Assessments used in the Comprehensive Needs Assessment (ie. NSCAS, MAP, ITBS, AIMS web, DIBELS, CAT etc.)		
MAP Growth (K-4th)	MAP Fluency (K-4th)	
NSCAS (3rd-4th)		

Please write a narrative in each box below to correspond to the Rating Rubric.

Place documentation in corresponding folder on flash drive to support the narrative.

1. Comprehensive Needs Assessment

1.1

Please provide a narrative below describing how data was used from a comprehensive needs assessment of the entire school to identify the needs of all children, particularly those who are failing, or are at-risk of failing to meet State academic standards, and how this analysis was used to plan curriculum, instruction and assessment decisions.

Our work as a Professional Learning Community team is our systemic approach to:

- 1. identify what our students know and are able to do in order to inform our instruction
- 2. help us use data based decision making and make assessment decisions
- 3. problem solve when our students need intervention or enrichment

We use the PLC process to enhance the instructional and assessment opportunities for our students and further focus on needs identified through our Self Review Rating Rubric. When working in our building PLCs, we work with our grade level teaching partners and MTSS team approximately every six weeks to analyze and discuss all children, and especially students identified as "at-risk" of failing to meet state academic standards using our Multi-tiered Systems of Support (MTSS) framework, following the decision rules identified by our district. This process focuses on effective core whole group and small group instruction with our Wonders Reading and Envisions Math program and research based interventions for students needing supplemental and intensive support.

Through our data-based decision-making process using a combination of universal screeners, such as MAP Fluency and MAP Growth, and diagnostic, progress monitoring and common formative assessment measures, at-risk students may be recommended to our Student Assistance Team (SAT) if adequate progress has not been made. The team meets upon such student referral to discuss strategies and plan for further instruction, intervention, or possible special education referral as part of the progression through the MTSS framework.

DIBS (Delivering Infinite Book Shelves) At home reading: Students are sent home with books daily for extra reading practice using this powerful, in-home reading experience program that makes daily reading accessible and exciting for students. (1st, 2nd, 3rd and 4th grades have been funded through this 501 Nonprofit program and Norfolk Rotary Club, while Kindergarten is sending home other daily literacy work until funding is in place).

Evidence:

- 1.) MTSS decision rules
- 2.) SAT form
- 3.) PLC Data Meetings
- 4.)DIBS program
- 1.2 Please provide a narrative below describing how information from parents and community was gathered to identify the needs of the school. Provide supporting documentation in the corresponding folder.

Survey 1. Open House Survey: A brief, anonymous digital survey, using Google Forms, was completed by parents at the beginning of the year to better understand the experiences of parents when they are in the school building and/or classroom, and to examine the parent-home communication. The survey was available in Spanish. The survey was then analyzed and information from the survey about the needs of the school were discussed with staff and shared on Grant's school website. Results indicated families felt welcome in our school and classrooms with many families receiving adequate communication through parent teacher conferences, email, phone calls and report cards.

Survey 2. Perceptual Survey: An anonymous online survey was given to parents/guardians, staff and 3rd and 4th grade students in the winter to gather information about the school environment. Responses from students, staff and parents/guardians were gathered, analyzed and discussed at several staff meetings.

Evidence:

- 1.) Grant Parent Survey (8-10-24)
- 2.) Perceptual Survey (2023-2024 parent, student, staff responses)
- 1.3 Please provide a narrative below describing the on-going improvement efforts, which should support the Continuous School Improvement Plan. Provide supporting documentation in the corresponding folder.

Grant Elementary's on-going improvement efforts to support our continuous school improvement plan include our collaboration in the PLC process and MTSS framework (see 1.1 for a review of our PLC process and MTSS framework). Within this framework, our core instruction aims to meet 80% of our student needs with students in need of Tier 2 support receiving intervention within the classroom or by title reading specialists. Students in need of Tier 3, more intensive support, are served by the title reading specialists, ELL teacher, and/or special education teacher and receive targeted intervention aligned to their specific need using evidence based programs or practices. Paraprofessionals are also used to provide support in the classrooms. These improvement efforts are further supported through our building SMART goal of increasing K-4 awareness and understanding of number sense. Each grade level, Title, ELL and SPED teacher completed goals regarding this plan as documented with measured results based on MAP Data.

Evidence:

- 1.) Grant SMART Goal
- 2.) PLC meeting example
- 3.) MTSS decision rules

2. Schoolwide reform strategies

Please provide a narrative below describing the additional assistance provided for students at risk of not meeting the challenging state academic standards. Provide supporting documentation in the corresponding folder.

