstances may include the unavailability of witnesses due to illness or incapacitation, or additional time needed because of the complexity of the investigation, the need for outside experts to evaluate the evidence (such as forensic evidence), or multiple complainants or victims. If extenuating circumstances exist, the extended timeframe to complete the investigation will not exceed ten (10) additional working days without the consent of the complainant, unless the alleged victim agrees to a longer timeline. Periodic status updates will be given to the parties, when appropriate.

The District's investigation will include, but is not limited to:

- a. Providing the parties with the opportunity to present witnesses and provide evidence.
- b. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
- c. For allegations involving harassment, some of the factors the District will consider include: 1) the nature of the conduct and whether the conduct was unwelcome, 2) the surrounding circumstances, expectations, and relationships, 3) the degree to which the conduct affected one or more students' education, 4) the type, frequency, and duration of the conduct, 5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, 6) the number of individuals involved, 7) the age (and sex, if applicable) of the alleged harasser and the alleged victim(s) of the harassment, 8) the location of the incidents and the context in which they occurred, 9) the totality of the circumstances, and 10) other relevant evidence.
- d. A review of the evidence using a "preponderance of the evidence" standard (based on the evidence, is it more likely than not that discrimination, harassment, or retaliation occurred?)

The designated compliance coordinator (or designated investigator) will complete an investigative report, which will include:

- a. A summary of the facts,
- b. Findings regarding whether discrimination, harassment or other inappropriate conduct occurred, and
- c. If a finding is made that discrimination, harassment or other inappropriate conduct occurred, the recommended remedy or remedies necessary to eliminate discrimination, harassment or other inappropriate conduct.

If someone other than the designated compliance coordinator conducted the investigation, the compliance coordinator will review, approve, and sign the investigative report. The District will ensure that prompt, appropriate, and effective remedies are provided if a finding of discrimination, harassment, or retaliation is made. The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings.

The District will send concurrently to the parties written notification of the decision (findings and any remedy) regarding the complaint within one (1) working day after the investigation is completed. The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 11232g; 34 C.F.R. Part 99, permits the District to disclose relevant information to a student who was discriminated against or harassed.

ii. Level 2 (Appeal to the Superintendent):

If a party is not satisfied with the findings or remedies (or both) set forth in the decision, he or she may file an appeal in writing with the Superintendent within five (5) working days after receiving the decision. The Superintendent will review the appeal and the investigative documentation and decision, conduct additional investigation, if necessary, and issue a written determination about the appeal within ten (10) working days after receiving the appeal. The party who filed the appeal will be sent the Superintendent's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. [If the Superintendent is the subject of the complaint, the party will file the appeal directly with the Board.]

iii. Level 3 (Appeal to the Board):

If the party is not satisfied with the Superintendent's determination, he or she may file an appeal in writing with the Board of Education within five (5) working days after receiving the Superintendent's determination. The Board of Education will review the appeal, the Superintendent's determination, the investigative documentation and decision, and allow the party to address the Board at a Board meeting to present his or her appeal. The party will be allowed to address the Board at the Board's next regularly scheduled Board meeting (unless the Board receives the appeal within one week of the next regularly scheduled Board meeting) or at a time and date agreed to by the Board, designated compliance officer and the party. The Board will issue a written determination about the appeal within thirty (30) days after the party addresses the Board. The party who filed the appeal will be sent the Board's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. The Board's determination, and any actions taken, will be final on behalf of the District.

4. Confidentiality:

The identity of the complainant will be kept confidential to the extent permitted by state and federal law. The District will notify the complainant of the anti-retaliation provisions of applicable laws and that the District will take steps to prevent retaliation and will take prompt and strong responsive actions if retaliation occurs.

