- [Update from Dr. Thompson \(9.15.2020\) Actualización de Dr. Thompson](#)
- Effective 9/14/2020, the NPS Board of Education returned the COVID-19 Return to School Plan back to the original committee that developed it for further review. They also temporarily suspended the orange level guidelines until they receive updated recommendations from that committee. NPS's current yellow level guidelines will not move to Hybrid Learning until that committee submits new recommendations for board consideration -- even if the ELVPHD

Covid Risk Dial moves to the orange zone. A partir del 14/9/2020, la Junta de Educación de NPS devolvió el Plan de Regreso a la Escuela COVID-19 al comité original que lo desarrolló para su revisión adicional. También suspendieron temporalmente las pautas del nivel naranja hasta que reciban recomendaciones actualizadas de ese comité. Las pautas actuales del nivel amarillo de NPS no se trasladarán al aprendizaje híbrido hasta que el comité presente nuevas recomendaciones para su consideración por parte de la junta, incluso si el marcador de riesgo Covid de ELVPHD se mueve a la zona naranja.