The PLC process is the foundation for our MTSS framework through which we work to meet the needs of all of our students in our school. We meet at both the building level and the district level. By attempting to answer the four questions of the PLC, we discuss and use data to inform our core instruction as well as aid our decisions when placing students in supplemental (Tier 2) and intensive (Tier 3) intervention according to our MTSS decision rules. Students then receive support from ELL, Title Reading, Special Education and paraprofessionals when identified furthest from proficient. Classroom teachers also provide additional support to students not performing at grade level within the classroom during scheduled intervention blocks. Through this process we aim to discuss students every six weeks to determine if students are making progress, if we should continue an intervention, change an intervention or can discontinue an intervention after progress has been made.

In the past, Meet and Mentor Groups involving student groups ranging from K-4th grade, have been used to provide a sense of school community and collaboration across grade levels, but current "Paws" mentoring with "at-risk" students to check in and check out is in place. Midtown Health provides in-school mental health counseling to students on an as needed basis and upon recommendation by teacher and school with parental consent. Community support includes weekly volunteer classroom helpers from a partnership with First United Methodist Church. Other community organizations provide support for our students including Professional Partners in Education and the Ponca Tribe for our Native American students, as well as "Panther Partners" with high school age students befriend chosen K-4 students in need of a weekly mentor, and spend time communicating through play and activities at Grant and finally, After school Tutoring and summer school opportunities for Grant students are available to help students succeed academically and socially.

Evidence:

1.) Title 1, SPED, ELL schedule: Master Schedule

- 2.) MTSS decision rules and Intervention flow chart
- 3.) PLC meeting example
- 4.) MTSS meeting agenda language
- 5.) Professional Partners
- 6.) Panther Partners
- 7.) Paws mentoring
- 8.) After school Tutoring and Summer School

3. High quality and ongoing professional development

Please provide a narrative below describing the professional development and other activities provided to improve instructional effectiveness and use of academic data to guide instruction. Provide supporting documentation in the corresponding folder.

Job-embedded professional development through Professional Learning Communities (PLCs) is the primary form of ongoing professional learning provided to improve instructional effectiveness at Grant Elementary and within the district. Teachers participate weekly in either building or district level meetings, collaborating to implement strategies to help our students be successful and analyzing student data as part of our data-based decision making and problem solving process within our MTSS framework. Paraprofessionals at Grant Elementary also participate in monthly PLCs with our principal to receive training, and learn best practices and strategies to support teachers and students in the classroom.

In addition to PLCs, our ELL, Title Reading, Special Education, 1st, 2nd and Kindergarten teachers completed training in LETRS while additional Title Reading are being trained to improve our reading instructional practices in LETRS 2. Additionally, our ELL, Title Reading and Special Education teachers were trained in Corrective Reading and Early Interventions in Reading, as well as UFLI explicit and systematic phonics program as well as i-Ready mathematics training all to add to our toolbox of interventions for students needing supplemental and/or intensive support. Our district has instructional coaches available to provide support to our teachers in instruction and data analysis. We continue to learn more about MTSS through district led professional development and are beginning district training in our new online data management system, Educlimber, this year as well to add to our MTSS framework, as well as PLC training in Minnesota over the summer for several Grant staff members.

Evidence:

- 1.) PLC schedule
- 2.) District PD schedule
- 3.) List of Additional Professional development documentation for intervention training

4. Strategies to increase parent and family engagement

4.1 Please provide a narrative below describing how the School-Parent Compact was jointly developed and how it is distributed. Provide supporting documentation in the corresponding folder.

During fall parent teacher conferences, at Grant Elementary, parents, teachers and students agree to and sign the responsibilities in the District written School-Parent Compact. Parents are encouraged to jointly develop this compact during the annual Title 1 meeting. If changes or suggestions are made by parents, the District office is notified. This document encourages parents, students and teachers to work together to benefit students by providing role clarity and expectations for all. The compact is photo copied and each family is given the original.

while the school keeps the copy. This copy can be used with staff, students and parents as a reminder to our duties and responsibilities in education. Grant has almost 100% of parents sign this compact, with nearly 100% participation in parent teacher conferences as well.

Evidence:

1.) School-Parent Compact: English 2.) School-Parent Compact: Spanish

4.2 Please provide a narrative below describing how parents were involved in developing the Title I Parent and Family Engagement Policy or Procedure. Provide supporting documentation in the corresponding folder.