If a complainant requests confidentiality or asks that the complaint not be pursued, the District will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or the request not to pursue an investigation, as long as doing so does not prevent the District from responding effectively to the harassment and preventing harassment of other students. If a complainant insists that his or her name or other identifiable information not be disclosed to the alleged perpetrator, the District will inform the complainant that its ability to respond may be limited. Even if the District cannot take disciplinary action against the alleged harasser, the District will pursue other steps to limit the effects of the alleged harassment and prevent its recurrence, if warranted.

5. Training:

The District will ensure that relevant District employees, including but not limited to officials, administrators, teachers, substitute teachers, counselors, nurses and other health personnel, coaches, assistant coaches, paraprofessionals, aides, bus drivers, and school law enforcement officers, are adequately trained so they understand and know how to identify acts of discrimination, harassment, and retaliation, and how to report it to appropriate District officials or employees.

6. Designated Compliance Coordinators: Designated compliance coordinators will be responsible for:

- a. Coordinating efforts to comply with anti-discrimination, anti-harassment, and anti-retaliation laws and regulations.
- b. Coordinating and implementing training for students and employees pertaining to anti-discrimination, anti-harassment and anti-retaliation laws and regulations, including the training areas listed above.
- c. Investigating complaints of discrimination (unless the coordinator designates other trained individuals to investigate).
- d. Monitoring substantiated complaints or reports of discrimination, as needed (and with the assistance of other District employees, if necessary), to ensure discrimination or harassment does not recur, and that retaliation conduct does not occur or recur.
- e. Overseeing discrimination complaints, including identifying and addressing any patterns or systemic problems, and reporting such patterns or systemic problems to the Superintendent and the Board of Education.
- f. Communicating regularly with the District's law enforcement unit investigating cases and providing current information to them pertaining to anti-discrimination, anti-harassment, and anti-retaliation standards and compliance requirements.
- g. Reviewing all evidence in harassment or violence cases brought before the District's disciplinary committee or administrator to determine whether the complainants are entitled to a remedy under anti-discrimination laws and regulations that was not available in the disciplinary process.

- h. Ensuring that investigations address whether other students or employees may have been subjected to discrimination, including harassment and retaliation.
- i. Determining whether District employees with knowledge of allegations of discrimination, including harassment and retaliation, failed to carry out their duties in reporting the allegations to the designated compliance coordinator and responding to the allegations.
- j. Recommending changes to this policy and grievance procedure.
- k. Performing other duties as assigned. The designated compliance coordinators will not have other job responsibilities that may create a conflict of interest with their coordinator responsibilities.

7. Preventive Measures: The District will publish and widely distribute on an ongoing basis a notice of nondiscrimination (notice) in electronic and printed formats, including prominently displaying the notice on the District's website and posting the notice at each building in the District. The District also will designate an employee to coordinate compliance with anti-discrimination laws (see Designated Compliance Coordinator section, above, for further information on compliance coordinator), and widely publish and disseminate this grievance procedure, including prominently posting it on the District's website, at each building in the District, reprinting it in District publications, such as handbooks, and sending it electronically to members of the school community. The District will provide training to employees and students at the beginning of each academic year in the areas (B.6.a-g) identified in the Training section, above.

The District also may distribute specific harassment and violence materials (such as sexual violence), including a summary of the District's anti-discrimination, anti-harassment, and anti-retaliation policy and grievance procedure, and a list of victim resources, during events such as school assemblies and back to school nights, if recent incidents or allegations warrant additional education to the school community.

(2) Participation in extracurricular activities and use of a musical instrument in optional music courses that are not extracurricular activities. Waivers will be updated annually by specific grade level and can be found on the school website or by contacting the specific building the student attends. The Superintendent or the Superintendent's designee shall publish the District's student fee policy in the Student Handbook or the equivalent (for example, publication may be made in an addendum or a supplement to the student handbook). The Student Handbook or the equivalent shall be provided to every student of the District or to every household in which at least one student resides, at no cost.

