

IMPORTANT NOTES/TRAINING FOR WEB-BASED MAP

- All teachers with students assigned to them have been uploaded into the NWEA MAP testing system. Login is at <http://www.nwea.org/> under web-based MAP. Your individual login is always your email name@npsne.org and if you do not know or remember your password-select 'forgot password.' There is not a place where passwords are stored and retrieved.

VIDEO Webinars - [NWEA Set Up](#)

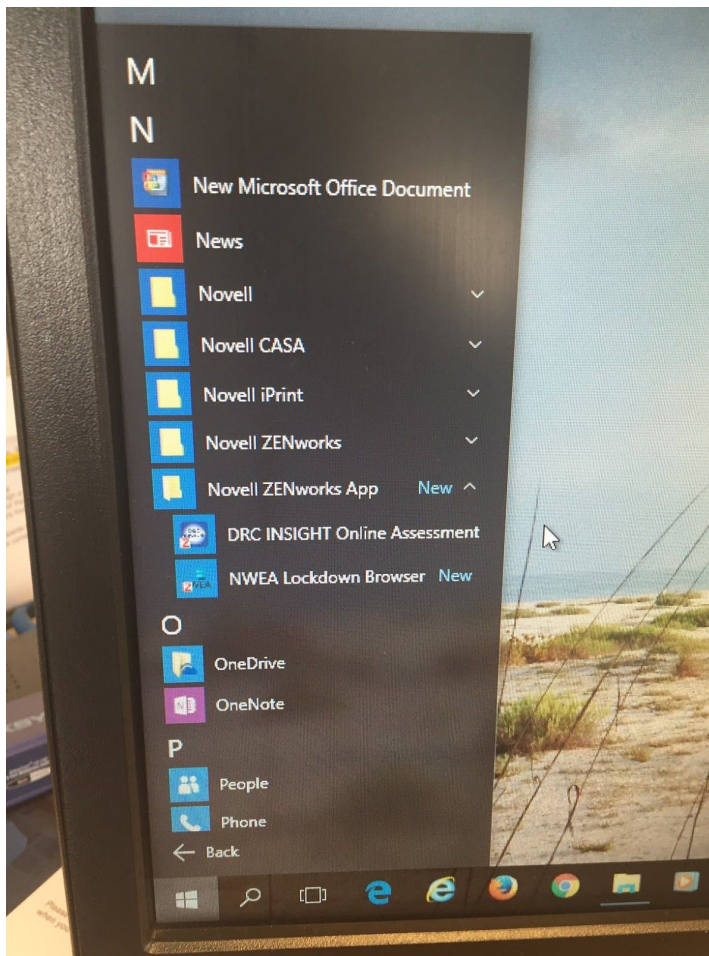

Testing Tools: **THIS IS WHAT IT LOOKS LIKE FOR STUDENTS TO ACCESS A LOCKDOWN BROWSER at NPS for MAP and NeSA.**

Creating test sessions occurs through the website and login.

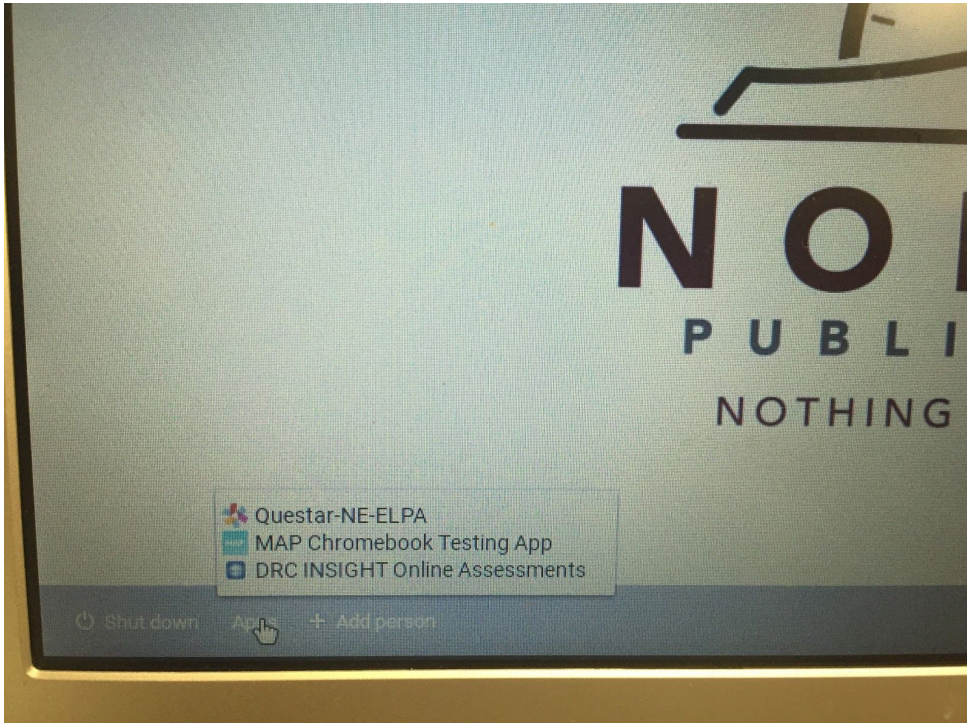

Desktops are most secure with minimal error opportunities because they are hard wired to internet.

Laptops are more secure with modest error opportunities because they are wireless connecting to internet.

Finding the Lockdown browser appears like this on desktops and laptops- select **windows icon, select apps, scroll to find Novell ZENworks App, choose NWEA lockdown.**

If using [Chromebooks](#), you select the secure lockdown browser through Apps icon

iPad Minis-don't work with Web-Based Map

iPad Regular-must be individually manipulated before testing and will NOT be used at this time at NPS.

Macbooks-not using.

- **Website address for logging in for setting up tests, acquiring reports & watching training-**
 - <http://nwea.org>
 - hover over logins>a top menu appears>click on **MAP Login** under **WEB-BASED MAP**
 - User Name should always be email address for unique identification
 - Password-given in email and user will change at first login, must remember or use forgot password prompt.

The following section is for training on MAP-all proctors and principals-watch and learn.

MAP Essentials Online Training

- Short tutorials to get you started-