Parents are considered partners in the educational success of their children through participation and communication. We send specific and personal invites to our families in order to encourage participation at our annual meeting and family engagement events. Typically we ask our parents to be part of developing our Title 1 Parent and Family Engagement Policy at our annual meeting. Holding a family night, Grant parents rotate to our session and we are able to meet with over 100 parents on those evenings. We discussed our participation in Title 1 and the rights and requirements of parents along with information for reading at home with children. At this time, we asked for any suggestions for improvements to the document. We will continue to discuss the components of the document at our annual meetings each year. If changes are offered at our meeting or events, we will share suggestions with our Central Office to consider.

Evidence:

- 1.) Family Engagement Policy document
- 2.) Annual Title 1 Parent Meeting: documentation
- 4.3 Please provide a narrative below describing how and when the annual Title I parent meeting is/was held informing parents of the school's participation in Title I. Provide supporting documentation in the corresponding folder.

Title 1 Parent Meeting: Parents are part of reviewing and updating our Title 1 Parent and Family Engagement Policy during our annual parent meeting. Parents are informed of Grant's participation in Title 1, and requirements and rights of parents to be involved are covered. If changes are offered at our meeting, we share suggestions with our Central Office to consider for the District's Title 1 policy document. Since we only had one parent in attendance at our meeting, we also shared the information on our website as well as in our school newsletter.

In addition to the parent meeting, our school provides opportunities for parent/family participation and to encourage educational success in the following ways:

- **1.) Open House/Meet the Teacher Night:** Parents and students come at the beginning of the year to meet their teacher, see their classrooms and hear about the upcoming year.
- 2.) **Prime Time Reading Night**: Parents are offered dinner and the Prime Time staff then read stories modeling fluency and comprehension. Each night also includes a variety of activities to build relationships between families, students, and school staff.
- 3.) **One Book One School:** For approximately one month, the whole school community reads the same book at home. Families are provided a copy of the book to read with their parents and create a shared reading experience throughout the school.
- 4.) **Grant Read Across America Night/Title 1 Info:** Family literacy activities are planned at the school. Parents are informed of Grant's participation in Title 1, and requirements and rights of parents to be involved are covered in a literacy station where parents learn strategies for reading with their child at home as well.
- 5.) Parent Teacher Conferences
- 6.) **PTO**: The parent-teacher organization meets monthly to brainstorm ideas to support the students at Grant
- 7.) Parent-teacher & Parent-school communication: Communication is encouraged through SeeSaw, Remind, e-mail, Twitter, Facebook, our school and teacher websites, written planners and phone calls on a daily/weekly basis.

Families sign in to all events to document participation. Grant provides a variety of opportunities for parents to be involved in the education of their children. Parent reading and writing strategies are provided in English and Spanish at these Grant events.

Grant Open House (8-8-24)

Prime Time (9-3-24, 9-10-24, 9-17-24, 9-24-24, 10-1-24, 10-8-24)

Parent Teacher Conferences (10-14-24, 10-15-24, 10-17-24 and 2-10-25, 2-11-25, 2-13-25)

Family Game Night (Nov. 2024)

Grant Winter Vocal Concert (Dec. 2024)

One Book Grant School (Jan. 2025 through Feb.2025)

Grant Family Reading Night (Feb.27, 2025)

Evidence:

- 1.) Family Engagement Policy document
- 2.) Annual Title 1 Parent Meeting document
- 3.) Parent Teacher conferences
- 4.) Sign in sheet from Family Night and Parent meeting
- 5.) Prime Time

5. Transition Plan

Please provide a narrative below describing the school's transition plan for incoming students to support, coordinate and integrate services from their previous program or school (i.e. Headstart and/or other Early Childhood Program to Elementary, Elementary to Intermediate, Intermediate to Middle School, Middle School to High School).

Grant Elementary has a transition plan for incoming students to include the following:

- 1.) **Observations:** Grant kindergarten teachers observe and interact with incoming students at our district preschool and the local Head Start.
- 2.) Kindergarten Round-up: Our kindergarten and preschool teachers gather in April each year to provide parents with information to support their students as they transition into elementary school. Teachers address kindergarten expectations and answer questions concerning individual readiness for school. Invitations are sent to families and information is also provided on the district, school, and teacher websites. We offer a survey concerning kindergarten round-up to parents following the meeting. Our hope is to make the transition to kindergarten as effective and smooth as possible.
- 3.) **Welcome Information Packet & Tour**: New students receive tours of the building and Grant information packets to help answer questions or concerns. For students and families in need of English Learning support, a Spanish-speaking paraprofessional is available on staff.
- 4.) **Open House/Meet the Teacher Night:** Parents and students come at the beginning of the year to meet their teacher, see their classrooms and hear about the upcoming year.