The School Board will have a Student Fee Fund established which is for the purpose of tracking all student fee receipts and expenditures. The Student Fee Fund shall be a separate school district fund not funded by tax revenue, into which all money collected from students and subject to the Student Fee Fund shall be deposited and from which money shall be expended for the purposes for which it was collected from students.

Instructional / Extracurricular and Miscellaneous Fee Guidelines

(1) General Course Materials: Items necessary for students to benefit from courses will be made available by the District for the use of students during the school day. Students may be encouraged, but not required, to bring items needed to benefit from courses including, but not limited to, pencils, paper, pens, erasers, notebooks, trappers/binders, protractors and math calculators. A specific class supply list will be published annually in a Board approved student handbook or supplement or other notice. The list may include refundable damage or loss deposits required for usage of certain District property.

(2) Damaged or Lost Items: Students are responsible for the careful and appropriate use of school property. Students and their parents or guardian will be held responsible for damages to school property where such damage is caused or aided by the student and will also be held responsible for the reasonable replacement cost of school property which is placed in the care of and lost by the student. Charges of this nature are not waivable.

(3) Materials Required for Course Projects: Students are permitted to and may be encouraged to supply materials for course projects. Some course projects (such as projects in art and shop classes) may be kept by the student upon completion. In the event the completed project has more than minimal value, the student may be required, as a condition of the student keeping the completed project, to reimburse the District for the reasonable value of the materials used in the project. Standard project materials will be made available by the District. If a student wants to create a project other than the standard course project, or to use materials other than standard project materials, the student will be responsible for furnishing or paying the reasonable cost of any such materials for the project.

(4) Musical Instruments: Students will be required to furnish musical instruments for participation in optional music courses. Use of a musical instrument without charge is available under the District's fee waiver policy. The District is not required to provide for the use of a particular type of musical instrument for any student.

(5) Non-specialized attire required for specified courses and activities: Students have the responsibility to furnish and wear non-specialized attire meeting general District grooming and attire guidelines, as well as grooming and attire guidelines established for the building or programs attended by the students or in which the students participate. Students also have the responsibility to furnish and wear non-specialized attire reasonably related to the programs, courses and activities in which the students participate where the required attire is specified in writing by the administrator or teacher responsible for the program, course or activity. The District will provide or make available to students such safety equipment and attire as may be required by law, specifically including appropriate industrial-quality eye protective devices for courses of instruction in vocational, technical, industrial arts, chemical or chemical-physical classes which involve exposure to hot molten metals or other molten materials, milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials, heat treatment, tempering, or kiln firing of any metal or other materials, gas or electric arc welding or other forms of welding processes, repair or servicing of any vehicle, or caustic or explosive materials, or for laboratory classes involving caustic or explosive materials, hot liquids or solids, injurious radiations, or other similar hazards. Building administrators are directed to assure that such equipment is available in the appropriate classes and areas of the school buildings, teachers are directed to instruct students in the usage of such devices and to assure that students use the devices as required, and students have the responsibility to follow such instructions and use the devices as instructed.

(6) Specialized equipment or attire: The District will furnish students with specialized equipment and attire for participation in extracurricular activities that is required by the district. The District is not required to provide for the use of any particular type of equipment or attire that is considered optional.

(7) Participation in summer school or night school: Students who do not qualify for a student fee waiver are responsible for fees to participate in summer school or night school.

(8) Breakfast and lunch programs: Any student who qualifies for free or reduced breakfast and lunch will receive one full breakfast and lunch each day at a reduced or free rate. Students shall be responsible for items which students purchase from the District's breakfast and lunch programs that fall outside of the qualifying breakfast or lunch.

(9) Personal Consumable Items: Students are also responsible for the cost of food, beverages, personal or consumable items which students purchase from the District or at school, whether from a "school store," a

vending machine, booster club, parent group sale, book order club, or the like. Students who do not qualify for free or reduced price meals may be required to bring money or food for field trip meals or similar activities.

