

TARGET-BASED GRADING UPDATE 2020-21

Due to pandemic restrictions, we have not been able to complete curriculum steps with teachers to implement the formerly scheduled target-based grading timeline for 2021-2022. Here is a revised schedule. Target-based grading will be added to 2nd and 3rd grade writing and 8th grade Strength and Conditioning. These have been highlighted in yellow and have the curriculum components necessary for implementation. This work was completed before the heavy onset of Covid during Fall 2020. The remaining courses have been postponed by one year. Updates will be posted annually.