Grant's teachers and staff, administration, counselor, and a Spanish-speaking paraprofessional all work together with students at Grant in order to best support their needs for a smooth transition into the school.

Evidence:

- 1.) Kindergarten Round Up
- 2.) Welcome Packet
- 3.) Grant Open House
- Please provide a narrative below describing the school's transition plan for outgoing students as they move onto their next school / program / career. (i.e. Elementary to Intermediate, Intermediate to Middle School, Middle School to High School, High School to Post Secondary Schooling or Career).

Grant Elementary has a transition plan for outgoing students to include the following:

1.) "Grade Up at Grant": In the past, K-3 students transition to the next grade's classroom while the 4th grade students meet with the middle school staff to ask questions or share concerns. The 4th grade

teachers also collaborate with the middle school staff and make a transition plan for success in 5th Grade, such as friendship pairings, behavioral and academic needs, and strategies that help ensure student success.

- 2.) **Departmentalization:** Students at Grant also have 4th grade science and social studies departmentalized to increase student exposure to multiple staff members and transitions with expectations similar at the Middle School.
- 3.) Career Readiness: The Grant guidance curriculum exposes students to a variety of career awareness and strategies for successful friendships and strong citizenship traits that are helpful long after they leave Grant. The Grant counselor was formerly at the middle school and has special insight and understanding that helps our students be successful in their transition to 5th grade, such as utilizing the Academic Achievement Center, answering questions about clubs and opportunities, scheduling, lockers, responsibilities and other student concerns.
- 4.) **Middle school Registration & Open House:** Grant students are invited to a registration night at the middle school with their families in the spring and an Open House in the fall. They view the schedules, locate classrooms and meet middle school staff and administration.
- 5.) **Special Education Tour:** The Grant special education teacher arranges an extra tour of the middle school with students that require more exposure to the new building and staff in order to ease anxiety and increase preparedness and success. (May, 2025)

Grant's teachers and staff, administration, counselor, and a Spanish-speaking paraprofessional all work together with students at Grant in order to best support their needs for a smooth transition to the next year's school year.

Evidence:

1.) Middle School Open House Calendar

6. Strategies to address areas of need

6.1 Please provide a narrative below describing how the Schoolwide Plan increases the amount and quality of learning time within or beyond the instructional day.

Extended learning is offered to the students and families of Grant Elementary during the school day as well as after school hours through the following:

- 1.) **Intervention time:** Each teacher has a 30-minute intervention block in which classroom teachers, ELL teachers, title teachers, special education teachers, and paraprofessionals work together to provide support to students which is in addition to whole group instruction and small group instruction.
- 2.) Achievement Center: Grant offers an after school program is held on Monday, Tuesday and Thursday for at risk students in reading and/or math. Students are invited by teachers to participate in this program. (Sept 2024-May 2025)
- 3.) **Prime Time Reading Night:** Grant offers Prime Time Reading during the fall semester for six nights/weeks. Staff involved with this program include the Title reading teacher, the ELL teacher, the school counselor, the school principal, and a classroom teacher. Parents are offered dinner and the Prime Time staff then read stories modeling fluency and comprehension. Character themes for each of the books are discussed. Each night also includes a variety of activities to build relationships between families, students, and school staff. (Sept-Oct 2024)
- 4.) **Summer school:** Offered to students entering 1st-4th grades in order to sustain reading and math skills: June, 2025; 8:00-11:30 a.m.
- 5.) **Websites**: Teacher, school, district, and program websites are available for student use outside of the school day. Students are able to visit teacher websites to practice math facts, district sight words, and can also find links to different apps to support their learning. Such program websites like LEXIA CORE5 for reading intervention practice, i-ready for math intervention and IXL for reading and math, are encouraged within the school day during intervention time as well as at home.
- 6.) DIBS (Delivering Infinite Book Shelves) At home reading: Students are sent home with books daily for extra reading practice using this powerful, in home reading experience program that makes daily reading accessible and exciting for students. (1st, 2nd, 3rd grades have been funded through this 501 Nonprofit program and Norfolk Rotary Club, while K and 4th grades are sending home other daily literacy work until funding is in place).

Evidence:

- Intervention block (schedule)
 Achievement Center
 Prime time

- 4.) Summer school
- 5.) DIBS program