(10) Copies of student files or records: The Superintendent or the Superintendent's designee shall establish a schedule of fees representing a reasonable cost of reproduction for copies of a student's files or records for the parents or guardians of such student. A parent, guardian or student who requests copies of files or records shall be responsible for the cost of copies reproduced in accordance with such fee schedule. The imposition of a fee shall not be used to prevent parents of students from exercising their right to inspect and review the students' files or records and no fee shall be charged to search for or retrieve any student's files or records. The fee schedule shall permit one copy of the requested records be provided for or on behalf of the student without charge and shall allow duplicate copies to be provided without charge to the extent required by federal or state laws or regulations.

The District does provide activities, programs, and services to children which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. The District's policy is to continue to encourage and to the extent permitted by law, to require such student and parent contributions to enhance the educational program provided by the District.

Guidelines on Activities, programs and services where student fees are not waived

(1) Participation in before-and-after-school or pre-kindergarten services: Students are responsible for fees required for participation in before-and-after-school or pre-kindergarten services offered by the District, except to the extent such services are required to be provided without cost.

(2) Parking: Students may be required to pay for parking on school grounds or at school sponsored activities, and may be subject to payment of fines for failure to comply with school parking rules or damages caused by vehicles.

(3) Transportation costs: Students are responsible for fees established for transportation services provided by the District to the extent permitted by federal and state laws and regulations.

(4) Postsecondary education costs: Students are responsible for postsecondary education costs. The phrase "postsecondary education costs" means tuition and other fees only associated with obtaining credit from a postsecondary educational institution. For a course in which students receive high school credit and for which the student may also receive postsecondary education credit, the course shall be offered without charge to receive high school credit only.

(5) National Trips: Norfolk Public Schools will provide no financial support to extra-curricular student groups or organizations for travel outside of Nebraska (exclusive of NSAA sanctioned activity competition in Iowa and South Dakota). Vocational Student Organizations (including, but not limited to DECA, FBLA, FFA, and VICA) that have members qualify for National competition through State-sponsored conferences/conventions will be allowed to attend those conferences. Groups that qualify for National competition through calendar school year competition, which are primarily academic in nature (including, but not limited to Quiz Bowl and Speech/Debate) will also be allowed to attend their competitions. Absences will be counted as school activity and a staff member will be provided to act as an official sponsor for the trip. Occasionally groups (including, but not limited to Band, Choir, Cheerleaders and Pink Panthers) are invited to make trips or are invited to make trips through summer camps. Student groups that choose to take these trips shall not use school time to organize or plan. Absences for these trips will not be excused if taken during school time. The District will not endorse trips on school days nor provide a staff member to act as an official sponsor for the trip. (Note: If the trip occurs on a "non-contract day, or a non-school day, a staff member may choose to use their own time to participate).

STUDENTS' RIGHTS AND RESPONSIBILITIES

The mission of the Norfolk Public Schools is to prepare all students to pursue their goals for the future.

This mission is based on beliefs and principles about how students learn and what they must know to behave as responsible citizens and productive workers in a highly competitive, increasingly global society.

This policy statement provides the general guidelines of conduct, which are expected of our students. It also describes the responsibilities of the students in relation to this conduct standard.

These rules and standards apply to all school buildings and grounds, during and immediately before or after school hours. They also apply to school-sponsored functions both on and off school property.

The Board of Education has adopted the following policies of general application governing student conduct in all schools. Principals will establish other rules and regulations applicable to conduct at their respective sites that are consistent with those established by the Board of Education.

I. GENERAL STANDARDS OF BEHAVIOR:

It is expected that students will conduct themselves in a manner which is considerate of others, respectful of property and mindful of the good of all.

Students should therefore:

- A. Attend school regularly and punctually.
- B. Act in a manner that will enhance the learning environment for all students.
- C. Use school facilities in a way that will conserve their continued usefulness.
- D. Apply themselves to the best of their ability to the learning tasks assigned.
- E. Abide by school regulations and assist in their enforcement and modification.
- F. Participate constructively in school government and assist in modification of regulations for general school improvement.

