Greetings,

We are grateful our Panther teams completed the fall activities season with minimal disruptions. We are looking forward to starting winter contests and events this week. The primary mission is to create safe events to allow NPS to continue in-person learning. The goal is to provide the best experience possible under the circumstances.

The winter season will be choppy, confusing, and frustrating. Decisions are focused on the well-being of our students, teachers, coaches, visitors, staff, and community. Schools will have different protocols which may appear unfair. Please honor guidelines and be respectful.