II. STUDENT USE/ABUSE OF ALCOHOL AND OTHER SUBSTANCES:

All students have a right to attend school in an environment conducive to learning. Since alcohol and other drug use is illegal, contagious, and interferes with both effective learning and the healthy development of children and adolescents, the school has a fundamental legal and ethical obligation to prevent drug use and to maintain a drug-free educational environment.

No student may use, possess, be under the influence of, sell, or distribute alcohol or other substances, nor may use or possess drug paraphernalia (except drugs as prescribed by a physician) on school grounds or at school-sponsored events. The same restrictions apply to students participating in extracurricular activities. The terms "alcohol or other substances" shall refer to the use of all substances including, but not limited to, alcohol, tobacco, inhalants, illicit drugs, and look-a-likes. The inappropriate use of prescription and over-the-counter drugs shall also be prohibited. This policy applies to all school buildings, grounds and school-sponsored functions or events whether on or off school grounds.

The school district will provide a health curriculum that will include strategies of prevention and intervention designed to educate students on the use/abuse of alcohol and other substances.

Violations of this policy will be handled in accordance with the rules and regulations set forth in this document.

III. ATTENDANCE POLICY

- A. Revised Nebraska State Statute (79-201) requires that all students between the ages of 6 - 18 attend school. It is the responsibility of the parent/guardian to see that the student is at school at the appropriate time in a proper state of health and cleanliness. Notification of an
- B. Absence must be made to the school office or the absence will be considered unexcused. The school district is required by law to notify juvenile justice officials when excessive absences occur. Building administrators will establish attendance guidelines for their respective buildings and they are published in the school's parent/student handbook.

IV. CONSEQUENCES OF DISRUPTIVE BEHAVIOR:

Conduct, which violates the rules and regulations and policies adopted by the Board of Education and as set forth below, will subject the student to disciplinary action. Disciplinary action may be, but is not limited to:

- A. Counseling of the student. In alcohol/drug related incidents students shall have an alcohol evaluation performed by a qualified drug/alcohol counselor. Payment will be at the student's expense.
- B. Parent conferences.
- C. Rearrangement of schedule/assignment to another school.
- D. Requirement that the student remain in school after regular hours, summers and Saturdays to complete additional work.
- E. Restriction of participation in extracurricular activity.
- F. Involving law enforcement and/or social service agencies.
- G. Short-term suspension: Any student may be excluded from the Norfolk Public Schools for a period of time not to exceed five school days provided that the suspension is assigned under the guidelines provided by Nebraska State Law and as set forth below. Also reference Board Policy 5101.

1. Circumstances warranting short-term suspension:

- a) If the student has a dangerous communicable disease transmissible through normal school contacts.
- b) If the student is infected with or can be proven to be a carrier of external parasites (such as head lice) which may be transmissible through normal school contacts and which pose a threat to the safety and well-being of the school community.
- c) If the student is involved in behavior or activities, which interfere with any educational function or which infringe upon the rights of other students to pursue an education. Some objectionable activities or behavior which could result in short-term suspensions are as follows:
 - 1. Refusal to comply with reasonable standards of behavior established by teachers or building administrators.
 - 2. Use of abusive or profane language.
 - 3. Fighting.
 - 4. Willful truancy or willful and repeated tardiness.
 - 5. Vandalism, theft or pilferage of property belonging to the school district, staff members or students.
 - 6. Engaging in the unlawful possession, being under the influence of, selling, dispensing, or use of an illegal substance, tobacco or alcoholic beverage.
 - 7. Committing any other act or becoming involved in any other activity, which causes a disruption in the normal educational opportunity for other students.
- d) If the student's conduct presents a clear threat to the physical safety of himself/herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.
- e) Conduct constituting grounds for expulsion or long-term suspension as set out in Nebraska law.

2. Procedure for short-term suspension:

- a. When a student is accused of conduct, which might result in suspension under this section, the building administrator (Assistant Principal) is to conduct an investigation into the charges made and ascertain whether there is evidence of a violation of sufficient seriousness to warrant further action.
- b. When the building administrator believes that further action is needed, he/she shall inform the student of the charges against him/her and give the student an opportunity to present his/her version of the incident.
- c. Should the building administrator believe that a short-term suspension is justified, the building administrator shall make every reasonable attempt to notify the student's parent or guardian, immediately.
- d. The suspension shall take effect at the time specified by the building administrator. Written notification of the suspension shall be sent by regular mail to the parent or guardian as soon as is reasonably possible.

- e. Such suspension may be either “in-school,” where in a student does not attend classes but reports for study under supervised conditions as the building administrator may direct, or “out-of-school,” where in a student is not permitted to be present on school property. In either case, students may not participate in or attend any activities sponsored by the Norfolk Public Schools.
- f. Opportunity will be given to students so suspended to make up work missed.
- g. If the building administrator makes a decision to discipline a student and the parent or guardian does not accept this decision, the parent or guardian may appeal to the Building Head Principal. The student or the student's parent or guardian must appeal with the Building Head Principal within 5 school days of the receipt of the written notice. The Building Head Principal shall review the incident and the disciplinary action imposed by the building administrator. The Building Head Principal shall inform the parent or guardian of his/her decision within three calendar days from the date that the appeal is received.
- h. Nothing in this policy shall preclude the student or the student's parent guardian or representative from discussing and settling this matter with appropriate school personnel prior to the conference with the Building Head Principal.

H. Long-term suspension/expulsion: Long-term suspension shall mean the exclusion of a student from attendance in all schools within the Norfolk Public School System for a period of time exceeding five but less than twenty school days. Expulsion shall mean exclusion from attendance in all schools within the system.

1. Length of expulsions for regular and special circumstances

- a. **Regular Circumstances.** The expulsion of a student shall be for a period not to exceed the remainder of the semester in which it took effect, unless the misconduct occurred (1) *First Semester* - within ten (10) school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester or (2) *Second Semester* - within ten (10) school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year (subject to automatic review).
 - b. **Special Circumstances involving use of force and personal injury.** (1) *First Semester* - period not to exceed the remainder of the school year in which it took effect if the misconduct occurs during the first semester or (2) *Second Semester* - if the expulsion takes place during the second semester, the expulsion shall remain in effect for summer school and may remain in effect for the first semester of the following school year.
 - c. **Special Circumstances involving firearms.** Expulsion period not less than one calendar year.
2. The following student conduct shall constitute grounds for a long-term suspension or expulsion subject to the procedural provisions of Nebraska State Law when such activity occurs on school grounds or during a school function or event off school grounds:
- a. Use of violence, force, coercion, threat, intimidation, or similar conduct in a manner that constitutes a substantial interference with school purposes.
 - b. Willfully causing or attempting to cause substantial damage to private or school property, stealing or attempting to steal private or school property of substantial value, or repeated damage or theft involving private or school property of small value.
 - c. Threatening, intimidating, causing or attempting to cause physical injury to a school employee or to any student. Physical injury caused by accident, self-defense or an action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision.
 - d. Threatening or intimidating any student for the purpose of, or with the intent of, obtaining money or anything of value from such student.
 - e. Knowingly possessing, handling or transmitting any object or material that is ordinarily or generally considered a weapon.
 - f. Knowingly or voluntarily to bring to school, possess, handle, transmit or use any firearm, knife or other dangerous weapon in school, on school grounds or at a school function off school grounds.

Dangerous weapons shall include: 1) firearms [including starter pistols, B-B guns (rifles and pistols), shotguns, air rifles and pistols, CO₂ propelled rifles and pistols, copy-cat or look-alike rifles or pistols whether or not they are capable of expelling a projectile, see also definition below]; 2) bombs, razor blades, grenades, rockets, explosives or similar devices; 3) knives, dirks or stiletos of any type, or any other dangerous instrument capable of inflicting

cutting, stabbing or tearing wounds; 4) knuckles consisting of finger rings, guards or similar devices made of a hard substance that is designed, made or adapted for the purpose of inflicting serious bodily injury by striking a person with a fist or open hand which is either enclosed by, worn on or held by the hand or knuckles; 5) Tasers.

- g. Knowingly possessing, handling or transmitting any object or material that is ordinarily or generally considered a firearm. The term "firearm" as described in 18 U.S.C. 921 means (1) any weapon (including a starter gun), which will, or is designed to, or may readily be converted to expel a projectile by the action of any explosive. [This would include rifles, pistols and shotguns.] (2) the frame or receiver of any such weapon; (3) any firearm muffler or firearm silencer; or (4) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means

1. any explosive, incendiary, or poison gas such as a (a) bomb, (b) grenade, (c) rocket having a propellant charge of more than four ounces, (d) missile having an explosive or incendiary charge of more than one-quarter ounce, (e) mine, or (f) device similar to any of the devices described in the preceding clauses;
 2. any type of weapon by whatever name known which will, or which may be readily converted to expel a projectile by the action of an explosive or other propellant, and which has any barrel with a bore of more than one-half inch in diameter (a shotgun or a shotgun shell which is generally recognized as particularly suitable for sporting purposes is not a destructive device within the meaning of this definition since a shotgun is a firearm as defined above); and
 3. any combination of parts either designed or intended for use in converting any device into any destructive device described in paragraph 1. or 2. and from which a destructive device may be readily assembled.
- h. Engaging in the unlawful possession be under the influence of, selling or use of an illegal substance or alcoholic beverage or that, which is represented to be an illegal substance or alcoholic beverage.
- i. Public indecency.
- j. Sexually assaulting or attempting to sexually assault any school employee or student (this may result in mandatory reassignment).
- k. Engaging in any other activity forbidden by the laws of the State of Nebraska when this activity constitutes a danger to other students or interferes with school purposes.
- l. Continuation of disruptive activities, which resulted in disciplinary action or short-term suspension(s), if such violation constitutes a substantial interference with school purposes.
3. Procedure for long-term suspension/expulsion: The procedure shall be the same as that of short-term suspension except as follows:
- a. The principal (Building Head Principal or Assistant Principal) may suspend a student immediately, regardless of the fact that a hearing was requested within five days of notice of expulsion or long-term suspension by the school, if the principal determines that such immediate suspension is necessary to prevent or substantially reduce the risk of: a) interference with an educational function or school purpose or b) personal injury to the student, other students, school employees, or school volunteers. Although the preferable practice is that the principal make such determination in writing, nothing in this policy shall so require. If no hearing is requested, the immediate suspension will continue until the date the long-term suspension, expulsion, or mandatory reassignment takes effect. If a hearing is requested, the suspension will continue until the date the hearing examiner files the report of his or her findings with the Superintendent, if the principal has made a determination as above described.
 - b. On the date of the decision a written charge and a summary of the evidence supporting such charge shall be filed with the Director of Student Services. The school shall, within two school days of the decision, send written notice by registered or certified mail to the student's parent or guardian, and student.
 - c. Such written notice shall include the following:
 1. The rule or standard of conduct allegedly violated and the acts of the student alleged to constitute a cause for long-term suspension or expulsion, including a summary of the evidence to be presented against the student.
 2. The penalty, if any, which the building administrator has recommended in the charge, and any other penalty to which the student may be subject.
 3. A description of the hearing procedures provided along with procedures for appealing any decision rendered at the hearing.
 - d. A statement that the building administrator, legal counsel for the school, the student, the student's parent or guardian, and/or the student's representative (or legal counsel) shall have the right to examine the student's academic and

disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct, and the right to know the identity of the witnesses to appear at the hearing and the substance of their testimony.

- e. A form on which the student, student's parent, or guardian may request a hearing to be signed by such parties and delivered to the building administrator or Superintendent in person or by registered or certified mail as prescribed by state law.
- f. Nothing in this policy shall preclude the student or the student's parent, guardian or representative from discussing and settling this matter with appropriate school personnel prior to the hearing.
- g. If a hearing shall be requested within five school days of the receipt of the written notice by the student or the student's parent or guardian, the Superintendent shall appoint a hearing examiner and all of the provisions of the Nebraska statutes which relate to such a hearing shall be adhered to.
- h. If the student, parent or guardian institutes the appeal following the determination of the Superintendent, they may appeal to the Norfolk Board of Education. Such an appeal shall be made within seven school days following receipt of the written notice of the determination of the Superintendent.
- i. A hearing shall be held before the Board of Education within a period of ten school days after it is requested and such time for a hearing may be changed by mutual agreement of the student and Superintendent, except that the hearing may be held before the Board of Education of not less than three members.

4. Alternative Education Program During Expulsion

- a. An Alternative Education Program will be available to all students during the period their expulsion is in force, except for circumstances outlined in Section G.1.c. above (firearms). These Alternative Education services are made available to students in accordance with revised Nebraska State Statutes 79-266 and Nebraska State Rule 92NAC17. Student participation in an Alternative Education Program is optional. Specific components of this program are developed with the building principal and may vary, depending upon the age of the student.

From the Students Rights and Responsibilities in Norfolk Public Schools:

Weapons

Students are forbidden to:

- A. Knowingly or voluntarily bring to school, possess, handle, transmit or use any firearm, knife or other dangerous weapon in school, on school grounds or at a school function off school grounds.

Dangerous weapons shall include: 1) firearms [including starter pistols, B-B guns (rifles and pistols), shotguns, air rifles and pistols, CO₂ propelled rifles and pistols, copy-cat or look alike rifles or pistols (whether or not they are capable of expelling a projectile) see also definition below]; 2) bombs, razor blades, grenades, rockets, explosives or similar devices; 3) knives, dirks or stilettos of any type, or any other dangerous instrument capable of inflicting cutting, stabbing or tearing wounds; 4) knuckles consisting of finger rings, guards or similar devices made of a hard substance that is designed, made or adapted for the purpose of inflicting serious bodily injury by striking a person with a fist or open hand which is either enclosed by, worn on or held by the hand or knuckles; 5) Tasers.

- B. Knowingly possess, handle or transmit any object or material that is ordinarily or generally considered a firearm.

The term "firearm" as described in 18 U.S.C. 921 means (1) any weapon (including a starter gun), which will, or is designed to, or may readily be converted to expel a projectile by the action of any explosive. [This would include rifles, pistols and shotguns.] (2) the frame or receiver of any such weapon; (3) any firearm muffler or firearm silencer; or (4) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means

1. any explosive, incendiary, or poison gas such as a (a) bomb, (b) grenade, (c) rocket having a propellant charge of more than four ounces, (d) missile having an explosive or incendiary charge of more than one-quarter ounce, (e) mine, or (f) device similar to any of the devices described in the preceding clauses;
2. any type of weapon by whatever name known which will, or which may be readily converted to expel a projectile by the action of an explosive or other propellant, and which has any barrel with a bore of more than one-half inch in diameter (a shotgun or a shotgun shell which is generally recognized as particularly suitable for sporting purposes is not a destructive device within the meaning of this definition since a shotgun is a firearm as define above);
and
3. any combination of parts either designed or intended for use in converting any device into any destructive device described in paragraph 1. or 2. and from which a destructive device may be readily assembled.

It is not a defense to a charge of bringing a weapon to school or possessing, handling, transmitting or using a weapon at school, on school grounds, or at a school function off school grounds that the student did not intend to hurt anyone or that the weapon did not belong to them.
